

Ashland Conservation Commission
Draft minutes of 7-27-16

Members present:
Walter Durack
Kathleen DeWolfe
Harold Lamos

Chairperson Walter Durack called the meeting to order at 6:42pm. The commission reviewed incoming mail and methods of gathering from town hall.

The Commissioners reviewed in detail all ongoing DES complaints (North Ashland road, Squam shore drive, as well as River street). This included next measures and actions required.

The Commission discussed any infractions on the Avery well field of a commercial pool water operation (for profit) within the well head protection zone. Given the volume of water transferred in time of drought the commission questions these actions of the water and sewer department.
Further investigation to follow. Also discussed was Whitten Woods and sightings of both ATVs and kindled fires, the kindled fires have been alleviated by dismantling the make shift fire rings. ATV use will be curtailed through proper signage.

Harold Lamos made a motion to adjourn at 9:05 pm, this was seconded by Kathleen DeWolfe vote of 3-0-0.
