DEDICATION

Anthony "Tony" L. Randall

We take this opportunity to pay tribute to Anthony L. Randall, known to most as "Tony". As Tony completes his fourth year as Police Chief for the Town of Ashland, we dedicate this 2012 Annual Town Report to him.

As a life-long resident of Ashland, Tony has worn many hats. From his days as a star athlete at Ashland High School, his membership on the Board of Selectmen, his service on the Planning Board, to his current role as Chief of Police, one characteristic remains consistent – Tony's dedication to the Town of Ashland.

Tony meets every goal that he sets for himself. After high school, he attended college and became a licensed surveyor. He took this accomplishment and continued on to create a successful business. When the town decided to elect its Chief of Police in 2009, Tony accepted this challenge as well. He ran, he won, and he graduated with the 150th Class of NH Police Academy.

Chief Randall has shown great presence within the community that he calls home. His contributions and leadership within the Ashland Police Department have been outstanding.

The residents of Ashland look forward to a very long association with Tony in whatever role he chooses.

Ashland Town Report 2012

WE REMEMBER......

I'd like the memory of me
to be a happy one,
I'd like to leave an afterglow
of smiles when life is done,
I'd like to leave an echo
whispering softly down the ways,
of happy times and laughing
times and bright and sunny days.

I'd like the tears of those who grieve, to dry before the sun of happy memories that I leave when life is done.

TOWN OF ASHLAND, NH February 4, 2012

Moderator Philip Preston declared the First Session of the Town Meeting to order at the posted time of 1:00 PM.

Town of Ashland annual report dedication was presented to former employee Mark W. Ober.

Introduction of head table - Selectman Jeanette I. Stewart; Selectman Glenn Dion, Town Administrator Paul Branscombe, Attorney Paul Fitzgerald, Town Clerk Patricia Tucker, Budget Committee Members Stephen Felton, David Ruell, Frances Newton, Sandra Coleman, Miriam Brown, Ingrid Heidenreich.

ARTICLE 1 - ELECTION OF OFFICERS

To choose all of the following officers for the year ensuing:

Member Board of Selectmen - 3 year term
Member Board of Selectmen - 1 year term
Town Moderator - 2 year term
Town Clerk/Tax Collector -3 year term
Town Trustee of the Trust Funds - 3 year term
Library Trustee - 3 year term
Supervisor of the Checklist - 6 year term
Electric Commissioner - 3 year term
Water and Sewer Commissioner - 3 year term
Budget Committee - 3 year term [three positions]

Moderator Preston declared that this article was the election of officers that would appear on the ballot.

<u>ARTICLE 2 - ZONING ORDINANCE AMENDMENTS</u>

To see how the Town will vote by official ballot on the proposed amendments as recommended by the Planning Board, to the Ashland Zoning Ordinance as follows

Question 1. Are you in favor of changing the title of Section 5 of the Ashland Zoning Ordinance to read "Non Conforming Uses and Lots"?

Question 2. Are you in favor of adding to Section 5, a section to be numbered 5.5 to read "A lot of record created prior to zoning will be exempt from the lot sizing and road frontage requirements of the Ashland Zoning Ordinance?

Moderator stated that this article will be on the Zoning Ballot. No discussion.

ARTICLE 3 - OPERATING BUDGET

Shall the Town of Ashland raise and appropriate as an operating budget not including appropriations by special warrant articles and other appropriations voted separately, the amount set forth on the budget posted with the warrant or as amended by vote of the first session, for the purposes set forth therein, totaling \$6,207,648. Should this article be defeated, the operating budget shall be \$6,770,684 which is the same as last year, with certain adjustments required by previous action of the Town of Ashland or by law; or the governing body may hold one special meeting, in accordance with RSA 40:13 X and XVI to take up the issue of a revised operating budget only.

Moderator Preston read the article as written; no comments; declared that the article would appear on the ballot as written in the warrant.

The following motion came after suspension of discussion on Article 25.

Motion to add \$23,777 to the operating budget; seconded - withdrawn; (1) Motion to amend Article 3 operating budget to be \$6,231,425 -Robin Fisk; second - Linda Pack; discussion on the motion; voice vote was not definitive; hand count Yes 24, No 27; amendment was defeated; Moderator declared that the article would appear on the ballot as written.

ARTICLE 4 SEIU Local 1984 (Collective Bargaining Agreement) [Tax impact \$.003]

Shall the voters of the Town of Ashland vote to approve the cost items included in the three year collective bargaining agreement reached between the Town of Ashland and the SEIU Local 1984 which calls for the following increases in salaries, and further to raise and appropriate the sum of \$3702 [\$2813 of which shall come from utility rates not general taxation] for the 2012 fiscal year, such sum representing the additional cost items attributable to the increase in salaries and benefits over those paid, at current staffing levels? The agreement calls for the following increases in salaries and benefits:

Fiscal Year	Town Estimated Cost	Utilities Estimated Cost
FY 2012	\$ 889	\$ 2,813
FY 2013	\$10,105	\$11,310
FY 2014	\$ 6,835	\$ 6,904

Board of Selectmen recommends this article with a vote of 2-0 Budget Committee recommends this article 8-0-1

Moderator Preston read the article as written; Selectman Stewart explained the changes to the bargaining agreement; this was discussed and declared by the moderator that the article will appear on the ballot as written.

ARTICLE 5 (Authorization for Special Meeting on Cost Items)

Shall the voters of the Town of Ashland, if Article 4 (SEIU Local 1984 Bargaining Agreement) is defeated, authorize the Selectmen to call one special meeting, at its option, to address Article 4 cost items only?

Moderator Preston read the article as written in the warrant correcting the article number; the article was discussed.

Sandra Coleman moved to go back to Article 4; seconded; voice vote was not decisive; show of hands 26 yes; 37 no; motion was declared defeated.

Moderator Preston declared that the article will appear on the ballot as written.

ARTICLE 6 - PUBLIC WORKS DEPARTMENT LOADER LEASE [Tax Impact 10.8 cents]

To see if the town will vote to authorize the selectmen to enter into a five year lease agreement for \$142,100 for the purpose of leasing a four wheel drive loader for the Public Works Department, and to raise and appropriate the sum of \$28,420 for the first year payment for that purpose. This lease agreement contains an escape clause. (Majority vote required)

Board of Selectmen recommends this article with a vote of 3-0 Budget Committee recommends this article with a vote of 5-4

Moderator Preston read the article as written in the warrant; discussion; Moderator Preston declared that the article would appear on the ballot as written.

ARTICLE 7 - FIRE DEPARTMENT ROOF [Tax Impact 10.2 cents]

To see if the Town will vote to raise and appropriate the sum of Twenty Seven Thousand Dollars (\$27,000) for the replacement of the Fire Department roof.

Board of Selectmen recommends this article with a vote of 3-0 Budget Committee recommends this article with a vote of 9-0

Moderator Preston read the article as written in the warrant; motion to amend the article to read <u>"To see if the town will vote to raise and appropriate the sum of Fifty Thousand Dollars (\$50,000) for the replacement or repair of the fire department roof"</u> - Glenn Dion; seconded by Selectmen Stewart. Discussion; voice vote was in the affirmative with no dissent; Moderator Preston declared that the article would appear on the ballot as amended.

ARTICLE 8 - ESTABLISH ROAD IMPROVEMENT CRF [Tax Impact 47.3 cents]

To see if the Town will vote to establish a Road Improvements Capital Reserve Fund under the provisions of RSA 35:1 and to raise and appropriate the sum of One Hundred Twenty Five Thousand Dollars (\$125, 000) to be placed in this fund and to appoint the Board of Selectmen as agents to expend.

Board of Selectmen recommends this article with a vote of 3-0 Budget Committee recommends this article with a vote of 9-0

Moderator Preston read the article as written in the warrant; discussion; declared that the article would appear on the ballot as written.

ARTICLE 9 - POLICE DEPARTMENT COMMUNICATION RADIOS [Tax Impact 3.8 cents]

To see if the Town will vote to raise and appropriate the sum of Ten Thousand One Hundred Dollars (\$10,100) to replace five hand held communication radios for the Ashland Police Department.

Board of Selectmen recommends this article with a vote of 3-0 Budget Committee recommends this article with a vote of 7-2

Moderator Preston read the article as written in the warrant; discussion; Chief Randall explained the need for the radios; Moderator Preston declared that the article would appear on the ballot as written.

ARTICLE 10 - ESTABLISH FIRE DEPARTMENT EQUIPMENT CRF [Tax Impact 3.0 cents]

To see if the Town will vote to establish a Fire Department Equipment Capital Reserve Fund under the provisions of RSA 35:1 and to raise and appropriate the sum of Eight Thousand Dollars (\$8000) to be placed into this fund and to appoint the Board of Selectmen as agents to expend.

Board of Selectmen recommends this article with a vote of 2-1 Budget Committee recommends this article with a vote of 9-0

Moderator Preston read the article as written in the warrant; discussion; Chief Heath explained the need for the article; Moderator Preston declared that the article would appear on the ballot as written.

ARTICLE 11 - MASTER PLAN [Tax Impact 3.8 cents]

To see if the Town will vote to raise and appropriate the sum of Ten Thousand Dollars (\$10,000) for the purpose of continuing the process of updating the Town of Ashland Master Plan. (Majority vote required)

Board of Selectmen recommends this article with a vote of 3-0 Budget Committee recommends this article with a vote of 8-1

Moderator Preston read the article as written in the warrant; no discussion; Moderator Preston declared that the article would appear on the ballot as written.

ARTICLE 12 - TRANSFER/RECYCLING CENTER TRACTOR LEASE [Tax Impact 5.7 cents]

To see if the Town will vote to authorize the selectmen to enter into a four year lease agreement for \$55,200 for the purpose of leasing a four wheel drive tractor for the transfer/recycling center and to raise and appropriate a sum not to exceed of \$15,000 for the first year's payment for that purpose. This lease includes an escape clause. (Majority vote required)

Board of Selectmen recommends this article with a vote of 3-0 Budget Committee does not recommend this article with a vote of 7-2

Moderator Preston read the article as written in the warrant; PW Director Paquette explained the need for the replacement of this piece of equipment; Moderator Preston declared that the article would appear on the ballot as written.

ARTICLE 13 - TOWN CLOCK [Tax Impact 0.6 cents]

To see if the Town will vote to raise and appropriate the sum of Fifteen Hundred Dollars (\$1500) to be deposited into the Town Clock Non Capital Reserve Fund established in 2011 for maintenance of the town owned clock.

Board of Selectmen recommends this article with a vote of 3-0 Budget Committee recommends this article with a vote of 7-2

Moderator Preston read the article as written in the warrant; no discussion; Moderator Preston declared that the article would appear on the ballot as written.

ARTICLE 14 - PETITIONED ARTICLE - Establish Ashland CIP Committee

To see if the town will vote to authorize the Board of Selectmen, as provided by RSA 674:5, (1) to remove the Planning Board's responsibility for the town capital improvement program and (2) to establish, appoint and implement a Capital Improvement Program Committee, whose purpose shall be to prepare and amend a recommended program of municipal capital improvement projects projected over a period of at least 6 years, to aid the Selectmen and the Budget Committee in the completion of the annual budget. Membership of such committee shall include at least one member of the Planning Board and may include but not be limited to other members of the Planning Board, the Budget Committee, the Board of Selectmen, the Town Trustees and other townspeople.

Moderator read the article as written in the warrant; discussion; Moderator Preston declared that the article would appear on the ballot as written.

ARTICLE 15 - TRANSFER OF PUBLIC PROPERTY

To see if the Town will authorize the Board of Selectmen to transfer to Edmund and Terry White a portion of town owned property located on River Street abutting property now owned by Edmund and Terry White on such terms and conditions as the Selectmen deem appropriate.

Moderator Preston read the article as written in the warrant; Anthony Randall explained that the transfer of property would provide the White's the property that they are currently utilizing; no discussion; Moderator Preston declared that the article would appear on the ballot as written.

ARTICLE 16 - CEMETERY TRUSTEES

Shall we delegate the duties and responsibilities of the cemetery trustees to the board of selectmen?

Moderator Preston read the article as written in the warrant; explanation that town is required by law to have Cemetery Trustees; discussion; Moderator Preston declared that the article would appear on the ballot as written.

ARTICLE 17 - PETITIONED ARTICLE - CADY

To see if the Town will vote to raise and appropriate the sum of One Thousand Dollars (\$1,000) for CADY (Communities for Alcohol-and Drug-free Youth, a non-profit organization) for the purpose of supporting the only local court diversion program to reduce juvenile delinquency by increasing offender accountability, ensuring restitution to victims, and potentially saving the town many thousands of dollars in placement costs at juvenile detention facilities.

Board of Selectmen recommends this article with a vote of 3-0 Budget Committee recommends this article with a vote of 7-2

Moderator Preston read the article as written in the warrant; discussion; Moderator Preston declared that the article would appear on the ballot as written.

ARTICLE 18 - PETITIONED ARTICLE - Pemi-Baker Community Health

To see if the Town will vote to raise and appropriate the sum of Nine Thousand Three Hundred Forty-Two Dollars (\$9,342) for the Pemi-Baker Community Health (a non-profit organization and Ashland's home health and hospice agency), for the purpose of providing uninsured and under-insured residents of the Town with quality home health care. This sum amounts to Four Dollars and Fifty Cents (\$4.50) per resident based upon recent census data, and it represents a small fraction of the cost of providing these services to our residents in their home.

Board of Selectmen recommends this article with a vote of 3-0 Budget Committee recommends this article with a vote of 7-2

Moderator Preston read the article as written in the warrant; discussion; Moderator Preston declared that the article would appear on the ballot as written.

ARTICLE 19 - PETITIONED ARTICLE - Bandstand

To see if the Town will raise and appropriate the sum of \$5000 to have the Bandstand currently located in the ROW on the L. W. Packard ball field relocated to another location where it can get better usage.

Board of Selectmen does not recommend this article with a vote of 2-1

Budget Committee recommends this article with a vote of 6-3

Moderator Preston read the article as written in the warrant. (1) Motion to add the words "vote to" between will and raise - Stewart; second - Dion; voice vote in the affirmative; (2) Motion to change the sum of \$5000 to \$2500 - Robert Hicks; second - Ann Reever; voice vote in the affirmative; discussion on the article as amended; (3) Motion to add the following to the article - These funds are to encumbered until such time as the location is established and approved by the Board of Selectmen - Lee Nichols; seconded - Steve Felton; discussion on the article as amended to read "To see if the Town will vote to raise and appropriate the sum of \$2500 to have the Bandstand currently located in the ROW on the L.W. Packard ball field relocated to another location where it can get better usage. These funds are to be encumbered until such time as the location is established and approved by the Board of Selectmen. Voice vote was in the affirmative.

Motion to close discussion - Robin Fisk; seconded; voice vote in the affirmative; Moderator Preston declared that the article will appear on the ballot as amended.

ARTICLE 20 - PETITIONED ARTICLE - Grafton County Senior Citizens Council Inc.

