LULA B. SHEPARD, Treasurer.

REPORT OF LIBRARY TRUSTEES.

To the Citizens of Ashland:

We respectfully submit the fourth annual report of the Library Trustees. During the year 7,526 books were taken out, of which number 216 were non-fiction. 54 books, all of more than common value, were given during the year. The number of books added was 158. We have a complete record of 3,200 books and estimate those not yet listed to be 400. With nearly four thousand volumes it must be apparent to all that we are fast out-growing our limited quarters in the Town Building and should begin to make plans for accommodations more up-to-date and in keeping with our needs. It might be said in this connection that we should have a reading room containing daily papers and magazines and open to the public, evenings.

F. ANNA WHIPPLE,
LULA B. SHEPARD,
W. F. TIMLIN,

Library Trustees.

Our equipment is in good shape and we need nothing new at the present time.

In the death of Fireward John B. Sullivan, which occurred on Jan. 12, the members of the Ashland Fire Department feel they sustained the loss of a capable and efficient officer, whose interest in the department was shown on many occasions, and his loss is greatly regretted by all.

L. G. FIFIELD,

REPORT OF THE PUBLIC SCHOOLS.

ASHLAND SPECIAL SCHOOL DISTRICT.

To the Citizens of Ashland:

The schools of the special district are, as during the past few years, under the supervision of the High school principal. In the grades and the High school the work of instruction has been uniformly satisfactory. Teachers, elected to fill vacancies caused by resignations of the preceding year, are fitting into their positions efficiently. The present registration of the schools shows a total of 239, 108 boys and 131 girls. This is a gain of 27 pupils according to the report for last year. Attendance has been remarkably good this year, and the truant officer has had no obstinate cases brought to his attention.

In the High school there are at present 51 members, divided among courses as follows: College course, 17; English course, 10; and Domestic Arts course 24. The course in Domestic Arts continues to be popular, as all of the girls but six are enrolled in it.

Such text books and supplies as have been needed have been purchased. All classes are well supplied with the necessary reference books.

The usual number of tuition pupils are enrolled and serve as a source of revenue to the district. It is hoped to make their number even larger by legitimate canvassing among the surrounding towns.

Visitors to both the High school and the grades are cordially welcome. It is highly desirable that their number should constantly increase.

The grammar school building is in very good con-

dition, thanks to recent expenditures. In the High school building, however, it should appear desirable to improve the appearance of the walls, and especially to do something towards obtaining slate blackboards, to replace the present substitutes, which have outlasted their period of usefulness.

The teachers at present in the employ of the district are:

In the High school—F. W. Knight, Science and Mathematics; Miss Florence Hubbard, English and Domestic Arts; Miss Emelyn Nickerson, French, Latin and History.

In the grades—Anna Lawrence, grade 8; Emily Cook, grade 7; Ida Mann, grade 6; Caro Clay, grade 5; Minnie Thompson, grade 4; Blanche Rogers, grade 3; Mildred Smith, grade 2; and Mary Roberts, grade 1.

As required by law, we herewith submit the following estimates for the next year:

For text books, supplies and appurtenances, \$1,000 00

For payment of district notes and interest, \$1,400 00

Fall term, 1915, taught by Miss Beatrice M. Warren. Length of term 12 weeks; wages per month, \$44.00; whole number of pupils 6; average daily attendance 5.80.

Winter term, 1915, taught by Miss Beatrice M. Warren. Length of term 12 weeks; wages per month, \$44.00; whole number of pupils 6; average daily attendance 5.52.

pupils 7; average daily attendance 5.69.

Number of visitors for year, 27.

As Miss Pease and Miss Warren are still in charge of the schools, it shows the high regard in which they are held as teachers.

As it was impossible to get any help, no repairing was done, only some paint and stain purchased.

Owing to the small number of children in the district, the school question is a serious problem.

We would urge all parents and friends to visit the schools as often as possible and see for yourself what the children are receiving from the district schools, and continually impress upon the children the need of an education.

Every voter in the district is urged to attend the annual school meeting, March 17, at 2 p. m., at Ashland Town Hall.

As required by law, we submit the following estimates for next year:

For text books, supplies, and appurtenances,	\$50 00
For High school tuition,	\$150 00
