

Community Rights Workshop – Why An RBO?

Ashland, NH - Sat. Dec. 16th @ 1pm

Common Man Restaurant * 60 Main St, Ashland, NH 03217

Who Really Decides What Happens in Your Community?

How Did It Get That Way and How Can You Change It?

M.Wuerker

...Wondering why corporations have more power than those of you living in your community?

...Wondering why state governments permit corporations to harm your community?

...Wondering why state governments routinely prevent you from making decisions that are in the best interests of your community?

Workshop Details

The **Community Environmental Legal Defense Fund (CELDf)** takes an in-depth look at how political and legal structures have been set up to protect the interests of an elite minority, at the expense of the majority of people. We'll look at how our current system of government and law have evolved to protect wealth and privilege over community self-government; we'll look at how corporations have received more rights and protections than those of you living in your community; and we'll look at how communities have pushed back against these oppressive structures to reclaim democratic self-government in their communities.

Workshop Instructor

Michelle Sanborn, michelle@celdf.org, NH Organizer, Community Environmental Legal Defense Fund