Grafton County Senior Citizens Council Inc. requests that \$6,000 be raised and appropriated for Grafton Senior Citizens Council Inc. for services for Ashland residents in 2012. These services include congregate meals, home delivered meals, transportation, outreach support, ServiceLink support, and more. In 2011 Grafton County Senior Citizens Council Inc. provided services for 202 Ashland residents, and the cost of providing these services was \$100,867.60.

<u>Board of Selectmen recommends this article with a vote of 3-0</u> Budget Committee recommends this article with a vote of 7-2 Moderator Preston entertained a motion to amend the article as written in the warrant to read - "To see if the town will vote to raise and appropriate \$6000 for Grafton County Senior Citizens Council Inc. for services for Ashland residents in 2012. These services include congregate meals, home delivered meals, transportation, outreach support, ServiceLink support, and more. In 2011 Grafton County Senior Citizens Council Inc. provided services for 202 Ashland residents, and the cost of providing these services was \$100,867.60. - moved by Richard Ogden; seconded by Ellison Badger; voice vote on the amendment in the affirmative with dissent; discussed; Moderator Preston declared that the article would appear on the ballot as amended.

ARTICLE 21 - PETITIONED ARTICLE - Genesis

The Town of Ashland will raise and appropriate funds totaling \$2,239 to Genesis Behavioral Health for the delivery of Emergency Mental Health Services. These services include access to Master's level clinicians and psychiatrists by individuals, police, fire, schools, hospitals and others 24 hours per day, 7 days per week. Services are provided to anyone in need, regardless of their ability to pay. Genesis Behavioral Health is the community mental health center serving Belknap and southern Grafton counties. We served 3,270 children, families, adults and elders in fiscal year 2011; 85 of whom were Ashland residents. Genesis Behavioral Health provided emergency services to 11 Ashland residents in fiscal year 2011. We provided \$12,291 in charitable care to Ashland residents.

<u>Board of Selectmen recommends this article 2-0</u> Budget Committee recommends this article with a vote of 6-3

Moderator Preston entertained a motion to amend the article as written in the warrant to read - "To see if the town will vote to raise and appropriate \$2,239 for Genesis Behavioral Health for the delivery of Emergency Mental Health Services. These services include access to Master's level clinicians and psychiatrists by individuals, police, fire, schools, hospitals and others 24 hours per day, 7 days per week. Services are provided to anyone in need, regardless of their ability to pay. Genesis Behavioral Health is the community mental health center serving Belknap and southern Grafton counties. We served 3,270 children, families, adults and elders in fiscal year 2011; 85 of whom were Ashland residents. Genesis Behavioral Health provided emergency services to 11 Ashland residents in fiscal year 2011. We provided \$12,291 in charitable care to Ashland residents. - moved by David Ruell; seconded by Jeanette Stewart; voice vote on the amendment in the affirmative with dissent; discussed; Moderator Preston declared that the article would appear on the ballot as amended.

ARTICLE 22 - PETITIONED ARTICLE - Plymouth Regional Clinic

To see if the Town will vote to raise and appropriate the sum of \$1,200, or any portion that the Town feels is appropriate, for the Fiscal Year 2012-2013 to support Plymouth Regional Clinic, a nonprofit free clinic providing health care to the low income uninsured.

Board of Selectmen does not recommend this article with a vote of 2-0

Budget Committee recommends this article with a vote of 5-4

Moderator Preston read the article as written in the warrant; discussion; Moderator Preston declared that the article would appear on the ballot as written.

ARTICLE 23 - PETITIONED ARTICLE - Tri County CAP

We the undersigned registered voters of the Town of Ashland do hereby petition the 2012 Annual Town Meeting to raise and appropriate the sum of \$3,107.00 for Tri-County Community Action for the purpose of continuing services of the Fuel Assistance Program for the residents of Ashland.

Board of Selectmen recommends this article 2-0
Budget Committee recommends this article with a vote of 8-1

Moderator Preston entertained a motion to amend the article as written in the warrant to read - "To see if the town will vote to raise and appropriate the sum of \$3,107.00 for Tri-County Community

Action for the purpose of continuing services of the Fuel Assistance Program for the residents of

Ashland - moved by Glenn Dion; seconded by Jeanette Stewart; discussion; Moderator Preston declared that the article would appear on the ballot as amended.

ARTICLE 24- PETITIONED ARTICLE - The Bridge House

To see if the Town will vote to raise and appropriate the sum of \$5,000 or any amount that the Town feels is appropriate, for the fiscal year 2012-2013 to support The Bridge House, a nonprofit shelter, providing programs and services leading to stability and independence for the areas homeless families and individuals. Priority is offered to veterans.

Board of Selectmen recommends this article 2-0
Budget Committee recommends this article with a vote of 8-1

Moderator Preston entertained a motion to amend the article as written in the warrant to read - To see if the Town will vote to raise and appropriate the sum of \$5,000 for the fiscal year 2012-2013 to support The Bridge House, a nonprofit shelter, providing programs and services leading to stability and independence for the areas homeless families and individuals. Priority is offered to veterans. - moved by Glenn Dion; seconded by Jeanette Stewart; Moderator Preston declared that the article would appear on the ballot as amended.

ARTICLE 25 - PETITIONED ARTICLE - Park and Recreation Director

Shall the town maintain the current Park and Recreation Director's position as a salaried full time (40 hours per week) position? This article shall take effect immediately and would not be considered a new job opening.

Moderator Preston read the article as written in the warrant; discussion; (1) Motion to suspend discussion on Article 25 - Fisk; seconded; voice vote in the affirmative; (2) Motion to reconsider Article 3 [Budget] -Robin Fisk; second-David Ruell; voice vote in the affirmative with dissent

Amendment to Article 3 was defeated and Moderator Preston declared that Article 25 would appear on the ballot as written.

Minutes of Town of Ashland Deliberative Session - February 4, 2012 - Page 9

ARTICLE 26 - PETITIONED ARTICLE - Membership of Board of Selectmen

We, the undersigned, propose this warrant article to see if the Town of Ashland should return to a 5-member Board of Selectmen from the current 3-member Board in order to ensure Select Board representation on all town committees and town meetings.

Moderator Preston entertained a motion to amend the article as written in the warrant to read - "Are you in favor of increasing the board of selectmen to 5 members? - moved by Glenn Dion; seconded by Jeanette Stewart; voice vote in the affirmative with dissent; Moderator Preston declared that the article would appear on the ballot as amended.

ARTICLE 27 - PETITIONED ARTICLE - Northern Pass

To see if the Town will vote to register and disseminate to all concerned its objection, opposition and commitment to stop the construction of any portion of the 1200 Megawatt High Voltage Direct Current Transmission Line in the Town of Ashland as presently proposed by Northeast Utilities, NStar and Hydro-Quebec since such a huge scar constructed and erected through and above the Town's treasured residential and scenic private properties will cause inestimable damage to the orderly economic development of the Town, its economy and the health and well being of its residents.

Moderator Preston read the article as written in the warrant; no discussion; Moderator Preston declared that the article would appear on the ballot as written.

Chairman Stewart thanked all those who attend the meeting and thanked those who worked on boards and committees.

The being no further business the meeting was declared adjourned by Moderator Preston at 4:07 PM.

ARTICLE 3 - OPERATING BUDGET

YES 309 NO 56

Shall the Town of Ashland raise and appropriate as an operating budget not including appropriations by special warrant articles and other appropriations voted separately, the amount set forth on the budget posted with the warrant or as amended by vote of the first session, for the purposes set forth therein, totaling \$6,207,648. Should this article be defeated, the operating budget shall be \$6,770,684 which is the same as last year, with certain adjustments required by previous action of the Town of Ashland or by law; or the governing body may hold one special meeting, in accordance with RSA 40:13 X and XVI to take up the issue of a revised operating budget only.

ARTICLE 4 SEIU Local 1984 (Collective Bargaining Agreement) [Tax impact \$.003]

YES 230 NO 170

Shall the voters of the Town of Ashland vote to approve the cost items included in the three year collective bargaining agreement reached between the Town of Ashland and the SEIU Local 1984 which calls for the following increases in salaries, and further to raise and appropriate the sum of \$3702 [\$2813 of which shall come from utility rates not general taxation] for the 2012 fiscal year, such sum representing the additional cost items attributable to the increase in salaries and benefits over those paid, at current staffing levels? The agreement calls for the following increases in salaries and benefits:

Fiscal Year	Town Estimated Cost	Utilities Estimated Cost
FY 2012	\$ 889	\$ 2,813
FY 2013	\$10,105	\$11,310
FY 2014	\$ 6,835	\$ 6,904

Selectmen recommend 2-0 Budget Committee recommend 8-0-1

ARTICLE 5 (Authorization for Special Meeting on Cost Items)

YES 255 NO 130

Shall the voters of the Town of Ashland, if Article 4 (SEIU Local 1984 Bargaining Agreement) is defeated, authorize the Selectmen to call one special meeting, at its option, to address Article 4 cost items only?

ARTICLE 6 - PUBLIC WORKS DEPARTMENT LOADER LEASE [Tax Impact 10.8 cents]

YES 176 NO 226

To see if the town will vote to authorize the selectmen to enter into a five year lease agreement for One Hundred Forty Two Thousand One Hundred Dollars (\$142,100) for the purpose of leasing a four wheel drive loader for the Public Works Department, and to raise appropriate the sum of Twenty Eight Thousand Four Hundred Twenty Dollars (\$28,420) for first year payment for that purpose. This lease agreement contains an escape clause. (Majority vote required)

Selectmen recommend 3-0 Budget Committee recommend 5-4

ARTICLE 7 - FIRE DEPARTMENT ROOF [Tax Impact 19.0 cents]

YES 330 NO 84

To see if the town will vote to raise and appropriate the sum of Fifty Thousand Dollars (\$50,000) for the replacement or repair of the fire department roof.

Selectmen recommend 2-0 Budget Committee recommend 8-0

<u>ARTICLE 8 - ESTABLISH ROAD IMPROVEMENT CRF</u> [Tax Impact 47.3 cents]

YES 266 NO 143

To see if the Town will vote to establish a Road Improvements Capital Reserve Fund under the provisions of RSA 35:1 and to raise and appropriate the sum of One Hundred Twenty Five Thousand Dollars (\$125, 000) to be placed in this fund and to appoint the Board of Selectmen as agents to expend.

Selectmen recommend 3-0 Budget Committee recommend 9-0

<u>ARTICLE 9 - POLICE DEPARTMENT COMMUNICATION RADIOS</u> [Tax Impact 3.8 cents]

YES 258 NO 143

To see if the Town will vote to raise and appropriate the sum of Ten Thousand One Hundred Dollars (\$10,100) to replace five hand held communication radios for the Ashland Police Department.

Selectmen recommend 3-0 Budget Committee recommend 7-2

ARTICLE 10 - ESTABLISH FIRE DEPARTMENT EQUIPMENT CRF [Tax Impact 3.0 cents]

YES 251 NO 156

To see if the Town will vote to establish a Fire Department Equipment Capital Reserve Fund under the provisions of RSA 35:1 and to raise and appropriate the sum of Eight Thousand Dollars (\$8000) to be placed into this fund and to appoint the Board of Selectmen as agents to expend.

Selectmen recommend 2-1 Budget Committee recommend 9-0

<u>ARTICLE 11 - MASTER PLAN</u> [Tax Impact 3.8 cents]

YES 243 NO 168

To see if the Town will vote to raise and appropriate the sum of Ten Thousand Dollars (\$10,000) for the purpose of continuing the process of updating the Town of Ashland Master Plan. (Majority vote required)

Selectmen recommend 3-0 Budget Committee recommend 8-1

ARTICLE 12 - TRANSFER/RECYCLING CENTER TRACTOR LEASE [Tax Impact 5.7 cents]

YES 152 NO 258

To see if the Town will vote to authorize the selectmen to enter into a four year lease agreement for Fifty Five Thousand Two Hundred dollars (\$55,200) for the purpose of leasing a four wheel drive tractor for the transfer/recycling center and **to raise and appropriate a sum not to exceed of Fifteen Thousand dollars (\$15,000)** for the first year's payment for that purpose. This lease includes an escape clause. (Majority vote required)

Selectmen recommend 3-0 Budget Committee do not recommend 7-2

ARTICLE 13 - TOWN CLOCK [Tax Impact 0.6 cents]

YES 302 NO 119

To see if the Town will vote to raise and appropriate the sum of Fifteen Hundred Dollars (\$1500) to be deposited into the Town Clock Non Capital Reserve Fund established in 2011 for maintenance of the town owned clock.

Selectmen recommend 3-0 Budget Committee recommend 7-2

ARTICLE 14 - PETITIONED ARTICLE - Establish Ashland CIP Committee

YES 236 NO 153

To see if the town will vote to authorize the Board of Selectmen, as provided by RSA 674:5, (1) to remove the Planning Board's responsibility for the town capital improvement program and (2) to establish, appoint and implement a Capital Improvement Program Committee, whose purpose shall be to prepare and amend a recommended program of municipal capital improvement projects projected over a period of at least 6 years, to aid the Selectmen and the Budget Committee in the completion of the annual budget. Membership of such committee shall include at least one member of the Planning Board and may include but not be limited to other members of the Planning Board, the Budget Committee, the Board of Selectmen, the Town Trustees and other townspeople.

ARTICLE 15 - TRANSFER OF PUBLIC PROPERTY

YES 291 NO 111

To see if the Town will authorize the Board of Selectmen to transfer to Edmund and Terry White a portion of town owned property located on River Street abutting property now owned by Edmund and Terry White on such terms and conditions as the Selectmen deem appropriate.

ARTICLE 16 - CEMETERY TRUSTEES

YES 165 NO 223

Shall we delegate the duties and responsibilities of the cemetery trustees to the board of selectmen?

<u>ARTICLE 17 - PETITIONED ARTICLE - CADY</u> [Tax Impact .4 cents]

YES 300 NO 119

To see if the Town will vote to raise and appropriate the sum of One Thousand Dollars (\$1,000) for CADY (Communities for Alcohol-and Drug-free Youth, a non-profit organization) for the purpose of supporting the only local court diversion program to reduce juvenile delinquency by increasing offender accountability, ensuring restitution to victims, and potentially saving the town many thousands of dollars in placement costs at juvenile detention facilities.

Selectmen recommend 3-0 Budget Committee recommend 7-2

ARTICLE 18 - PETITIONED ARTICLE - Pemi-Baker Community Health [Tax Impact 3.5 cents]

YES 313 NO 108

To see if the Town will vote to raise and appropriate the sum of Nine Thousand Three Hundred Forty-Two Dollars (\$9,342) for the Pemi-Baker Community Health (a non-profit organization and Ashland's home health and hospice agency), for the purpose of providing uninsured and under-insured residents of the Town with quality home health care. This sum amounts to Four Dollars and Fifty Cents (\$4.50) per resident based upon recent census data, and it represents a small fraction of the cost of providing these services to our residents in their home.

