

Ashland Water and Sewer Commission Minutes
December 4, 2018
6 Collins Street
Ashland, NH
6:30 PM

CALL TO ORDER

David Toth called the meeting to order at 6:30 p.m.

MEMBERS PRESENT

David Toth, Alan Cilley, Eli Badger.

OTHERS PRESENT

Christine Cilley, Mardean Badger, and Rusty Cross

UTILITY PARTNERS

Rusty distributed the monthly report and the NHDES WWTF Plant Inspection Report. He reported that the deficiencies were minor and have been corrected.

SEPTAGE RECEIVING STATION

David Toth reported that construction of the Septage Receiving Station has been delayed due to contractual issues. New bids for the General Contractor will go out at the beginning of the year. When construction begins the station will be moved away from the property line, which will allow use of the present flume for septage receiving during construction. The commission expects construction to begin in the spring.

The Commissioners are considering cancelling the equipment order to Smith and Loveless because they did not agree to key contractual requirements.

NEW OFFICE

Alan Cilley thanked Lee Huckins for his help with removal of the garage door. The entryway to the office and the clerk's office have been framed. The office should be completed by January, but completion is dependent on delivery of materials.

ADJOURNMENT

The meeting was adjourned at 7:10 p.m.

Respectfully submitted,
Paula Hancock for the
Water and Sewer Department
