REPORT OF FIRE WARDS.

To the Citizens of Ashland we beg to submit the following report:

On March 9, the house owned and occupied by S. H. Baker caught fire from an overheated chimney. This was put out by the use of chemicals without turning on the water. Insurance on the buildings and contents, \$2600. A damage of \$25.00 was paid by the insurance company.

March 25, a chimney fire in building of Mrs. Calvin Andrews was extinguished with chemicals. No damage.

May 3, a chimney fire at D. W. Carey's house was attended to with chemicals. No damage of any amount.

On May 3, a call by telephone for help at forest fire in Bridgewater was responded to.

May 28, there was a small forest fire at Green Grove cemetery put out without any damage.

June 12, a chimney fire at Mrs. Sadie Prescott's. Chemicals used. No damage.

On July 4, the forest fire alarm was rung for a fire on the land of Gordon Peavey which was not completely extinguished until July 6.

Dec. 9, the building owned by Squam Lake Woolen mill and used as a dwelling house caught fire by the thawing out of frozen water pipes. This fire was extinguished with chemicals. Insurance \$600. Damage of \$25.00 was paid by insurance company.

Dec. 26, a chimney fire at Mrs. Anna Whipple's and Dec. 29, at Mrs. Margaret Horrigan's was attended to. No damage.

February third, at 10.30 A. M., an alarm from box 74 was rung in for our worst fire of the season at the Squam Lake Lumber Co's., mill, caused probably by a hot box. The mill itself was totally destroyed, the dwelling house damaged, and the electric light plant accross the river on fire several times.

The Squam Lake Lumber Co's., property was insured for \$3,800.00. Damage of \$3,575.00 was paid by the insurance company. The Electric Light Co.'s, property was damaged to the extent of \$150.00, which has been paid by the insurance company.

At this fire the firemen laid 1,400 feet of hose, and received many favorable comments on their promptness and efficiency. The Squam Lake Lumber Company presented them with a check for \$25.00 toward the fund for getting the state convention here at their next annual meeting.

This year we have equipped the ladder truck with sleds for winter use and the apparatus is in first class condition.

The fire wards recommend an appropriation of \$650.00 to defray the expenses for the coming year.

L. G. FIFIELD, Chief.
GEO. F. PLUMMER.

REPORT OF BOARD OF EDUCATION.

ASHLAND SPECIAL SCHOOL DISTRICT.

Voters, Parents and Friends of Public Schools of Ashland :

We take pleasure again in submitting the annual school report of the public schools.

In September, it became necessary on account of the overcrowded condition to divide the fifth and sixth grades, thus requiring one more teacher in the grades, and this has improved conditions so greatly that none of the rooms are over taxed, except the first grade which has far too many pupils.

A physical laboratory has been newly equipped in the High school with the most modern apparatus, thus giving our students an equal chance in getting an education along a practical side of life.

In order to give the larger majority of students a business training, we have added a complete Commercial course. This includes arithmetic, commercial geography, penmanship, book-keeping, shorthand and typewriting.

Our enrollment has been the largest in the history of our schools, averaging two hundred and fifty pupils, an increase of twenty-nine over the previous year. This is due partially to the High school.

Next fall we start the fourth year in High school, and we think our High school will compare favorably with any in the state. The town will not be obliged to pay for tuition of any pupils to outside schools.

In order that all may be informed concerning the tennis courts which were constructed in September, we will briefly state that the district did not spend one cent for their construction, they being paid for by pupils in the High school.

We have been very successful in employing only Normal graduates or those having a State Certificate, and thereby we

have received a rebate from the state; also, we can see far better results in the schools by employing teachers who meet these conditions.

The following teachers have been employed the past year :

Supervising Principal,	William Buker, A. B. ,
First Assistant,	Bertha Payson, A. B.,
Second " "	Florence Hillsburg,
Seventh and Eighth grade,	Ruby Dame,
	Gertrude Sullivan,
Sixth grade,	Mabel Estes,
Fifth " "	Caroline Pearson,
Fourth " "	Blanch Rogers,
Third " "	Mary Barnet,
Second " "	Mildred Smith,
First " "	Mary Rogers.

As required by law, we herewith submit the following estimates for the next year :

For text books, supplies and appurtenances,	\$1,200 00
For payment of district notes and interest,	2,460 00

(Last year we figured the interest as four per cent., after this we learned that the notes were taxable and we were obliged to pay six per cent., which explains why more money is required for this purpose. This makes but little difference as all these six per cent. notes are held by residents of Ashland and the town gets the tax.)

In conclusion we urge all parents and friends to visit the schools and discover for themselves what the pupils are receiving from the public schools. Furthermore, it would aid and improve conditions if parents would impress continually upon their children the need of an education.

Respectfully submitted,