Selectmen recommend 3-0 Budget Committee recommend 7-2

<u>ARTICLE 19 - PETITIONED ARTICLE - Bandstand</u> [Tax Impact .9 cents]

YES 156 NO 257

To see if the Town will vote to raise and appropriate the sum of Two Thousand Five Hundred Dollars (\$2500) to have the Bandstand currently located in the ROW on the L.W. Packard ball field relocated to another location where it can get better usage. These funds are to encumbered until such time as the location is established and approved by the Board of Selectmen

Selectmen recommend 2-0 Budget Committee recommend 7-1

ARTICLE 20 - PETITIONED ARTICLE - Grafton County Senior Citizens Council Inc. [Tax Impact 2.3 cents]

YES 337 NO 79

To see if the town will vote to raise and appropriate Six Thousand Dollars (\$6000) for Grafton County Senior Citizens Council Inc. for services for Ashland residents in 2012. These services include congregate meals, home delivered meals, transportation, outreach support, ServiceLink support, and more. In 2011 Grafton County Senior Citizens Council Inc. provided services for 202 Ashland residents, and the cost of providing these services was \$100,867.60

Selectmen recommend 3-0 Budget Committee recommend 7-2

<u>ARTICLE 21 - PETITIONED ARTICLE - Genesis</u> [Tax Impact .8 cents]

YES 250 NO 162

To see if the town will vote to raise and appropriate Two Thousand Two Hundred Thirty Nine Dollars (\$2,239) for Genesis Behavioral Health for the delivery of Emergency Mental Health Services. These services include access to Master's level clinicians and psychiatrists by individuals, police, fire, schools, hospitals and others 24 hours per day, 7 days per week. Services are provided to anyone in need, regardless of their ability to pay. Genesis Behavioral Health is the community mental health center serving Belknap and southern Grafton counties. We served 3,270 children, families, adults and elders in fiscal year 2011; 85 of whom were Ashland residents. Genesis Behavioral Health provided emergency services to 11 Ashland residents in fiscal year 2011. We provided \$12,291 in charitable care to Ashland residents.

Selectmen recommend 2-0 Budget Committee recommend 6-3

<u>ARTICLE 22 - PETITIONED ARTICLE - Plymouth Regional Clinic</u> [Tax Impact .5 cents]

YES 220 NO 188

To see if the Town will vote to raise and appropriate the sum of One thousand Two Hundred dollars (\$1,200), or any portion that the Town feels is appropriate, for the Fiscal Year 2012-2013 to support Plymouth Regional Clinic, a nonprofit free clinic providing health care to the low income uninsured.

Selectmen do not recommend 2-0 Budget Committee recommend 5-4

ARTICLE 23 - PETITIONED ARTICLE - Tri County CAP [Tax Impact 1.2 cents]

YES 311 NO 105

To see if the town will vote to raise and appropriate the sum of Three Thousand One Hundred and Seven Dollars (\$3,107) for Tri-County Community Action for the purpose of continuing services of the Fuel Assistance Program for the residents of Ashland.

Selectmen recommend 2-0 Budget Committee recommend 8-1

ARTICLE 24- PETITIONED ARTICLE - The Bridge House [Tax Impact 1.9 cents]

YES 279 NO 132

To see if the Town will vote to raise and appropriate the sum of Five Thousand Dollars (\$5,000) for the fiscal year 2012-2013 to support The Bridge House, a nonprofit shelter, providing programs and services leading to stability and independence for the areas homeless families and individuals. Priority is offered to veterans.

Selectmen recommend 2-0
Budget Committee recommend 8-1

ARTICLE 25 - PETITIONED ARTICLE - Park and Recreation Director

YES 190 NO 213

Shall the town maintain the current Park and Recreation Director's position as a salaried full time (40 hours per week) position? This article shall take effect immediately and would not be considered a new job opening.

ARTICLE 26 - PETITIONED ARTICLE - Membership of Board of Selectmen

YES 195 NO 202

Are you in favor of increasing the board of selectmen to 5 members?

ARTICLE 27 - PETITIONED ARTICLE - Northern Pass

YES 285 NO 114

To see if the Town will vote to register and disseminate to all concerned its objection, opposition and commitment to stop the construction of any portion of the 1200 Megawatt High Voltage Direct Current Transmission Line in the Town of Ashland as presently proposed by Northeast Utilities, NStar and Hydro-Quebec since such a huge scar constructed and erected through and above the Town's treasured residential and scenic private properties will cause inestimable damage to the orderly economic development of the Town, its economy and the health and well being of its residents.

2012

DEPARTMENTS BOARDS AND COMMISSIONS

SELECTMEN'S REPORT

Submitted by Chairman Jeanette Stewart, Vice Chairman Daniel Golden & Philip Preston

Repair and improvement of the Town's infrastructure were the Board of Selectmen's highest priorities in 2012, and that included renovations to buildings, replacement of the Collins Street Bridge and improvements in communications.

Buildings and Bridges

The biggest item was the Fire Station roof which over the years has developed multiple leaks. Concerned that a failure of the roof would cause extensive damage to the fire trucks it was supposed to protect, the Selectmen hired a structural engineer to examine the roof and make recommendations for repair or replacement. It was determined that the porous cement underneath the roof membrane had become so saturated with water that it is now in danger of collapsing under a heavy snow load. Acting upon the advice of several engineers, the Selectmen signed a contract to replace the roof. In the absence of a capital reserve fund for that purpose, the decision was made to include the replacement cost in the 2013 Budget.

In September, the NH Department of Transportation red-listed the Collins Street Bridge when it discovered that cracks in an outside concrete beam had caused some supporting cables within it to be severely compromised by corrosion. By directing traffic onto the remaining beams, it was possible to continue using the bridge pending removal and replacement. In just four weeks, the Town had a new bridge, with half of the cost paid by the Water and Sewer Department, part of whose revenue would have been lost had the bridge become unusable. By taking the action they did, the Board and the Department saved the Town a lot of money.

The Booster Club became the focus of a project to improve the energy efficiency of that building by adding insulation and new siding, thereby reducing operating costs. At the Town Hall, the front doors were finally replaced. The Board hopes that similar improvements will be possible at other Town facilities.

Communications

A new host for the website was found, and there have been significant improvements in its content and design. Selectmen's meetings on the first and third Monday evenings of each month were videotaped and could be viewed on Public Access Channel 3.

Committees

Appointments were made to the Conservation Committee, the Planning Board, the Zoning Board of Adjustment and the Memorial Park Committee, as well as the newly formed Capital Improvement Program Committee. Some vacancies remain and, inevitably, there will be more in the future. A strong local government depends upon the interest of the people it serves, and the need for volunteers continues.

In Conclusion

To save the Town money, the Selectmen contracted with Primex for property and liability insurance. Unfortunately, the problems with the Fire Station roof and the Collins Street Bridge strained the Town's finances in 2012 and necessitated the elimination of some road improvements. However, because of careful budgeting, we continue to have a high credit rating with a low debt-to-equity ratio. As of February 1st, Ashland collected 94% of the 2012 property taxes.

The Selectmen want to take this opportunity to extend their appreciation to those individuals who have enhanced our community by serving on boards and committees.

Thank you for your continued support and interest in the Town of Ashland.

TOWN ADMINISTRATOR'S REPORT

Submitted by Paul Branscombe

It is with great pleasure that I present my second annual report to the residents of Ashland for the year 2012. I should like to thank the Board of Selectmen for their continued support in my ability and effectiveness and to Pat Tucker and Pat Crowell for helping me navigate through the many municipal storms that we encountered this year. I hope that the community recognizes the Town office as custodians of public trust. My role has been and always will be to administer the policies set forth by the Board of Selectmen.

It has been another tough year for our community from a financial perspective and the mood in Ashland has been fractious and sour, worn down by the continuous crushing pressure of events. Firstly it was the findings that the Fire House roof was failing and in dire need of replacement. Then the State announced that the Collins Street Bridge, the Towns lifeline to the Wastewater Treatment Facility and the Transfer Station was put on their Red List and was to be barricaded and closed. The Ashland Tax Rate rose from 20.11 to 21.98, an increase which led to public sentiments of stop spending and reduce the burden on tax payers.

Funds were put in the 2013 Fire Department Budget to compliment the warrant article that passed last March and hopefully the roof will be replaced in April of 2013. The Town Administrator was able to convince the NHDOT to keep the Collins Street Bridge open, which with construction speed never seen before by the State Bridge Engineers the bridge was replaced in ten days. Funds to cover the cost of this emergency were found in the Town Budget and the Water & Sewer Commissioners contributed to half of the cost. The Selectmen had hoped to keep the Town portion of the tax rate down as they did last year with a contribution from the unassigned general fund balance (previously termed surplus). However changes to the general accounting principles (GASB 54) left our dollar figure in the fund balance open to interpretation. The Town portion of the tax rate increased by 11.5% and coupled with increases in the other components, local school, state school and the county the overall increase was 10.9%.

The Selectmen were cognizant of the fact that with the lack of capital reserves the community was ill prepared to react to any unexpected expense so they elected to have a Capital Improvement Program committee formed to analyze the Towns future short and long term requirements. This CIP committee has proved to be a valuable addition to our financial tool box.

Through regular communication with the Town office, the Selectmen and the Budget Committee have kept a watchful eye on our current and future cash balances, our unassigned general fund balance and our current long term debt. Also with thoughtful cooperation with Department Heads the Budget Committee have been able to better understand the needs of each Town Department. The Budget Committee worked diligently to level fund the proposed 2013 Town Budget presented to them by the Selectmen and will continue their deliberation into the New Year. Budget cuts will be inevitable but we cannot give up our essential services so some hard choices will have to be made as we direct our limited taxpayer funds to our core responsibilities. Change is hard and the protests will be loud.

Looking back over the year there have been many accomplishments in Ashland. It was mentioned earlier about the replacement of the Collins Street Bridge where the Town office had little notification of its deterioration. A State report in March 2012 gave it a satisfactory rating however in October this bridge was Red Listed which meant the superstructure had deteriorated in six short months. We were fortunate to have secured the services of Arnold Graton who amazingly replaced the entire bridge to include guardrails and paving in ten short days.

The Town Administrator applied for and was successful in being awarded a Healthy Eating & Active Living (HEAL) grant from the Foundation for Healthy Communities for the Town of Ashland, beating out five other Towns. This grant has allowed the Ashland HEAL Steering Committee to identify initiatives in the areas of healthy eating and active living to present to the community in the New Year.

We successfully completed the design of the Town's new website and negotiated a change in web hosts. Ashland resident Mardean Badger has been retained to become our website content manager. Residents are encouraged to explore the new site and view the many new enhancements. The Town office partnered with Plymouth to have the Board of Selectmen's meetings video-taped and these can be seen on public access channel 3 as well as the video link to the website.

The Ashland Revitalization Alliance raised funds for the civic beautification of Main Street with three season 'Welcome to Ashland' banners depicting our famous Covered Bridge and State flower and Holiday banners decorated with a wreath symbol. This group was also responsible for arranging a series of 'Music in the Park' concerts held at the gazebo in Memorial Park.

The on-line newsletter, the 'Ashland Bulletin' is in its eighty seventh week and the subscriber list is growing. This Bulletin has helped the Town office share information and established a direct connection with residents who were unable to view the website or attend Selectmen` meetings.

Talks of Economic Development in Ashland prompted the Town Administrator to strike up a conversation with District 2 Senator Jeannie Forrester which ultimately led to a 'think tank' style economic forum held at the Holderness Town Hall in late October. The keynote speaker was PSU President Sara Jayne Steen and the word of the day was 'Partnering.' It is critical for communities the size of Ashland to partner with businesses such as PSU in an endeavor to support the significant areas of economic issues, environment and education.

Residents will recall that the Town office kept the community abreast of Hurricane Sandy which caused so much devastation in New York and New Jersey. Our prayers go out to those who suffered. This was reminiscent of Tropical Storm Irene last year as we dodged another weather related bullet. The weather folks at FEMA can only speculate that Ashland was in the 'hook' of one of the outer bands of the storm. Thanks goes to our Emergency Management Director, Lee Nichols who wore two hats during the storm as he is also our Electric Superintendent and to Fire Chief Steve Heath who with volunteers manned the Fire Station until he was sure that no harm would come to our community.

It is hoped that the energy and enthusiasm demonstrated by many residents will continue to flourish in 2013. The voice of the Town's folk as we go to the polls in March 2013 will be as important as ever as it is the general public that can illuminate the path for Ashland to follow.

In closing allow me to mention that I always welcome visitors to my office who wish to express their opinions and concerns which can only lead to make Ashland a better place to live and work.

ASHLAND BUDGET COMMITTEE REPORT

Submitted by Steve Felton on behalf of the Ashland Budget Committee

Chair /Steve Felton, Vice- Chair/ David Ruell, Secretary/ Christine Austin, Phil Preston, Miriam Brown, David Toth, Ingrid Heidenreich, Marc Scarano, Sandra Coleman, Dan Golden (alternate- select board) Mardean Badger (alternate-school)

2012 has been a very busy and challenging year for the town of Ashland as well as the Ashland Budget Committee.

The budget committee continued to conduct meetings throughout the year and met with all town departments as well as the school and utilities to review year to date budget status in each area and to stay informed of current and projected needs and issues.

This was our second year of meeting with all municipal departments to receive updates and review financials and it has certainly helped the committee stay better informed on the needs and financials of each area as we focus on short term as well as long term needs and planning. This makes our primary responsibility of presenting a 2013 budget to the public a much better informed process.

We also conducted 2 financial forums for the public that were also available to view on public TV. The purpose of the forums was to make every effort to keep the public informed on our current financial situation, and provide information on current trends and anticipated future needs to help ensure the voters are as informed as possible.

We continue to look at ways to begin to build our general fund balance as well as making a continued effort to save for our future capital project needs like road repair, building maintenance and vehicle and equipment replacement, while minimizing and stabilizing property tax dollars needed.

Challenges and opportunities we as a town will need to continue to focus on include:

- Balancing the money needed for annual operating budget needs with the critical need to build our general fund reserves and capital reserves, while minimizing the impact on property tax dollar needs.
- Find ways to attract new business that meet our town's vision and help our tax base
- Find creative ways to minimize costs by working with other communities and businesses to pool our resources for mutual benefit.
- Find ways to deal with what has been a constant shifting of costs to local government by the state and federal government

Working together as a community we will be able to keep Ashland the town we all envision, while ensuring we are financially stable.

ASHLAND CAPITAL IMPROVEMENT PROGRAM (CIP) COMMITTEE

Submitted by -Chair Steve Felton, Vice- Chair David Toth, Secretary Susan MacLeod, Anne Abear, Jeanette Stewart

The members of the Ashland Capital Improvement Program (CIP) Committee are pleased to be able to present a brief recap of our activities for 2012 along with a look into 2013.

The CIP Committee was established by warrant article last year and the purpose of the committee is to prepare a recommended program of municipal capital improvement projects projected over a period of 10 years. The sole purpose and effect of the capital improvements program shall be to aid the select board and the budget committee in their consideration of the annual budget. The following is the RSA that describes the scope and purpose of the committee.

