

Ashland Water and Sewer Department
Meeting Notes
August 9, 2017

The meeting was called to order at 9:00 a.m.

Jim Belcastro gave the commissioners an estimate of approximately \$2.5M for the Lystek process. He will schedule a meeting in September with the commissioners to discuss details.

Alan Cilley said that the Site Plan should be done and submitted by Friday, August 11, 2017.

Rusty Cross has ordered extra risers for the paving of Winona Road paving.

The commissioners need to talk further with DOT about the painting of the Collins St. bridge when we have details about construction.

Alan estimates that the office will be ready to use in a few months. Alan will find out about upgrading the electrical system.

Dave Toth and Alan Cilley will work with the Planning Board on developing an approach to protect the wellhead. Alan Cilley recommended an ordinance rather than a zoning change to allow for limited industrial development of land near Rochester Shoe Tree.

Alan Cilley will contact the union to find out where they are on Anne's description.

Dave Toth will prepare budget materials for the next Wednesday meeting.

The meeting was adjourned at 11:05
