The Library Trustees and the Library Director attended the Scribner Trustees meeting, which convened at 5:30 PM via Zoom.

The Scribner Trustees discussed a variety of issues relative to the fund and building, including asbestos, electrical and plumbing work, roof, key safe, fire alarm, and lawn care. The options of replacing the fuel tank or repairing the fill pipe were also discussed, with a decision made to request Ashland DPW to replace the fill pipe.

The Scribner Trustees also outlined their proposal to recommend that the Scribner Trustees be dissolved and the trust be turned over to the control and benefit of the Library Trustees' care of the building. They would submit their proposal to the Board of Selectmen in September, followed by the Library Trustees response and the final proposal being presented in October.

It was also recommended that the Scribner Trustees, Library Trustees, Board of Selectmen and legal counsel meet together relative to the proposal.

The meeting adjourned at 6:43 PM.