674:6 Purpose and Description. – The capital improvements program shall classify projects according to the urgency and need for realization and shall recommend a time sequence for their implementation. The program may also contain the estimated cost of each project and indicate probable operating and maintenance costs and probable revenues, if any, as well as existing sources of funds or the need for additional sources of funds for the implementation and operation of each project. The program shall be based on information submitted by the departments and agencies of the municipality and shall take into account public facility needs indicated by the prospective development shown in the master plan of the municipality or as permitted by other municipal land use controls.

Once our committee membership was determined, we began the task of defining the guidelines, timelines, action steps, and forms we will use to begin the project of better identifying, prioritizing, and planning for the town's capital project needs.

We have received initial project need information from the town departments and utilities and will be working with these departments as well as the school in better defining and prioritizing these needs and putting them into a 10 year capital needs budget. This will help the select board and budget committee by providing better information on our short and long term capital project needs, which should help for better planning in our budget process for the funding of these needs.

The initial recommendations from the CIP Committee in 2012 included \$25,000 for a capital reserve account for police vehicle repair or replacement, \$25,000 for a capital reserve for fire department vehicle repair or replacement, and \$40,000 in the budget for energy efficiency replacement work based on an energy audit done for the town.

We intend to present a well-developed 10 year capital projects needs worksheet to the select board, budget committee and public, prior to the 2014 budget season. We will be working with all the departments involved to help define and prioritize these needs.

Our meetings are held the 3rd Wed of each month at 7pm at the fire house and more frequently as needed. Minutes of our meetings and other CIP news can be found on the town website.

ASHLAND TOWN LIBRARY

Submitted by Library Trustees Alice Staples, Lynn Davis, David Ruell

Ashland Town Library "by the numbers" for 2012:

Patron visits: 9,489
Programs offered: 70
Items circulated: 13,909
Computer users: 1,389
Volunteer hours: 34.75
Home visits: 32

The Ashland Town Library continued offering exceptional service to the town in 2012. The four public computers saw an increase in use over 2011. The downloadable book service has been quite successful. Over 400 books have been downloaded since the service began last year. Patrons can download books to various devices via the library website, http://www.ashlandtownlibrary.org/main.asp.

The Ashland Town Library held their first annual Summerfest this year. The event was well-attended and involved many volunteers from the community; individuals and businesses contributed time, food, equipment and service. There was a performance by the Hampstead Stage Company, and live animals from the Science Center.

Many programs were offered this year, including:

- Reading with Willow, a program from Therapy Dogs International that encourages children to read by providing a non-judgmental listener
- Children's story times
- For adults: Book Discussion Groups
- · Jewelry making workshop

The upstairs rooms continue to be used by various groups: Pemi- Baker Literacy, Ashland Garden Club, PRHS tutors, and individuals doing homework and research.

The library and the Scribner Trustees worked with the fire department to upgrade electrical and fire alarm systems this year. There is still some work to be done to meet all the fire codes, but the improvements have enhanced the safety and security of library employees and patrons. The Scribner Trustees also had the back half of the roof re-shingled this year. Many thanks to the Scribner Memorial Trustees for their work on the library building and grounds.

The Friends of the Library raised funds with their annual book and bake sale and silent auction, donated many dvds, books, sponsored programs and contributed many volunteer hours. They also purchased some of the free passes available at the library for local attractions. The library trustees are very grateful for the hard work of this group! If you would like to join the Friends of the Ashland Town Library, please contact the library for more information.

The library also hosted community events such as trick or treating for the Halloween Parade, and photos with Santa Claus during Christmas Night in Ashland

The Board of Trustees of Ashland Town Library would like to especially thank the very hard-working library staff, Sara Weinberg, Terry Fouts, Lisa Rollins, and Linda Simko. All of the above mentioned accomplishments are due to their commitment to bring the best possible service and information resources to the citizens of Ashland.

PARKS AND RECREATION

Submitted by Director James R. Gleich

Programming:

Ashland Parks and Recreation had gone through some budgetary changes at the start of 2012. The Parks and Recreation Directors position was reduced to half time during the school and full time for 10 weeks during the summer. This change in schedule proved a little challenging at first. The After School Program became the main focus of the department during the school year. This program had 20 students registered at the end of the academic school year and it re-opened in the fall with 25 students enrolled at the close of 2012. Nancy Neives returned as the After School Program Assistant.

The Ashland Area Recreation Association continued with their support of the programs by co-sponsoring the "Kids Night Out" Program in the fall of 2012. My thanks go out to this group for all of their support.

The 2012 Summer Camp Program took a hit with budgetary cuts; two counselor positions were left vacant. There were 31 children registered with the camp and they had a wonderful time during the brief 6 week program. Our Summer Camp Staff did an outstanding job with all of the children keeping them safe and active at the beach and the ball field. What is in store for 2013? Wait and see.

The Ashland Firemen's Association did an outstanding job with the ice rink during the winter months. The skating rink, located behind the bandstand at the ball field, continues to offer skating opportunities for everyone throughout the year; ice in the winter and a smooth riding surface during the warmer months. Our thanks go out to these fine members of the Ashland community.

Campground & Beach

The campground had another great season. The Edward Doggett Campground was at full capacity again this past year. All 23 sites were filled and well used this past summer. We are looking forward to another packed summer at the campground. The Camping season was from May 1st through Columbus Day Weekend. The campground will return to same season, May 1st through Columbus Day Weekend, in 2013.

The Ashland Beach season was sparked with the news that there were to be no beach fees!? The beach was well used and abused during the summer. The budget only allowed for two guards for five days per week. This situation often presented a crowded beach without enough lifeguard presence. Often the beach was left in a huge mess even though trash cans were within sight and easily accessible to all patrons. The swim raft took a lot of damage this past summer. In fact, by order of the Board of Selectmen based upon recommendation of the Town of Ashland insurance carrier, the raft was dismantled and sold for parts. The end of an era has come to pass.

Our thanks go out to Tim Paquette and his crew for all of the wonderful assistance they have given throughout the year installing and removing the wheelchair ramp. The Ashland Beach continues to be one of the only public beaches in New Hampshire that is completely accessible to all would be patrons.

The "Snack Shack" concession booth was a big hit again this past summer. Lakes Region Community Service Council took over the task of running the Snack Shack.

Facilities Updates:

Throughout 2012 many of our facilities have been involved in some type of renovation or refurbishment. All of these improvements have helped to increase the quality of our buildings but also the quality of our programming available to the community. Proposed improvements for 2012 took place:

- Finished winterization of the Booster Club.
- Finished updating and code corrections to the Booster Club.
- Preventive maintenance with the removal and replacement of some older trees from the Edward N. Doggett campground.
- Repair of the tennis courts (Public Works Department)

Many thanks need to go out to all the members of the community who had helped make these repairs and programs possible, without all of your help, contributions of time, effort, and donations these repairs and upkeep would be impossible. My thanks to Tim Paquette, all of the gentlemen at the Highway, Police Chief Tony Randall, all of the Ashland Police Officers, Lee Nichols, Electric, Water & Sewer Department, Ashland Firemen's Association, and for all of the ladies in the Utilities Office for your assistance with the various project throughout the year. Last but not least, I would like to thank Paul, Pat, Patsy, and Anita for everything they have helped me with throughout the year. Your assistance really makes a difference. Let us hope that 2013 shines brighter than 2012.

PUBLIC WORKS DEPARTMENT

Submitted by Timothy Paquette

2012 was another busy year for the Public Works Department. We dealt with ice, heavy rains, and a bridge failure, as well as our daily road maintenance and other responsibilities.

The year started off with freezing rain and ice. Four hundred and fifty [450] tons of sand was used in January alone. The Board of Selectmen authorized the PWD to move the resident's sand shed to the landfill to avoid unauthorized taking or the sand and to avoid vandalism. This was not a popular decision, but it saves taxpayer dollars from pouring out of town in the form of "sand".

The spring and summer months brought some heavy rains to the area, but we were fortunate enough not to have had any major problems. During the summer we continued with our maintenance of the ball field and parks in town. We also kept up with our various other duties – brush cutting, hot topping, trash pickup, road grading, ditch work, shoulder work and other duties as assigned.

In September the town was informed that the Collins Street Bridge had failed its annual inspection. With many people working TOGETHER the town was able to plan and fund the project rather quickly. Unfortunately some things in the budget were sacrificed; but with the Water and Sewer Department paying for half of the bridge project, the reconstruction of the bridge was completed at no additional cost to the taxpayers. We would like to thank Arnold Graton and his crew for an outstanding job; we would like to thank David and Janet Sansouci for their patience and cooperation during this project as well.

Employee safety and skill enhancement is very important to this department. Our employees have taken advantage of chain saw safety classes, driving classes, and road grading classes.

Ashland continues to exchange functions with Holderness as they do our shoulder work and we do their roadside mowing.

We continue to assist other departments and organizations throughout the year and I thank all our other departments that in turn assist us.

Members of the Public Works Department are Director Tim Paquette, Raymond Dow, Daniel Thompson, George Chase, and our Town Mechanic Lee Huckins.

TRANSFER RECYCLING CENTER

Submitted by Public Works Director Timothy Paquette

In 2012 the Transfer Station shipped out 562 tons of trash and 222 tons of construction debris. These figures show a small increase from 2011, which on a positive note is not a decrease. Residents are doing their part in the recycling process but we can all do better.

The revenue from the facility showed a decrease which is a result of a fluctuation on market prices. We took in \$37,588. We were also at a stand still during the down time when the bridge was being constructed.

The tipping and hauling fees [cost of removal of materials] came in under budget this year. A new contract with Cassella was negotiated through the Pemi Baker Solid Waste District so the town will be paying less per ton in the years to come.

The town collected \$1120 in "dump" sticker fees in 2012. The 2013 stickers are available at the transfer station or the town office at a cost of \$2.00.

Please remember that the Town of Ashland has a Recycling Ordinance and the process is <u>mandatory</u> and we thank all those who do their part.

Currently the facility is open Monday, Wednesday and Friday from 12-4 and Saturday from 8-4. Our attendants have been able to do the baling process outside of the timeframe that the facility is open. The ability to do this provides a save environment for the workers, by not having to work around the customers that are using the area.

In 2012 we purchased a new storage trailer that is used to store tires, replacing a container that was extremely unsafe for the employees.

We would like to remind our residents that if they have a contractor doing work for them, they need to obtain a temporary pass to the facility, and if they are going to bring construction debris or shingles to the facility we charge by the truckload. The cost of removal of the construction debris and shingles is generally more than we charge for "dumping" because we are charged for removal by the ton. So it is our suggestion that large construction projects have a container on site for getting rid of debris.

If you have any questions when you get to the facility do not hesitate to ask one of our attendants – Doug Ober and Rich Hutchinson.

ASHLAND POLICE DEPARTMENT

Submitted by Police Chief Anthony L. Randall

Your Police Department currently consists of the following individuals: Chief Anthony Randall, Lieutenant Don Marren, Sergeant Daniel Hamilton, Officer Bruce Cote, part time Officer Seth Learned, administrative assistants Howard Beaudry and Jamie Lyford.

The Department has stayed busy with many incidents occurring throughout the year. I recommend that you look at the activity report for the department contained herewith. Keep in mind that most of the cases dealt with at the department are not necessarily blue light and siren affairs.

We are continually training to make us better prepared for incidents that may occur in an effort to protect and serve the public. Training is a very important part of the job of a police officer so that when certain situations arise they can be handled properly.

Officer Patrick Brady left the department in 2012 to take a position at his home town in New Jersey for the Wall Township Police Department. As a result of his short tenure with the department the selectmen were prompted to hold newly hired full time officers to a three year contract. The contract was put in place in an effort to minimize costs to the town for new hires. The contract requires the town be compensated for the original outlay for training and certification should they leave prior to the end of the contract.

The Department has been working short- handed since April due to the lack of part-time officers to cover voids when personnel leave, open shifts when full time officers are on vacation, sick or training. This creates an impact on the overtime budget and overall cost to the taxpayer. Therefore it is necessary for the Department to hire more part time officers.

We were able to purchase patrol rifles for each of the vehicles. Patrol rifles play an important role when certain situations arise such as active shooter incidents which have become more prevalent throughout the country. Ashland is not immune to such violence in public places. The Department appreciates the support and efforts of the taxpayer to help provide us with the equipment to make Ashland a safe place to live.

The goal of the department is to show a continued police presence in an effort to keep crime-related events to a minimum. The safety and well-being of the town requires a joint effort between the public and the Police.

I would like to thank the residents, businesses, all Ashland Departments, surrounding town departments and the personnel at the Ashland Police Department for their support and hard work.

In closing I would like to remind residents that car break-ins are crimes of opportunity so please lock your vehicles.

ASHLAND JULY 4 REPORT

Submitted by Chairman Patty Heinz

We had another successful Fourth of July celebration. The committee was very small we were unable to canvas the field for donations and sell pins as thoroughly as we have done in past years. This resulted in a loss of about \$1500; the celebration continues to grow and so do the expenses.

Ten years ago, the crowd warranted having three "porta potties" – in 2012 we had to get twelve which is an expense that has increased over the years to more than \$1200.

2012 committee members for this year were Hallie Pomeroy, Phyliss Reitsma, Glenn Dion, Pat Provencher, Paul Branscombe, Kathy Jaquith, Caroline Gosse and her dedicated family, Fran Newton, David Toth, Jason Lyons, Police Chief Tony Randall and Fire Chief Steve Heath. We want to thank the Police and Fire Departments for their protection during the events.

We have already held meetings for the 2013 celebration. We have the following new members joining the meeting – Jerome and Cathy Landroche, Pat Bennett, Amanda Loud, Eli Badger, and Katy Maher [who will be Chairman in 2014]. These new members enhance the existing committee.

We are always looking for new ideas and members. At the time that this report was written we are looking for a marching band. Please note that the parade will be on July 4 and the fireworks will be on Friday July 5.

I want to thank the citizens and especially the committee for making the Town of Ashland July 4th Celebration the best north of Boston.

ASHLAND MEMORIAL PARK

Submitted by Trustees Stephen Jaquith [Chairman], Philip Preston, Ernest Hutter Treasurer Mary Ruell

We continue on our quest to make the Memorial Park as picturesque as possible, as well as functional and a place for all to enjoy.

This past year, with the help of our Town Administrator Paul Branscombe we held Sunday evening musicals and it was very successful. We hope to do it again in 2013 – funds permitting. The trustees hoped to replace the old stairway but we hit a snag with inadequate funds.

As usual, Ali-Di did their great job of mulching and cleaning up. This year, Tim Paquette and his crew from the Public Works Department did a super job of mowing in the park and it was especially appreciated.

Thanks go out to Brad Wolff and his group of school children from the Ashland Elementary School. Wonderful job!

All in all, we had a good year and we continue to receive input for outside sources – the Town Administrator, as well as the Ashland Garden Club. All ideas are welcome. Remember, it you wish to make a monetary donation to YOUR Memorial Park, the address is PO Box 320 – Ashland, NH 03217.

Once again – a Thank You to all......

ASHLAND FIRE RESCUE

Submitted by Chief Stephen L. Heath

Call fire departments such as ours, are held to the same standards as career departments, both by law and by the citizens we serve. Providing training and equipment to meet these standards is a constant challenge, both financially for the tax payers, and physically for the department personnel.

