To nominate Lisa Rollins for the two-year term as a Scribner Trustee.

**SECOND:** Selectman Newton

**DISCUSSION:** Selectman Cilley felt there was a conflict of interest with this appointment and that Lisa Rollins could make decisions that affected her job (Lisa works at the library). Selectman Newton clarified that library employees report to the Library Trustees not the Scribner’s who oversee the building and trust fund. Selectman Newton asked the applicants if they would take a stipend? (Lisa Rollins and Susan MacLeod said they would not). Vice Chairman DeWolfe reiterated her decision would be based on cooperation, communication, and compliance – DeWolfe felt she only saw this in two applicants.

b. **Ashland employee compensation**  
i. **Police Department Hazardous Duty Pay Stipend** – the State Employees’ Association of New Hampshire (SEIU Local 1984) on behalf of its members Ashland Police Department submitted a proposal to the town to incorporate a $2/per hour Hazardous Duty Pay Stipend for police officers as they face a higher risk of exposure to coronavirus (COVID – 19).

**DISCUSSION:** Vice Chairman DeWolfe asked Chief Ulwick how much police officers are interacting with the public? Chief Ulwick said they still interact quite a bit during this pandemic. Public Works Director Craig Moore, also an on-call EMT with the Ashland Fire Department, provided a recent example in which the Police Department were in close contact with the public. Selectman Newton expressed her support for the Ashland Police Department but had concerns about the town budget and not knowing whether property taxes would be collected in June. Selectman Newton would rather see a bonus given later in the year. Town Manager Smith supported the proposal, if not $2
then $1 and suggested the board revisit this in May because nobody knows how long the pandemic will go on. Town Manager Smith reminded the board the Ashland Police Department are our first responders, they are on the front lines of this pandemic, and when they receive a call, officers don’t always know what they are going into. They are putting themselves and their families at risk of contracting coronavirus. Town Manager Smith also mentioned the same can be said for the Fire Department and they should see a similar stipend even if they are not part of the union. Town Manager Smith to continue the discussion about something similar with the Fire Chief. Selectman Cilley felt that the Fire Department and any other town employee that came in closes contact to the public should be included. There was no further discussion.

MOTION: Vice Chairman DeWolfe
To incorporate a Hazardous Duty Pay Stipend in the amount of $1/per hour for police officers effective until the week of May 4th.
SECOND: Selectman Newton
VOTE: 4 – 1 (Selectman Cilley voted nay)

ii. **Ashland Town Clerk/Tax Collector (TC/TX)** – previously submitted personnel action form requesting a 3% pay increase.

DISCUSSION: Vice Chairman DeWolfe mentioned how the position is elected and as such the salary for the position should be voted upon by the public. Selectman Cilley asked the vote on the matter tonight and not delay the vote further. Selectman Lyford mentioned that since the budget went default and the raise was not in the default its difficult to grant the raise. Selectman Lyford preferred waiting on the measure. Chairman Badger informed new members of the board when the Selectmen prepared the budget in November the board recommended a $1,000 increase to be split between the TC/TX longevity lines. Selectman Newton had no issue with the $1,000 amount. Chairman Badger felt any raise should be expended form the longevity lines.

MOTION: Vice Chairman DeWolfe
To grant a $500 pay increase to each longevity line for the Town Clerk/Tax Collector for a total pay increase of $1,000.
SECOND: Selectman Newton
VOTE: 5 – 0

In the future the roads will be a total road reconstruction project. Selectman Lyford asked about ADA requirements and if the town could reclaim and repave? ADA requirements are
being held. Director Moore included the reclaim as part of the proposal but
being the roads going to be a future road reconstruction recommended the town
save the expense. Proposal for this project is $133,424 with the expense to be
from capital reserve funds.

**MOTION:** Vice Chairman DeWolfe

**c. Ashland 4th of July Event** – Selectman Newton brokered the conversation with the

Board members about deciding on whether the Board should cancel or postpone the
event due to the outbreak of COVID – 19. If the stay at home order were to be continued
by the Governor past May 4th that might not be enough time to prepare for the event?
Chief Ulwick said the Police Department would need four to six weeks to obtain a
permit for the parade and arrange police details. Vice Chairman DeWolfe was in favor
