

**Town of Ashland
Electric Dept. Assistant Superintendent**

The Town of Ashland is looking to hire an Assistant Superintendent to help supervise all functions related to the design, purchasing, operation, construction and maintenance of the Town's complete **ELECTRICAL DISTRIBUTION SYSTEM**.

KNOWLEDGE, SKILLS AND ABILITIES REQUIRED

Must have five years experience and/or a combination of hands on experience and education with a thorough knowledge of power line distribution, operations, circuitry and occupational hazards. Knowledge of safety precautions of power line distribution, tools (hand & power) and equipment used in power line construction and maintenance. Direct work on voltages from 48 VDC to 35 KVAC, including series circuits, radial, loop, relaying, instrumentation and metering. Switches circuits at sub-stations for both transmission and distribution; ties circuits together or instructs others to do so. Applicant will work closely with all Town Departments, Town Officials, State, Federal and the Public. Must be willing to work in **all weather conditions**.

(The listed examples are illustrative only, and do not include all duties found in this position.)

Send a resume to linda@ashlandutilities.com or apply in person at 6 Collins St.