We ask a great deal from our personnel, and they have logged a lot of hours; responding to 377 emergency incidents, attending regularly scheduled department training, (2 fire and 1 EMS training sessions per month), participated in numerous fire and EMS certification programs, live fire training exercises, apparatus and equipment checks, pre-planning, fire prevention programs, and fire safety inspections. Currently our personnel hold the following certifications;

Firefighter I – 23 Firefighter I & II – 14 EMT-Basic – 6
EMT-Int. or EMT-Adv. – 6 EMT-Paramedic – 3
Inspector I – 4 Inspector I & II – 2 Swiftwater Operations – 5
Swiftwater Rescue Technician – 4

A number of these certifications require continuous training to maintain skills and for periodic recertification. Someone not familiar with the fire service may look at our low call volume and wonder why we focus on training as much as we do. The low call volume is actually what creates the need for continuous training. Skills that are infrequently used in the line of duty need to be practiced frequently in order to maintain preparedness.

We were able to upgrade our computer system this year, and have been using the new "Firehouse" software program since November. We placed a new thermal imaging camera in service on Ladder 1, and new intake valves on Engine 1 & 2 will increase the water flow capabilities of both trucks. In addition, a new portable ground monitor was placed in service on Engine 1, and a "spider" manifold valve was placed on Engine 2.

We are constantly looking for ways to meet our needs and at the same time, keep costs down. This year we were able to save money by doing our annual pump testing at the same location and day as another local department, thus reducing the cost. We also saved money by coordinating our aerial and ground ladder testing with several other local departments. We applied for and were awarded a grant from the NH Department of Forests and Lands. This grant along with the \$8000 from a warrant article passed last year, and another donation from the Ashland Firefighter's Association allowed us to purchase the

skid unit for the forestry truck. Thus we were able to accomplish our goal a year earlier, and negated the need for requesting funds through another warrant article this year. We have also applied to the Assistance to Firefighters Grant Program for funds that would be used to purchase personal protective clothing for our personnel, and fund training programs. There has been no word yet on whether or not we will be chosen to receive this assistance.

Once again we were able to complete the mandatory equipment testing on the department's self-contained breathing apparatus, fit testing of the SCBA masks, pumps, aerial and ground ladders. We did not complete the hose testing, and this will have to be a priority for the coming year. As our equipment ages, testing becomes critical to keeping personnel safe, and reducing liability. At times we have a piece of equipment that does not pass, and requires repair or replacement. With this in mind, I have requested funds in the appropriate budget lines to allow us to keep equipment in service.

The personnel of this department make many sacrifices in their service to the community. At times, people reach a point where they decide that either due to changes in their full time job, or personal lives they can no longer meet the demands of being a firefighter and/or EMT.

This year two of our more experienced firefighters have decided to resign from the department. Tim Paquette has served for nearly twenty years. His experience and skill at driving and operating apparatus was a great asset to this department. Tim was also active in the Ashland Firefighter's Association, serving as president, and being a driving force in numerous fund raising activities. Jeff Hladyk was with the department for eleven years, serving as both a firefighter and an EMT-Basic.

ASHLAND HISTORICAL SOCIETY – 2012

Submitted by David Ruell, President

Our major historic preservation project in 2012 was the re-shingling and repair of the roof of the old Jail next to the Town Hall. The brick jail was built in 1872 - 1873 to house drunks, tramps and others found misbehaving. Now listed on the National Register of Historic Places, it has been used in recent years for storage. The roof work, done by Red Mountain Construction, was largely funded by the Historical Society's \$2000 donation, leaving just \$461.75 to be paid by the Town. We hope to continue to preserve this interesting but little known historic building, the only structure ever built as a jail in Ashland.

The Whipple House Museum saw the installation of a proper vent in the brick chimney and other work to the gas heater in the middle room of the apartment, after the detection of carbon monoxide in that room. Other work included painting in the hallway and brush trimming. The summer exhibit on Downtown Ashland featured historic photographs of downtown buildings, interiors and activities. Some new items were added to the collection, notably several Whipple family items given by Dr. Whipple's granddaughter and two large signs, a Welcome to Ashland sign and a town campground sign.

The Archives collection also saw the addition of several items, including five more years of Ashland newspaper items from local newspapers, a collection which now covers 1848 through 1931.

The Railroad Station Museum saw the erection and dedication of the kiosk built by the Ashland School students. The kiosk should soon see the installation of text and photos giving the history of the Station and information about our museums. Missing and broken roof slates on the Station were replaced, and a large hole in the lawn filled in. The Museum hosted a presentation to the local school children on the telegraph, eight fall foliage trains, and Executive Councilor Ray Burton's annual fall train ride.

The Pauline E. Glidden Toy Museum was attractively decorated for Christmas for the summer season. The Museum again held its two annual events, the Young Ladies Tea and the Appraisal Day. The Toy Museum lost two of its best workers this year. Sam Norman, the Treasurer and an active board member, died in July. Director Shirley Splaine retired in the fall after 23 years of dedication and hard work overseeing the museum since its establishment. They will both be missed, but their contributions are much appreciated.

Our outside exhibits are enlarged copies of photographs. Four exhibits at the Utility Office included historic photographs of Sports and Recreation, the Ashland Fire Department, and Horse-Drawn Ashland, and contemporary photographs of Green Grove Cemetery and its Monuments. Our Christmas Night display used photographs from the Downtown Ashland display at the Whipple House Museum.

The Society presented five free public programs on state and local history. We sponsored three N.H. Humanities Council programs on the creation of the White Mountain National Forest, native New Hampshire before the arrival of the Europeans, and the Grange movement in our state. We jointly sponsored with the Holderness Historical Society another Humanities Council program on New Hampshire towns during the Civil War. Ashland mountaineer Jim Gagne gave a most interesting talk on his experiences climbing the Seven Summits, the eight high points of the continents.

Our fundraising efforts were limited to our annual membership and business sponsorship drive in the spring, a food sale and rental of spaces at the Town Wide Yard Sale, sales of merchandise, a food sale at the Ray Burton train ride, and our annual appeal to our members. Larger donations were received for the chimney vent at the Whipple House and for the fall foliage train rides. We appreciate all the donations that we received.

We are thankful to all who gave their time, money and labor to the Society's museums, exhibits, programs and projects during 2012.

ASHLAND PLANNING BOARD

Submitted by Chairman Susan MacLeod

The Planning Board was established in 1950; currently the membership of the board consists of four (4) members at large [appointed by the Board of Selectmen] and a representative from the Board of Selectmen. Three alternate members may also be appointed by the Board of Selectmen.

Current members of the Planning Board are Susan MacLeod, Robert Boyle, Gordon McCormack Jr., Frances Newton and Selectmen Jeanette I. Stewart. Alternate members are Anthony Randall and Elisabeth Cody.

The major ongoing project for the Planning Board has been the updating of the Town of Ashland Master Plan. Master Plans are defined in state law (RSA 674:2) as both a reference and policy document for communities. This blueprint for the Town's future is based on public input, is researched and written with the Lakes Region Planning Commission (LRPC), and paid for with funds voted by warrant and encumbered by the Board of Selectmen.

In 2011, the Community Vision, Land Use, Transportation and Demographics and Housing chapters were adopted, and at public hearings in 2012, Recreation, Community Facilities, Utilities and Public Service, and Historic and Cultural Resources chapters were added. The Board is currently working on the Economic Development chapter and plans to complete the Master Plan with an Implementation chapter in 2013.

In addition, the Board is in charge of hearing proposals for subdivisions, site plans, and boundary line adjustments. If the proposal falls outside the guidelines as defined in the Town of Ashland Zoning Ordinance, the project is referred to the Zoning Board of Adjustment in order to seek a variance or special exception.

In 2012, the Board approved 1 lot line adjustment, 2 voluntary mergers of lots, 2 subdivisions, 2 Home Occupations, 6 Site Plan Reviews for businesses, and conducted an additional 3 conceptual consultations. In accordance with the Site Plan Regulations, any proposed new business (by landowner or tenant) is required to come before the Planning Board to review the necessity of a site plan for the business. Home Occupations can be submitted in writing for review. Information and all forms are available on the Town website.

In November, the Board approved an update to the Subdivision Regulations' wording in sections 2.9, 4.3 and 4.4 for uniformity.

The Board also met with the Building Inspector and the Fire Chief to clarify the differences in the standards each of them uses since both inspections are usually required in the Site Plan Review process.

A grant opportunity the board took advantage of was for working with LRPC and New Hampshire Audubon to conduct a Smart Growth/Natural Resources Assessment. This project has examined the town's land use regulations and natural resources and the focus is on how they fit with NH State's smart growth principles for best value in using resources. The advisory document will be completed by the end of February 2013.

WELFARE REPORT

Submitted by Robert B. Hicks

Town welfare is for emergency assistance.

Our citizens never enjoy asking for help. Most make efforts to re-establish their situations and reimburse the town when able.

Town welfare dollars for 2012 continue a trend upward; mainly due to more and more people needing affordable housing. Our shelters are full most of the time.

State programs, such as Social Security, Medicare, Fuel assistance, have cut back. Many people who are working or receive state benefits cannot find housing they can afford.

Many jobs are now hiring at minimum wages. Gone are the days when one person could support a family.

As welfare director I see first hand the concerns of some of our citizens for basic needs. We help with information on housing, jobs, and direct clients to the proper agency to provide long term needs.

Our community of two thousand, with our churches, food panty and many of our private citizens (very special people) care for our own which is a very rewarding task.

ASHLAND BUILDING INSPECTOR CODE ENFORCEMENT

Submitted by Robert B. Hicks

2012 has been a very active year for Ashland Building, 123 permits have been issued since January 1, 2012.

Maintaining good, safe building, and code compliance is what we all want for Ashland. We have a good team with Butch Smith our electrical inspector and Erik Ames our plumbing inspector, both quality men, and knowledgeable in their trade. Permits have been given for four new homes, with many additions and other building improvements.

Applications for permits can be obtained during regular Town Office hours, five days a week, 8 AM to 4 PM. Arrangement can be made for on site meetings. Inspections are made with a reasonable appointed time.

152 building permits 2010 148 building permits 2011 123 building permits 2012

Year 2012			
#1	Building	permits	54
#2	Electrical	permits	38
#3	Plumbing	permits	80
#4	Heating	permits	16
#5	Driveway	permits	03
#6	Sign	permits	01
#7	Demolition	Permits	03

Total Permits 123

We have received many inquires for building regulations and information regarding new business and zoning. We use 2009 International Building Code, along with our Ashland Building and Zoning Regulations.

Our goal is to provide help for Ashland's residents in their building needs and to administer the regulations as fair and promptly as possible. Good building planning helps our town provide safe housing growth for residential homes, and the right kind of new business opportunities for our community.

ASHLAND HISTORIC COMMISSION

Submitted by Robert and Claire Hicks

Two of Ashland's historic buildings are undergoing needed improvements.

The Libby Small house on Hicks Hill Rd, built by Joseph and Susannah Hicks, two of the first pioneer settlers of New Holderness, now Ashland. (1790) The new owners are concerned about the buildings historic value.

The Doctor Jonathan Cheney house, at 21 Highland Street, is undergoing major improvements. The new owner is trying to keep and restore as much as the original look as possible. Working with the Ashland Historic Commission.(John Ernest house)

Elizabeth (Libby) Smith

Ashland for many years has provided for the preservation of our historic, abandoned cemeteries, with clean up and minor repairs at seven locations. (Prepared for Memorial Day visitors.) They are one of our greatest historic assets.

- 1. The Church Hill Cemetery located (Blue Sky Drive)
- 2. Ruben Whitten Cemetery (Highland Street) (maintained by property owner)
- 3. Hicks Hill Cemetery (Hicks Hill Rd.)
- 4. The Mooney Cemetery on Thompson St (maintained by property owner)
- 5. Owl Brook Cemetery, Owl Brook Road.
- 6. Baker Cemetery (near water tower) (maintained by property owner)
- 7. Howe-Clark Cemetery (Leavitt Hill)

The Whipple House building remains in very good condition, due to the efforts of the Ashland Historical Society.

TOWN OF ASHLAND WATER AND SEWER DEPARTMENT

Submitted by Commissioners Robert A. Boyle, John C. Hughes and Alan Cilley

2012 Has been a very busy year for the Ashland Water & Sewer Department.

- This year an automated gate was installed at the Wastewater Plant. This
 gate will allow those Septage Haulers into the plant who have been
 approved by the department and will give greater security for the Sewer
 Plant.
- Upgrades have been made to the chemical feed system at the water plant.
- A new hydrant to replace the outdated one on Collins Street was installed recently.
- The annual flushing of the water hydrants was performed in May.
- Sewer line maintenance, inspections and cleaning.
- Throughout the year many projects, brush cutting, mowing and general maintenance has been done.
- 63 Water turn on or shut off's have been done by Utility Partners.
- Replaced a failed sewer line on Church Street.
- Repaired three water breaks.
- Continued work on the Septic Receiving Station. The addition of this
 receiving station to the Sewer Plant will bring in extra monies to defray the
 cost of operations.
- This year, as many of you know, the Collins Street Bridge was in desperate need of repair and was actually shut down for a short period of time. The Water and Sewer Department contributed \$74,500 dollars towards the cost of a new bridge installed by Arnold M. Graton Associates Inc.

In closing, the Ashland Water & Sewer Commissioners would like to extend our heartfelt thanks to our Clerk, Kay Mudgett and the employees of Utility Partners for their dedication and a job well done.

TOWN OF ASHLAND ELECTRIC DEPARTMENT

Submitted by Commissioners Kendall L. Hughes, Daniel Vaughn, Bobbi Hoerter

Happy New Year to all. 2012 was a very good year for your electric department. We entered into a new 6-year power contract, which has allowed us to put money in capital reserve and better yet, cut our costs to you by 1 cent which will collectively save the town approximately \$200,000.00 beginning January 1, 2013. We have purchased a new bucket truck which replaces the 1972. Due to the economy we feel the electric department growth in 2012 was negligible.

2012

OUTSIDE AGENCIES

LAKES REGION PLANNING COMMISSION

2011 – 2012 (FY12)

The Lakes Region Planning Commission (LRPC) is an organization established according to state law to provide area communities and the region with the capacity to respond to and shape the pressures of change in a purposeful way. With a service area covering over 1,200 square miles in Belknap, Carroll, Grafton and Merrimack Counties, the LRPC provides a wide range of planning services to member municipalities. As our economy and world change, so does the work we are engaged in. The Commission offers direct and support services including technical assistance, geographic information systems, transportation planning, land use, environmental planning, hazards planning and economic development. Local, state, and federal resources primarily fund the LRPC. We also maintain a regular dialogue with state agencies as a resource for the entire Lakes Region. Our overall goal is to provide support, knowledge, and guidance to the governments, businesses, and citizens of the Lakes Region.

