Not many on the board received inquiries from their constituents. Consensus of the board was to table the item for a later date – Selectman Cilley supported the designation of a pickle ball court.

ii. Summer Camp – Director Barney received inquiries from residents about reopening summer camp on a limited basis. Director Barney forwarded a plan to reopen the camp that would require a firm commitment from campers, will only be four weeks long, limited to 13 campers and unlike previous summers’ campers won’t be able to attend or partake in events (pandemic related). Essentially the camp would be child – care, a service Director Barney wanted to provide for families in need of care so they can go back to work.

Got Lunch asked to start in July and said the gathering in the building would be less than ten people. Consensus of the Board was to allow Got Lunch to use the building, but they must sanitize after using the building.

b. Ashland Electric Department
   i. Auctioning equipment – Ashland Electric Superintendent Rob Kuell brought forward a recommendation to liquidate old equipment. At this time Superintendent Kuell recommended auctioning the International/Altec digger truck. He said the truck was bought as a second line truck and has only been used a couple of times. Instead of the digger truck the department uses the bucket truck for service calls. Superintendent Kuell has been in contact with Nationwide Auctioneer Group that could sell the truck at their August 7th auction. The truck would be listed online and can reach buyers nationwide. Superintendent Kuell said there is a need for digger trucks and sales for these trucks range from a high of $31,000 to a low of $19,500. Board agreed to send the truck to auction and have the Town Manager sign the title on behalf of the town.

Board members did not think the current application was adequate, it does not ask pertinent information e.g. business identification, and the two locations vendors can use are not conducive and restrictive for food vendors. Board members thought the applications should be adhered to on a case by case basis, locations can be approved by the Town Manager after working with the Police Department, Fire Department, and Department of Public Works. Board asked the Town Manager to mockup a new vendor application for approval.
