12 **PUBLIC COMMENT**

13 Don Stoppe, a resident of Leavitt Hill Road spoke on his concern with the Leavitt Hill Road speed bump
14 across from the Town Beach. He agrees it is a safety situation but would like the board to consider
15 other alternatives. He listed reasons against the speed bumps such as the negative impact on people
16 with bad backs, vehicles, decreased property value and first responder slow down. He presented
17 solutions such as a radar speed control sign, a pedestrian speed sign and cones, or an ADA compliant
18 speed hump. Rosemary and Mandy Gennaro stated that their neck and back problems are affected by
19 the speed bump. Chief Randall spoke on the fact that the speed bumps were implemented because of
20 drivers not slowing down. He also addressed the ongoing problem of vandalism of the speed bumps.
21 The Police force will also enforce the posted 15 mph speed limit in the area. Chief Randal concluded
22 that he is open to solutions to this problem. Chair Newton stated her primary concern is for the safety
23 of the children in the beach area and will look for a win/win solution. Other options were suggested
24 such as an indentation, crossing guard, and again a wider speed hump.