Some of the services provided on behalf of the town of Ashland and the region in the past fiscal year are noted below:

OUTREACH

	Continued to assist the town with the update of the Ashland Master Plan. Major chapters included recreation, community facilities, and cultural and history resources.
	Participated in the Ashland Revitalization Alliance Meeting as a preview of the Community Charette Report.
	Initiated work on a Smart Growth Assessment of the town's land use regulations, with assistance from NH Audubon and the Samuel Pardoe Foundation.
	Provided funding for a Phase I Environmental Assessment of the L.W. Packard Mill. Work continues on a Phase II Assessment.
	Provided copies of the NH Planning and Land Use Regulations book to the town at considerable savings.
GIO	NAL SERVICES

REG

Modified and improved Community Facility maps for LRPC communities and posted them to LRPC's website.
Reviewed and edited the draft Pemigewasset Local River Advisory Committee (PRLAC) Annual Summary.
Hosted a statewide meeting of the Regional Planning Commission (RPC)/Homeland Security and Emergency Management (HSEM) staff to discuss the process for Hazard Mitigation Plan (HMP) updates, Local Emergency Operations Plan (LEOP) updates, and other project issues.
Hosted over 150 people who attended LRPC's Annual Meeting that featured Mark Fenton, <i>Consultant, TV Host, Author, Professor, and Athlete</i> who advocates community planning that promotes health and economic goals, including public transit opportunities and connected walkways, trails, and bike routes. Awards were provided to a number of people and organizations for their contributions

to their communities and the Lakes Region.

	Received substantial funding to prepare a new regional plan for the Lakes Region. A three year effort, the plan will include a comprehensive public involvement process and generate considerable new data for use by local communities.
	Continue to provide program management and guidance for the Lakes Region Brownfields program.
	Provided assistance to the Lakes Region Broadband Stakeholder Group, including meeting coordination, planning and mapping services.
	Received funding from the Samuel P. Pardoe Foundation to conduct Smart Growth Assessments (SGA) for selected communities.
	Released the 2012 Development Trends Report, which shows residential, commercial, and industrial permit activity on an annual basis. The 2010 data used in the report showed that the building permit activity stabilized after several years of decline.
	Represented the region on the NH Association of Regional Planning Commissions.
	Maintain and host LRPC's website, <u>www.larkesrpc.org</u> , which features extensive information for local officials and the general public.
HOUS	SEHOLD HAZARDOUS WASTE
	Continue to represent the region at meetings of the Lakes Region Household Hazardous Product Facility to explore the ways and means the facility may encourage other communities to participate.
	Continue to organize and coordinate two annual Household Hazardous Waste (HHW) collections a year, involving 24 member communities. In 2012, about 19,000 gallons of unwanted HHW was collected, keeping it from our landfills, backyards, streams, and lakes.
EDUC	CATION
	Organized and hosted three public Municipal Law Lectures, in cooperation with the NH Local Government Center: 1) Sign Regulations and Home Occupations: Accessory Uses, Difficult Issues; 2) Preemption of Local Regulation: Ejected from Your Own Game; 3) Land Use Law Update.
	Convened six Commission meetings and facilitated discussion on: The Shoreland Water Quality Protection Act; Do NH Municipalities still have Legislative Authority to Plan and Regular Water as a Natural Resource?; Regionalizing Services: A NH Report Card; Forging Inter-municipal Connections: Experiences of the Suncook Valley Regional Town Association; Outsourcing Law Enforcement to the County: A Current Example; Northfield and Tilton: A History of Partnering; Surviving Angry People; 2012 Legislative Update; The Economics of Share Community Services; Bicycling and Walking: Transportation Choices for New Hampshire's Lakes Region; Next Generation Broadband – The Network NH Now Project; Regional Broadband Plan and Our Broadband Stakeholder Group.
ECON	NOMIC DEVELOPMENT
	Worked with regional energy leaders to facilitate a meeting of the Lakes Region Energy Alliance to build capacity to identify economic development opportunities related to energy.
	Coordinated with area economic development groups including Belknap County Economic Development Council (BCEDC), Grafton County Economic Development Council (GCEDC), Franklin Business and Industrial Development Corporation (FBDIC), Mount Washington Valley Economic Council, and the Wentworth Economic Development Council (WEDCO) in pursuit of workforce development and growth opportunities for the region.

	Received new funding from the Economic Development Administration (EDA) to update the Comprehensive Economic Development Strategy (CEDS) for the Lakes Region. Completion is expected by August 2013, and projects in the CEDS would be eligible for EDA funding.
	Completed several Phase 1 and Phase 2 environmental assessments in five Lakes Region communities through the Lakes Region Brownfields program. Some of these led to the communities applying for and receiving clean up funds from EPA to help re-purpose the properties for new uses.
	Provided demographic information to the GCEDC to assist in a grant application.
TRAN	SPORTATION
	Conducted over 150 traffic and turning movement counts around the region.
	Convened several meetings of the LRPC Transportation Technical Advisory Committee (TAC) to enhance local involvement in regional transportation planning and project development.
	Received funding through the NH Department of Transportation (NH DOT) to initiate a new Scenic Byways Plan.
	LRPC Commissioners approved the Lakes Region Bicycle and Walking Plan and Design Supplement; which is accessible from the LRPC website.
	Developed and delivered a priority list of Transportation Enhancement projects to the NH Department of Transportation (NHDOT) for future funding consideration.
	Completed an analysis, including maps, on the potential future demand for the Winnipesaukee Transit System.
	Participated in and reviewed the Governor's Advisory Commission on Intermodal Transportation (GACIT) information relative to Lakes Region projects in the Ten Year Plan (TYP) 2013-2022.
	Initiated the start of the NH Route 140 Corridor Study, which includes the towns of Alton, Belmont, Gilmanton, Northfield and Tilton.
	Acquired Road Surface Management Systems (RSMS) 11 software from the Maine DOT to help LRPC continue to provide a useful service to our members.
	Assisted with the successful application to fund the expansion of transportation services for the elderly and disabled in Carroll County. Attended several Mid-State Regional Coordinating Council and Carroll County Regional Coordinating Council meetings. The RCCs advise the State Coordinating Council on public transit issues in their respective locations.

Executive Councilor District One

> Report to the People of District One by Ray Burton Executive Councilor, District One

As one of five members of the Executive Council, I will again take the Oath of office on January 3, 2013. I am now representing 108 Towns, four cities- Berlin, Laconia, Claremont and Lebanon spread across all or parts of seven of NH's ten Counties, - Carroll, Grafton, Belknap, Coos, Sullivan, Strafford and Merrimack. I was sorry to lose, through the redistricting process, the towns of Belmont and Charlestown.

Governor Hassan will be the tenth Governor I have served with in the last 35-36 years of public service to the 263,000 people of this large Northern Rural District. The Governor is required to nominate citizens to serve on the dozens of volunteer Boards and Commissions which the Council will vote on. I urge anyone who is interested in serving to send a letter of interest and resume to the Governors Office, 107 North Main Street, Concord, NH 03301. For a list of the Boards and Commissions go to http://www.sos.nh.gov/redbook/index.htm contact my office or utilize your local town or city library.

With the support of the NH Health and Human Services Department, I have three District Health Councils which meet about every 4 months with Commissioner Nick Toumpas and his staff for about 2 hours. We receive updates and respond to local health concerns, consumers, providers and elected officials - local, county and state. These 2 hour sessions are open and frank discussions about the health of all NH citizens. The notification is all by email. Please send me your email to add to the list if you are interested at ray.burton@myfairpoint.net

2013-2014 is the year of the 10 year NH Transportation Plan. The Five Member Council will work closely with the local Regional Planning Commissions; hold required hearings on the recommendations for the next ten years for all modes of transportation- highways, rail, air and public transportation. We then submit our recommendations to the Governor by December 15, 2013. The Governor reviews and submits her recommendations of the plan to the NH House and Senate by February 15, 2014 which will become a legislative bill concluding with a new 10 year transportation plan by July 1, 2014. Keep in touch with my office or the NH Dept. of Transportation Planning Office at 271-1484 on this. There will be some interesting and in depth discussions and votes.

Please contact my office anytime I can be of assistance. I enjoy participating and speaking at local events and consider it an honor to serve you.

Sincerely

Ray Burton, Executive Councilor

Annual Report 2012

University of New Hampshire Cooperative Extension's mission is to provide New Hampshire citizens with research-based education and information, to enhance their ability to make informed decisions that strengthen youth, families and communities, sustain natural resources, and improve the economy.

Four Extension Field Specialists are based out of our North Haverhill office: Deborah Maes, Food Safety and Community Economic Development; Kathleen Jablonski, Youth and Family; Heather Bryant, Food & Agriculture; Dave Falkenham, Natural Resources; and State Dairy Specialist, Michal Lunak. Donna Lee is in the newly created position of 4-H and Master Gardener Coordinator. Lisa Ford, Nutrition Connections, is located at the Whole Village Family Resource Center in Plymouth. Our staff is supported in the office by Kristina Vaughan and Teresa Locke.

Volunteers serve on the Grafton County Extension Advisory Council and provide local support for our programs. Membership for 2011-2012 included Martha McLeod, Franconia; Frank Hagan, Bethlehem; Cheryl Taber, Littleton; Luther Kinney, Sugar Hill; Mary Ames, Bath; Pauline Corzilius, Pike; Joan Pushee of Plymouth, Jon Martin of Bristol; Emilie Shipman, Enfield; Joan Osgood, Piermont; and Catherine Flynn of North Haverhill. They are joined by State Representative Kathleen Taylor and County Commissioners, Ray Burton, Michael Cryans and Omer Ahern, Jr.

During the 2012 year, UNH Cooperative Extension reorganized to work more effectively to meet the needs of NH Citizens. This new approach looks at regional programming and focuses on using individual staff expertise.

Here are some of our noteworthy accomplishments during the past year.

Maes and Bryant worked with UVM Extension and USDA Rural Development of NH/VT to provide training in the Stronger Economies Together curriculum to "Keep Growing" a four county initiative. The goal is to strengthen the local economy through support of local agriculture.

Maes also worked with a volunteer panel in Franconia to explore the town's need for police coverage, staffing and office space.

Falkenham conducted a National Resources Inventory for the town of Easton and also completed site visits on 10,000 acres of forestland to help landowners manage their private woodlots.

Bryant is collaborating with the Grafton County Farm to conduct a variety trial, testing 8 varieties of sweet potatoes for yield and quality.

Grafton County Master Gardener volunteers work on a number of educational projects around the County. One example, the Memorial Gardens at the County Complex is in its 7th season. This year volunteers added new plants and began work to update the interpretive signs.

Jablonski worked with Lakeway Elementary School to teach a healthy living and nutrition curriculum as part of a grant funded by the WalMart Foundation.

Jablonski and Colpitts continued to work with local after school organizations to use inquiry science and technologies curriculums.

Ford is part of the ECO Learning Garden located at Whole Village where she and other volunteers worked with youth and parents in planting, harvesting and cooking the garden yields.

Three participants in a nutrition/cooking class taught by Ford volunteered to assist with the next series.

Lunak helped coordinate a state wide workshop on Understanding Animal Handling featuring noted expert Temple Grandin that attracted over 200 participants.

Be sure to look for us on Facebook and Twitter.

Respectfully submitted: Deborah B Maes, Extension Field Specialist & County Office Administrator

Pemi-Baker Solid Waste District 2012 Annual Report

Submitted by Dan Woods, District Director

This past year the Pemi-Baker Solid Waste District continued its cooperative efforts to promote waste reduction, increase recycling, and to provide residents with a means of properly disposing of their household hazardous wastes (HHW). The District held two (2) one-day collections, one in Littleton and the other in Plymouth. A total of 230 vehicles came to the two sites – one of our highest turnouts in the last six years. Some of this can be attributed to the low turnout last year in Littleton due to weather conditions. We also disposed of significant volumes of waste from two member communities that had material stored at their recycling facilities. As a result, a lot of material was collected. At both sites our contractor remained for over four hours after the close of the collection to pour off and consolidate the material. The total disposal costs were \$32,460. District was awarded a grant from the State of NH for \$5.305. expenditure for the program was \$27,155 (a cost of \$.90 per resident). The table below highlights the District's HHW collection data since 2007. The District also coordinated the pickup of fluorescent light bulbs that had been collected at member towns' recycling facilities. Over 38,000 feet of straight fluorescent tubing and 850 compact fluorescents were recycled at a cost of just over \$2,900.

In 2013, the District will hold collections in Littleton and Plymouth. The actual dates have not been set at this time. Watch for them in early spring. The District takes great effort to provide these collection programs in a cost effective means, but the reality is that they are very expensive to hold. Individual residents can help keep the District's disposal costs down and reduce the toxicity of the environment by remembering a few of these helpful tips; Buy only what you need. If you have leftover product, properly store it so it will last. Use biological controls and organic products for pests and diseases in the garden when feasible. Apply chemical pesticides only as a last resort and be sure to follow the directions on the label. Lastly, air-dry your leftover latex paint. When completely dried, latex paint maybe disposed of in your household trash.

2012 also saw the District sign a waste disposal agreement/extension with North Country Environmental Services (NCES) giving the District members a long-term waste disposal option with very competitive pricing. The agreement which will take effect May 1, 2013 is for ten (10) years. The base tipping fees will be \$59.75/ton for MSW (currently \$65.65/ton) and \$61.75 for C & D (currently \$69.13/ton). Rates will be adjusted annually on May 1st thereafter by a percentage equal to the increase in the Consumer Price Index for the Northeast Region. NCES also agreed to contribute \$5,000 annually to the District to help off-set expenditures associated with its one-day HHW collection program. This will help to lower District Dues for everyone.

As always, citizens interested in participating in the development of the District's programs are welcome to attend the District's meetings. Information regarding the place and time of the meetings is available at all municipal offices and recycling centers. If at any time an individual community needs assistance in regards to their solid waste/recycling program, please contact the District at 838-6822 or by email at pemibakerswd@yahoo.com

2007 - 2012 HHW Collection Data

Year	# of Collections	# of vehicles	HHW Disposal Costs	NHDES HHW Grant	Revenue from non-District Participants	Net Expenditures	Cost/Capita
2007	2	180	\$22,460	\$8,927	\$0	\$13,533	\$.45

Respect Advocacy Integrity Stewardship Excellence

December 10, 2012

To the Residents of Ashland:

Thank you for investing in Genesis Behavioral Health and contributing to the health and wellness of our community!

The appropriation we received from the Town of Ashland's 2012 budget helped us support the cost of providing emergency mental health care to the residents of your town.

During Fiscal Year 2012 (July 1, 2011 to June 30, 2012), we served **74 Ashland residents** and provided emergency services to **12 Ashland residents**. We provided \$19,687.03 in charity care to these residents.

Age Range	Number of Patients
Ages $1 - 17$	19
Ages 18 – 59	47
Age 60 and over	8

The mission of Genesis Behavioral Health is to provide essential services that enhance the emotional and mental health of our communities. Consider the following statistics:

- 1 in 4 adults and 1 in 10 young children will experience a mental health disorder in a given year.
- Adults with serious mental illness die, on average, 25 years younger than other Americans.
- Mental illness is the leading cause of disability in North American adults, costing approximately \$63 billion in lost productivity.
- Older adults have the highest rate of suicide in the country (by 2030, 36% of Belknap County residents will be over 65, 31% in Grafton County).

Genesis Behavioral Health provides the medically necessary services that help people with mental illness live healthier lives. Mental health treatment helps people foster fulfilling, relationships, maintain stable employment and contribute to their community. We work with your police and fire departments, as well as local hospitals, to provide emergency services 24 hours a day, 7 days a week, to **any resident of Ashland** experiencing a mental health crisis, regardless of their ability to pay.

Your investment is an essential component of our funding and is critical to the sustainability of the emergency services program. Genesis Behavioral Health improved the health of 3,330 individuals last year. On behalf of all of them, we thank you.

Sincerely,

Margares m Reterand

Margaret M. Pritchard, Executive Director

2012 ANNUAL REPORT PEMIGEWASSET RIVER LOCAL ADVISORY COMMITTEE

PRLAC water quality monitoring teams operated under their normal bi-weekly, April –
September schedule for the year. Test sites were the Smith River (Profile Falls), Newfound
River (Rte 104), Mad River (Thornton), and six sites on the Pemi ranging from the Bristol's
Central Street Bridge to Thornton's Memorial Bridge. Water quality in the Pemi continues to
meet most Class B standards. There are, however, 13 river segments listed as impaired for either
pH or Dissolved Oxygen in the state's 303(d) List of Impaired Waters 2012 Draft Report. The
low pH problems were discovered in river segments starting in Woodstock and continued in
several segments downriver through New Hampton. The low Dissolved Oxygen impairment is
confined to impoundment area upriver from Ayers Island Dam. Sources of these problems have
not been identified. Although river segments that do not meet Class B standards could adversely
affect aquatic life, corrective action today is considered a low priority by the Department of
Environmental Services. E coli and phosphorous tests were well below concern limits.

As one of its primary duties, PRLAC continues to review and comment on development permit applications that have river water quality implications. Thirteen permits were reviewed in 2012: three involving Pemi shoreland, five pertained to Alteration of Terrain, four related to wetlands adjacent to the river, and one involved a dam permit. In assessing these applications, PRLAC is generally concerned with how buffers are protected and what steps are being taken to encourage infiltration of impervious surface runoff.

PRLAC members attended several conferences and workshops throughout the year pertaining to protecting both the quality and quantity of our water resources in the state. Presentations addressed a wide range of topics: excessive salt identified in our river aquifers; the need for private well testing for a variety of toxins; water quality issues associated with very old septic systems. By attending such programs, PRLAC members are made aware of issues, and maintain contact with other groups working on similar problems. In the coming year, PRLAC will consider the applicability of some of these programs to corridor communities.

Updating the Pemi Corridor Management Plan has occupied the committee for most of 2012. We are being assisted in this effort by the North Country Council and the Lakes Region Planning Commission, both of whom are active resources for this project. As we look ahead at the next decade, it is clear that stormwater runoff is the issue that most threatens our region's water resources. In NH, and indeed across the country, stormwater has been identified as a primary contributor to over 80% of surface water quality impairments. Continued growth and development will likely result in conversion of currently unaltered open space into impervious surfaces – homes, commercial buildings, roads, parking areas - to accommodate the growth we will see by 2030. It is expected this problem will be amplified by more frequent intense storms associated with climate change. For each acre of impervious area that drains directly to surface water, in excess of 250,000 gallons per year of groundwater recharge is lost. Capturing this runoff and encouraging its infiltration into water supply lands is a key objective. Encouraging the infiltration of runoff into our groundwater serves both to mitigate flooding and protect groundwater supplies.

PRLAC continues to enjoy financial support from 90% of the Pemi Corridor towns, Thornton to Hill that we work most closely with. All corridor communities receive our monthly meeting agendas and minutes. The public is invited to attend our meetings. For details call the Chairman at the number listed below. Thank you for continuing to support protection of this key corridor resource.

Max Stamp, PRLAC Chair, 744-8223

GRAFTON COUNTY SENIOR CITIZENS COUNCIL, INC. ANNUAL REPORT 2012

Grafton County Senior Citizens Council, Inc. is a private nonprofit organization that provides programs and services to support the health and well being of our communities' older citizens. The Council's programs enable elderly individuals to remain independent in their own homes and communities for as long as possible.

The Council operates eight senior centers in Plymouth, Littleton, Canaan, Lebanon, Bristol, Orford, Haverhill and Lincoln; and sponsors the Grafton County ServiceLink Resource Center and RSVP and the Volunteer Center. Through the centers, ServiceLink and RSVP, older adults and their families take part in a range of community-based long-term services including home delivered meals, community dining programs, transportation, outreach and counseling, chore/home repair services, recreational and educational programs, and volunteer opportunities.

During 2011-12, 143 older residents of Ashland were served by one or more of the Council's programs offered through the Plymouth Regional Senior Center and 52 were served through ServiceLink:

- Older adults from Ashland enjoyed 1,847 balanced meals in the company of friends in the Plymouth center's dining room.
- They received 5,626 hot, nourishing meals delivered to their homes by caring volunteers.
- Ashland residents were transported to health care providers or other community resources on 1,252 occasions by our lift-equipped buses.
- They received assistance with problems, crises or issues of long-term care through 250 visits by a trained outreach worker and 110 contacts with ServiceLink.
- Ashland's elderly citizens also volunteered to put their talents and skills to work for a better community through 2,123 hours of volunteer service.

The cost to provide Council services for Ashland residents in 2011-12 was \$76,192,65.

Such services can be critical to elderly individuals who want to remain in their own homes and out of institutional care in spite of chronic health problems and increasing physical frailty, saving tax dollars that would otherwise be expended for nursing home care. They also contribute to a higher quality of life for older friends and neighbors. As our population grows older, supportive services such as those offered by the Council become even more critical. <u>Ashland's population over uge 60 has increased by 57.6% over the past 20 years, according to U.S. Census data from 1990 to 2010.</u>

Grafton County Senior Citizens Council would very much appreciate Ashland's support for our programs that enhance the independence and dignity of older citizens and enable them to meet the challenges of aging in the security and comfort of their own communities and homes.

Roberta Berner, Executive Director

Town of Ashland, NH

Congratulations for being such active recyclers!

Below please find information on the positive impact this recycling has had on your environment.

The recyclable materials listed below were sent to market to be remanufactured into new products through your non-profit recycling organization, the Northeast Resource Recovery Association.

Recyclable Material	Amount Recycled In 2012	Environmental Impact! Here is only one benefit of using this recycled material rather than natural resources (raw materials) to manufacture new products.
Paper	38.74 tons	Saved 659 trees!
Plastics	6.835 tons	Conserved 10,253 gallons of gasoline!
Steel Cans	15060 lbs.	Conserved enough energy to run a 60 watt light bulb for 391,560 hours!

"Partnering to make recycling strong through economic and environmentally sound solutions"

Northeast Resource Recovery Association, 2101 Dover Road, Epsom, NH 03234 Telephone: (603) 736-4401 or 1-800-223-0150 Fax: (603) 736-4402 E-mail: info@nrra.net Web Site: www.nrra.net

Dear NRRA Member,

As a member of Northeast Resource Recovery Association (NRRA), your community has access to all the services of this first in the nation, 32-year old recycling cooperative. Your member-driven organization provides you with:

- Up-to-date Technical Assistance in waste reduction and recycling;
- Cooperative Marketing to maximize pricing and Cooperative Purchasing to minimize costs;
- Current Market Conditions and Latest Recycling Trends, both regionally and nationwide;
- Innovative Programs (i.e. Dual Stream, Consolidation and Single Stream);
- Educational and Networking Opportunities through our Annual Recycling Conference, our new Bi-weekly "Full of Scrap" email news, monthly Marketing meetings, website, and Fall Facility Tours;
- School Recycling Club a program to assist schools to promote or advance their recycling efforts;
- NH DES Continuing Ed Credits;
- NH the Beautiful Signs, Grants, Bins and Recyclemobiles.

The membership has grown to include more than 400 municipalities, businesses and individuals in New Hampshire, Vermont, Massachusetts, Connecticut and Maine. NRRA, as a non-profit organization, is unique in that we do not charge a "brokerage fee" or work to maximize profit gains, but rather has a minimal "Co-op" Fee" which is re-invested into programs to further your recycling programs and solid waste reduction efforts in schools and municipalities.

Through your continued support and dedication, NRRA has assisted our members to recycle over 78,890 tons in fiscal year 2011-2012!

Please contact NRRA at 800-223-0150 / 603-736-4401 or visit our website at www.nrra.net

Pemi-Baker Community Health (PBCH)

2012 Annual Report

Annual reports are an opportunity to offer our donor towns an insight into some of our 2012 accomplishments. We all know that healthcare is a changing landscape and our reimbursement continues to decrease while at the same time we are seeing more medically complex patients, requiring highly skilled staff. We love a challenge and have used these changes to creatively look for ways to survive so our community can continue to have PBCH their healthcare provider of choice for the programs we offer. We have focused on building the relationships with our other local healthcare organizations and community partners.

Most of our community members would choose to remain healthy at home and have been able to realize this possibility through our home care or our hospice programs. Our facility programs include Rehab Therapies for those who need physical or occupational therapy as they recover from surgery or injury. What sets us apart is our indoor therapy pool and as a nonprofit we offer an individualized approach for each person at a lower cost.

We have much to celebrate this year including the opportunity to merge with Plymouth Regional Clinic allowing us the chance to assess and serve the needs of those who are uninsured. The clinic is held at Whole Village Tuesdays between 6-8PM. This is just one of the ways we give back to our towns who support our organization.

PBCH is excited to work with the Plymouth Area Renewable Energy Initiative (PAREI) to reduce our energy costs with two solar installations for domestic hot water and to heat our therapy pool. Rebates and grants were matched by our community as it rallied behind us to raise money through donations and fundraising. Thank you to all who helped make this long term sustainability initiative possible!

Our new website is a work in progress and we would love you to check it out at www.pbhha.org. We are in the testing phase and we welcome your feedback.

Our success is thanks to our skilled, passionate, customer oriented, fun loving staff (they do tend to give above and beyond!) and to a community who has supported us in so many ways. We are known to be friendly and we are in the helping business. We are pleased to be part of the community and touching lives: yours, your family's, your neighbor's with a customer oriented, client centered approach in a partnership to improve health and lives.

Respectfully,

Chandra Engelbert Chandra Engelbert, RN, BSN, MBA Executive Director

Incorporated: 1868

Origin: Once the southwest portion of Holderness known as the village section, Ashland was not incorporated until 1868. The name Ashland was in honor of the birthplace and Kentucky estate of Henry Clay, Secretary of State and Senator from Kentucky. The name was suggested by Colonel Thomas Cheney, who had been assistant Sargent-at-Arms in Congress during Clay's service in Washington, and an active participant in the formation of the Republican party in New Hampshire. The geographic center of New Hampshire is located three miles east of Ashland.

Villages and Place Names: unknown

Population, Year of the First Census Taken: 885 residents in 1870

Population Trends: Population change for Ashland totaled 603 over 50 years. from 1,473 in 1960 to 2,076 in 2010. The largest decennial percent change was

a 13 percent

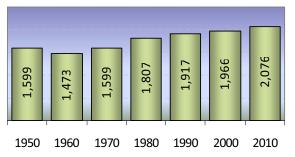

increase

between 1970 and 1980, the only decade that population increased over ten percent. The 2010 Census estimate for Ashland was 2,076 residents, which ranked 138th among New Hampshire's incorporated cities and towns.

Grafton County

Graftor

Population Density and Land Area, 2010 (US Census Bureau): 188.9 persons per square mile of land area. Ashland contains 11.0 square miles of land area and 0.5 square miles of inland water area.

Χ Snowmobile Trails Bicycle Trails

Cross Country Skiing

X Beach or Waterfront Recreation Area

Overnight or Day Camps

Nearest Ski Area(s): Loon, Waterville, & Ragged

Mountains

Other: Little Squam Lake

Region: 5

NOTICE

If you own real estate lots that were involuntarily merged by municipal action, you may be able to have those lots restored to their pre-merger status.

Your property may qualify if two or more lots were merged for zoning, assessing, or taxation purposes and the merger occurred:
 During your ownership, without your consent; or Prior to your ownership, if no previous owner consented to the merger.
To restore your property to pre-merger status, you must:
 ☐ Make a request to the local governing body ☐ No later than December 31, 2016.
Once restored:
☐ Your properties will once again become separate lots; however, they must still conform to applicable land use ordinances. Restoration does not cure non-conformity.
This notice must be: □ Posted continuously in a public place from January 1, 2012 until December 31, 2016, and □ Published in the 2011 through 2015 Annual Report.
Read the full statute at RSA 674:39-aa Restoration of Involuntarily Merged Lots.

TOWN CLERK/TAX COLLECTOR REPORT

Submitted by Patricia Tucker, CTCTC

The Town Clerk's Office could be considered the hub of activity in this community. We act as a liaison to the residents for a variety of information from "where to get our transfer recycling center sticker" to "how do I register my car".

2012 was a very busy election year – the presidential primary, the town and school elections, the state primary and the general election. Elections are a very important role of the Town Clerk. Our Supervisors of the Checklist are a great help to this office as they are the ones who take on the responsibility of taking are of anything to do with the state wide voter registration system. This is not the same in all communities and I personally thank Bev, Teri, and Maryann for an outstanding contribution to the election process.

Dogs – we licensed close to 400 in 2012; we know you have a dog if you get them their rabies vaccination because the law is that the vets send the town clerk copies of these documents. Licensing a dog is for the safety of the animal and it is the law, licenses expire on April 30.

Vital Records – we are able to produce certified copies of marriage, death, birth and divorce records. There are laws that govern who are able to receive a copy.

This clerk's office is the keeper of records – minutes of all boards and committees are kept by the clerk.

Registrations – this is one of the largest parts of the Town Clerks office. We are Municipal Agents for the state and can register vehicles that the state allows us to do. The rules and laws are governed by the state and Pat and I attend workshops as needed to keep us abreast of changes.

Online registration and dog licensing are now available; payments are by e-check. Visit the town website at www.ashland.nh.gov and click on the EReg or Dog Licensing icon.

Unaudited Receipts

MV Permits	\$2	76077.56
Dog Licenses – town portion	\$	2131.50
Dog – Paid to state	\$	837.50
Vital Records – Town	\$	899.00
Vital Records – Paid to state	\$	2701.00
Misc Income	\$	1103.60
Fees, Permits		

The Tax Collector is responsible for the issuance of bills and requisite collection for real estate taxes, yield taxes, excavation taxes, and land use change taxes. We are open Monday – Friday 8-4 and Thursday from 8-5.

The New Hampshire Department of Revenue Administration is charged with the task of computing and establishing the tax rate for each town or city in accordance with RSA 21-J:35. The 2012 tax rate has been set at \$21.98 per thousand of assessed valuation. The rate is broken down as follows:

Town Rate	\$8.60
Local chooS	\$9.68
State School	\$2.27
County	\$1.43

The town bills for all the portions of the total rate. The Town is obligated to make payments to both the local and regional schools on a monthly basis. Our payment to the county is due is December. This obligation sometimes results in a cash flow problem for the general town operating budget if taxes are not paid on time. The Board of Selectmen is able to borrow what is called a Tax Anticipation Note if they feel there is a need to do so.

Please be aware that the Tax Collector can take payments throughout the year for any amount which will be credited to your balance. Tax liens for the unpaid previous year's taxes are generally processed in May.

Feel free to contact me for any information at 603-968-4432 or ptucker@ashland.nh.gov.

I extend a very big thank you to my Assistant Clerk Pat Crowell for all her contributions to this office and to my Deputy Town Clerk/Tax Collector Anne Abear for her assistance during the year, especially during the election time.

Thank you to all those that come to our counter – you make this job very enjoyable.

NH DEPARTMENT OF REVENUE ADMINISTRATION MUNICIPAL SERVICES DIVISION P.O. BOX 487, CONCORD, NH 03302-0487 (603)230-5090

INDEPENDENT AUDITOR'S REPORT

To the Members of the Board of Selectmen Town of Ashland Ashland, New Hampshire 03217

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the Town of Ashland, as of and for the year ended December 31, 2011, which collectively comprise the Town's basic financial statements as listed in the table of contents. These financial statements are the responsibility of the Town of Ashland's management. Our responsibility is to express opinions on these financial statements based on our audit. We did not audit the financial statements of the Proprietary Funds, which represent 100 percent of the assets, net assets, and revenues of the Business-type Activities and the Enterprise Funds. Those financial statements were audited by other auditors whose report thereon has been furnished to us, and our opinion, insofar as it relates to the amounts included for the Business-type Activities and the Enterprise Funds, is based on the report of the other auditors.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit and the report of other auditors provide a reasonable basis for our opinions.

In our opinion, based on our audit and the report of other auditors, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the Town of Ashland, as of December 31, 2011, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in conformity with accounting principles generally accepted in the United States of America.

Accounting principles generally accepted in the United States of America require that the budgetary comparison information on page 31 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Town of Ashland, New Hampshire Independent Auditor's Report

The Town of Ashland has not presented a management's discussion and analysis. Accounting principles generally accepted in the United States of America have determined that the management's discussion and analysis is necessary to supplement, but is not required to be part of, the basic financial statements.

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Town of Ashland's financial statements as a whole. The combining nonmajor and individual fund schedules are presented for purposes of additional analysis and are not a required part of the financial statements. They are the responsibility of management and were derived from, and relate directly to, the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

INDEPENDENT AUDITOR'S REPORT

To the Commissioners
Ashland Water, Sewer and Electric Departments
Ashland, New Hampshire

We have audited the accompanying financial statements of the business-type activities, by major fund, and the remaining information of the Ashland Water, Sewer and Electric Departments as of and for the year ended December 31, 2012, which collectively comprise the Town's basic financial statements on the business-type activities as listed in the table of contents, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the business-type activities, of the Ashland Water, Sewer and Electric Departments, as of December 31, 2012, and the respective changes in financial position and, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other-Matter

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Town's basic financial statements on business-type activities as a whole. The combining financial statements are provided for purposes of additional analysis and are not a required part of the financial statements. The combining financial statements are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining information is fairly stated in all material respects in relation to the financial statements as a whole.

Management has not presented the management discussion and analysis that governmental accounting principles, generally accepted in the United States of America require to be presented to supplement the basic financial statements. Such missing information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. Our opinion on the basic financial statements is not affected by this missing information.

WARRANT AND BUDGETS

TOWN OF ASHLAND STATE OF NEW HAMPSHIRE **2013 WARRANT**

AS AMENDED AT FEBRUARY 2, 2013 MEETING

To the Inhabitants of the Town of Ashland, in the County of Grafton in said State, qualified to vote in Town Affairs:

First Session - You are hereby notified to meet for the First (Deliberative) Session of the Annual Town Meeting, to be held at the Ashland School Gymnasium, 27 Highland Street, Ashland, New Hampshire, on the 2nd day of February 2013, being Saturday, at 1:00 PM. The First (Deliberative) Session will consist of explanation, discussion and debate of each of the following articles and will afford those voters who are present the opportunity to propose, debate and adopt amendments to each warrant article, except those articles whose wording is prescribed by state law.

Second Session - You are also notified to meet for the Second Session of the Annual Town Meeting, to elect Town Officers by official ballot and to vote by official ballot on the warrant articles as they may have been amended at the First Session, to be held at the Ashland School Gymnasium, 27 Highland Street, Ashland, NH on the 12th day of March 2013, being Tuesday, the polls to be open at 8:00 AM and may not close prior to 7:00 PM to act upon the following:

ARTICLE 1 - ELECTION OF OFFICERS

To choose all of the following officers for the year ensuing: Member Board of Selectmen - 3 year term; Town Trustee of the Trust Funds - 3 year term; Library Trustee - 3 year term; Supervisor of the Checklist - 3 year term; Electric Commissioner - 3 year term; Water and Sewer Commissioner - 3 year term; Budget Committee - 3 year term [two positions]; Cemetery Trustee - 3 year term; Cemetery Trustee - 2 year term; Cemetery Trustee - 1 year term

ARTICLE 2 - ZONING ORDINANCE AMENDMENTS

To see how the Town will vote by official ballot on the proposed amendments as recommended by the Planning Board, to the Ashland Zoning Ordinance as follows:

Question #1

Are you in favor of adding the following definition of "Sign" to Article 10 of the Ashland Zoning "An advertiSing device that shall include any billboard, outdoor sign, notice poster, display figure, painting, message, placard or any other device which is designated or intended to attract the attention of the public and which is erected and maintained on any property with the purpose to set forth the name of the business or profession conducted on any property, or to identify the goods or services produced or sold on any property".

Shall the Town of Ashland raise and appropriate as an operating budget not including appropriations by special warrant articles and other appropriations voted separately, the amount set forth on the budget posted with the warrant or as amended by vote of the first session, for the purposes set forth therein, totaling $\frac{56,304,464}{40}$. Should this article be defeated, the operating budget shall be $\frac{56,359,408}{40}$ which is the same as last year, with certain adjustments required by previous action of the Town of Ashland or by law; or the governing body may hold one special meeting, in accordance with RSA 40:13 X and XVI to take up the issue of a revised operating budget only.

General Operating Budget Town	<u>\$2,776,064</u>
Electric Department	\$3,105,912
Water	\$147,068
Sewer	\$275,420

Article 4

To see if the town will vote to authorize the selectmen to enter into a five year lease purchase agreement for \$145,700 for the purpose of purchasing a four wheel drive loader for the Public Works Department and to raise and appropriate the sum of \$29,133 for the first year payment for that purpose. This lease agreement contains an escape clause. (Majority vote required)

Board of Selectmen recommends this article by a vote of 2-0-1 Budget Committee recommends this article by a vote of 6-2-1

Article 5

To see if the town will vote to raise and appropriate the sum of One Hundred Twenty Five Thousand Dollars (\$125,000) to be placed into the Road Improvements Capital Reserve Fund established in 2012.

Board of Selectmen recommends this article by a vote of 2-0-1 Budget Committee recommends this article by a vote of 7-2

Article 6

To see if the town will vote to raise and appropriate the sum of Fifteen Hundred Dollars (\$1500) to be deposited into the Town Clock Non Capital Reserve Fund established in 2011 for maintenance of the town owned clock.

Board of Selectmen recommends this article by a vote of 3-0 Budget Committee does not recommend by a vote of 8-1

Article 7

To see if the town will vote to establish a Capital Reserve Fund under the provisions of RSA 35:1 for the purposes of repairing or purchasing fire department vehicles and to raise and appropriate the sum of \$25,000 to be placed in this fund and further to appoint the Selectmen as agents to expend from this fund.

Board of Selectmen recommends this article by a vote of 3-0 Budget Committee recommends this article by a vote of 9-0

To see if the town will vote to establish a Capital Reserve Fund under the provisions of RSA 35:1 for the purposes of repairing or purchasing police department vehicles and to raise and appropriate the sum of \$25,000 to be placed in this fund, and further to appoint the selectmen as agents to expend from this fund.

Board of Selectmen recommends this article by a vote of 3-0 Budget Committee recommends this article by a vote of 9-0

Article 9

To see if the town will vote to authorize the Board of Selectmen to transfer tax liens and to convey any real estate acquired by the town by Tax Collector's deed as justice may require pursuant to RSA 80:80. This authority will be in addition to previously authorized conveyances of such properties by public auction, or advertised seal bids. This authorization will remain in effect until rescinded by a vote of the municipal meeting.

Article 10

Are you in favor of requiring the annual budget and all special warrant articles having a tax impact to include a notation stating the estimated tax impact of the article?

To see if the Town will vote to authorize the Board of Selectmen to establish or amend fees pursuant to RSA 41:9-a. This authority shall continue in effect until rescinded. If adopted, the Board of selectmen, following a hearing, may establish or amend fees or charges for the issuance of any license or permit which is part of a regulatory program, and/or for the use or occupancy of any public revenue-producing facility. This article will not include or affect the Ashland Water, Sewer or Electric Departments.

Article 12

To see if the Town will adopt the provisions of RSA 261:153, VI to authorize the collection of an additional fee for motor vehicle registrations in the amount of \$5.00 to be used for the purpose of municipal transportation improvements, to fund, wholly or in part, improvements in the local or regional transportation system, including roads, bridges, bicycle and pedestrian facilities, parking and intermodal facilities and public transportation. Registrations for motorcycles, all terrain vehicles (as defined in RSA 215-A:1, I-b) and antique motor vehicles (as defined in RSA 259:4) are exempt from this fee. This fee shall be collected starting with motor vehicle registration permits on or after May 1, 2013.

Article 13

To see if the Town will vote to establish a capital reserve fund entitled the Ashland Municipal Transportation Fund to be used for the funding of improvements to local or regional transportation systems according to RSA 261:153, VI (a) to fund, wholly or in part, improvements in the local or regional transportation system, including roads, bridges, bicycle and pedestrian facilities, parking and intermodal facilities and public transportation; and further to designate the Selectmen as agents to expend monies from this fund. Each year the Selectmen shall place a warrant article on the ballot to raise and appropriate an amount to be deposited into this fund in an amount equivalent to the municipal transportation fees collected during the previous calendar year.

To see if the Town will adopt the provisions of RSA 41:14-a authorizing the Selectmen to acquire or sell land, buildings or both after first submitting the proposed transaction to the Planning Board and Conservation Commission for review and recommendation and holding two pubic hearings on the proposed transaction. This authority shall not apply where 50 or more voters petition the Selectmen to place the proposed transaction on the warrant, nor shall it authorize the Selectmen to sell town owned conservation land which is managed and controlled by the Conservation Commission; any part of a town forest; or any real estate given to the Town for charitable or community purposes.

Article 15

Are you in favor of amending the Ashland Building Regulations to read:

7.3 Sewage Disposal: All dwellings and all commercial, industrial, or public buildings shall be connected to the public sewer system when available. When the public sewer system is not available, a suitable sewage disposal system, consisting of a septic tank and drainage field, shall be provided.

The

type, size and construction of all septic tanks and drainage field shall

conform

to New Hampshire Laws and Regulations. All private sewage disposal

systems

which discharge effluent into the ground shall be in compliance with

Article

2.3b of the Ashland Zoning Ordinance.

Article 16

Are you In favor of amending Article 6.1 of the Ashland Building Regulations to adopt the 2012 International Building Code?

Article 17

Are you in favor of amending Article 6.1a of the Ashland Building Regulations to adopt the 2012 International Plumbing Code?

Article 18

Are you in favor of amending Article 6.1b of the Ashland Building Regulations to adopt the 2012 International Residential Code?

Article 19

Are you in favor of adding to Article 6 a section 6.1c of the Ashland Building Regulations to adopt the 2012 International Electrical Code?

Article 20

Petitioned Article: To see if the Town will vote to raise and appropriate the sum of One Thousand Dollars (\$1000) for CADY (Communities for Alcohol and Drug-free Youth, a non-profit organization) for the purpose of supporting the only local court diversion program to reduce juvenile delinquency by increasing offender accountability, ensuring restitution to victims, and potentially saving the town many thousands of dollars in placement costs at juvenile detention facilities. [During the last four years, CADY has served seven juvenile offenders from Ashland, providing services that saved the Town many thousands of dollars.]

> Board of Selectmen recommends this article by a vote of 3-0 Budget Committee recommends this article by a vote of 7-2

Petitioned Article: To see if the Town will vote to raise and appropriate the sum of Nine Thousand Four Hundred Fifty Dollars and Thirty Five Cents (\$9450.35) for Pemi-Baker Community Health (a nonprofit organization and Ashland's home health and hospice agency). for the purpose of making quality home health care available to all residents of the Town. This sum amounts to Four Dollars and Fifty-Five Cents (\$4.55) per resident based upon recent census data, and it represents a small fraction of the cost of providing these services to our residents in their home. [In 2012, Pemi-Baker provided 48 residents with 730 home visits.]

> Board of Selectmen recommends this article by a vote of 3-0 Budget Committee recommends this article by a vote of 8-1

Article 22

Petitioned Article: We request that \$6000 be raised and appropriated to Grafton County Senior Citizens Council, Inc. for services for Ashland residents in 2013. These services include congregate meals, home delivered meals, transportation, outreach support, ServiceLink support, and more. In 2012, Grafton County Senior Citizens Council, Inc provided services for 143 Ashland residents (and ServiceLink provided services for 52 Ashland residents), and the cost of providing these services was \$76,192.65.

> Board of Selectmen recommends this article by a vote of 3-0 Budget Committee recommends this article by a vote of 8-1

Article 23

Petitioned Article: To see if the town will vote to establish an Expendable Trust Fund under to provisions of RSA 31:19-a for purposes of funding matching grants for maintenance, repair, and equipment; and to raise an appropriate the sum of Fifteen Thousand Dollars (\$15,000) to be placed in this fund; and further to appoint the selectmen as agents to expend from this fund.

> Board of Selectmen does not recommend this article by a vote of 2-0-1 Budget Committee recommends this article by a vote of 9-0

Article 24

Petitioned Article: The Town of Ashland will raise and appropriate funds totaling \$2500 to Genesis Behavioral Health for the delivery of Emergency Mental Health Services. These services include access to Master's level clinicians and psychiatrists by individuals, police, fire, schools, hospitals and others 24 hours per day, 7 days per week. Services are provided to anyone in need, regardless of their ability to pay. Genesis Behavioral Health is the community mental health center serving Belknap and southern Grafton counties. We served 3330 children, families, adults and elders in Fiscal Year 2012, 74 of whom were Ashland residents. Genesis Behavioral Health provided emergency services to 12 Ashland residents in Fiscal year 2012. We provided \$19,687 in charitable care to Ashland residents.

> Board of Selectmen recommends this article by a vote of 3-0 Budget Committee recommends this article by a vote of 7-2

Petitioned Article: Are you in favor of increasing the Board of Selectmen from 3 members to 5 members?

Article 26

Are you in favor of abolishing Ashland's Budget Committee pursuant to RSA 32:14, V and instead having the Board of Selectmen prepare and present the budget and hold the required public hearings?
