THE STATE OF NEW HAMPSHIRE

To the Inhabitants of the Town of Ashland in the County of Grafton in said State, qualified to vote in Town Affairs:

You are hereby notified to meet at Town Hall in said Ashland on Tuesday, the 13th day of March, next, at nine of the clock in the forenoon, to act upon the following subjects:

1. To choose all necessary Town Officers for the year ensuing.

2. To raise such sums of money as may be necessary to defray town charges for the ensuing year and make appropriations of the same.

3. To see how much money the Town will vote to raise and appropriate for the Fire Department, including the services of the firemen and the expenses of the Fire Alarm System.

4. To see how much money the Town will vote to raise and appropriate for the laying out, building and repairing of Highways and Bridges for the ensuing year.

5. To see if the Town will vote to raise the sum of \$ 2,500.00 for Road Equipment.

6. To see how much money the Town will vote to raise and appropriate for Town Road Aid in conjunction with the State.

7. To see how much money the Town will vote to raise and appropriate for the increase and support of the Town Library.

8. To see how much money the Town will vote to raise and appropriate for the support of the Welfare Department including Town Poor.

9. To see how much money the Town will vote to raise and appropriate for the support of the Plymouth Hospital.

10. To see how much money the Town will vote to raise and appropriate for the District Nurse Association.

11. To see how much money the Town will vote to raise and appropriate for the Observance of Memorial Day.

12. To see if the Town will vote to raise and appropriate the sum of \$ 5,000.00 to be held in reserve as heretofore for the purpose of erecting a School Assembly Building.

13. To see if the Town will vote to authorize and empower the Selectmen to borrow money in anticipation of taxes and that the note or notes evidencing such borrowing be payable one year and from the taxes of the current year.

14. To see if the Town will vote to raise and appropriate the sum of \$ 500.00 for repair to Sidewalks.

15. To see if the Town will vote to raise and appropriate the sum of \$ 200.00 for the purpose of preserving shade trees on town streets.

16. To see if the Town will vote to petition the State Tax Commission to have an audit made by the Division of Municipal Accounting and to make an appropriation to cover the expense of such audit.

17. To see whether or not the Town will vote to place the Highway Department under jurisdiction of Selectmen.

18. To see if the Town will vote to discontinue the Brogan Road, so-called.

19. To see if the Town will vote to support United States membership in a general system of international cooperation, such as that proposed at the Dumbarton Oaks Conference, having police power to maintain the peace of the world.

20. To see if the Town will vote to raise the sum of \$ 300.00 to be set aside to celebrate the return of Veterans of World War II.

21. To transact any other business that may legally come before said meeting.

Given under our hands and seal, this 26th day of February, in the year of our Lord nineteen hundred and forty-five.

WILLIAM F. TIMLIN,
CHARLES N. SWAYNE,
COLBY R. LYFORD,
Selectmen of Ashland, N. H.

A true copy of Warrant—Attest:

WILLIAM F. TIMLIN,
CHARLES N. SWAYNE,
COLBY R. LYFORD,
Selectmen of Ashland, N. H.

\$ 2,271.67

Forest Fire Record

Number of fires	2
Acreage burned	75

Comply with regulations:—

1. Always get a permit from your forest fire warden before starting any fires in the open. Burning under certain conditions is permitted.

2. Never burn unless you have enough help to control your fire—a permit does not excuse you of negligence in case it gets away.

3. Always report any uncontrolled fire promptly to your forest fire warden. Minutes lost are acres lost.

4. Be especially careful with cigarettes, matches and pipes. Smokers caused most of our fires.

5. Never leave a fire unless it is dead out. You can't feel safe while there is a spark left.

R. J. McGLONE,

Local Fire Warden.

W. S. CODMAN,

District Chief.

AUDITORS' REPORT

This is to certify that we have examined the accounts of the Selectmen, Town Treasurer, Tax Collector, Town Clerk, Overseer of the Poor, Road Agent, Town Trustees, Electric Light Department, Water Works Department, Library Trustees and Municipal Court, and find them correctly cast and properly vouched.

BERT A. MARTIN

DONA E. GUYOTTE,

February 17, 1945.

Auditors.

**REPORT OF COMMITTEE ON INVESTIGATION
OF CONDITION OF ELECTRIC LIGHT AND
WATER WORKS DEPARTMENT**

In Accordance with Vote at the March 1944 Meeting

To the Ashland Townspeople:

After completing our investigations, these are our findings and recommendations:

Electric Light Department

Total kilowatts use by the town	620,375	K.W.H.
Sold to patrons	384,684	K.W.H.
Used by town buildings and street lights	235,691	K.W.H.
Average cost per kilowatt to the town	0.0129	
Average selling price to consumer	0.053	
Profit per kilowatt hour	.0401	
Cost of power for patrons	\$ 4,962.42	
Cost of power for town buildings and street lights	3,040.41	

Total cost to town for power from
Public Service \$ 8,002.83

The amount of 235,691, KWH consumed by the town for street lights and town buildings appears to be excessive.

All Departments of the town should be metered and charged for energy used. By so doing a constant check on kilowatt hours used by the town and its consumers may be maintained.

The figures above are at the old scale of rates. It is impossible to determine the profits on the new rates as 3 months were on the old scale and 8 months were on the new rates. As the State law changed this year and the books had to be closed December 31, 1944, instead of January 31, 1945, there were only 11 months instead of the usual 12.

We find that on December 31, 1944, there was owed to the Electric Light Department \$1,657.00. We believe that under the present rates, that at the end of 12 months, this amount will be collected.

Upon examining the contract made with the Public Service Commission, we find that it expired January 1, 1945, subject to one (1) year's written notice by either party.

Water Works Department

The State auditors' report as of May 31, 1944, showed money due the town on back bills was \$1,860.63. Of this amount \$351.23 is uncollectible due to estates being settled and bills that had to be rebated. This leaves a balance of \$1,509.40. Of this amount \$443.60 has been collected.

The present balance owed the town is \$1,055.80. This amount, in our opinion, can be collected.

This committee recommends that there be a commission of three (3) appointed by the Moderator to act as Electric Light and Water Commissioners; their salary to be taken from the Water and Light Departments. This commission is not to be made up of Selectmen and is to have full control of the water and light departments. The members of this commission to be appointed for one, two and three years.

Respectfully submitted,

GUY L. LEAVITT,

HIRAM F. GINGRAS,

CHARLES M. FLANDERS,

R E P O R T

of an audit and examination

of the accounts

of the

TOWN OF ASHLAND

For the Fiscal Year Ended January 31, 1944

and the period

February 1 to May 31, 1944

made by the

DIVISION OF MUNICIPAL ACCOUNTING

State Tax Commission

June 6 - July 7, 1944

**DIVISION OF MUNICIPAL ACCOUNTING
STATE TAX COMMISSION**

Concord, New Hampshire

September 5, 1944

Board of Selectmen,
Ashland, New Hampshire

Gentlemen:

In accordance with the vote taken at your annual town meeting in March 1944, an audit and examination of the accounts of the Town of Ashland has been made by the Division of Municipal Accounting of the State Tax Commission, a report of which is submitted herewith. This audit covered the fiscal year ended, January 31, 1944, and the period from February 1st to May 31st, 1944. Exhibits and Schedules as hereafter listed are included as part of the report.

SCOPE OF AUDIT

Included in the examination and audit were the accounts and records of the Board of Selectmen, Treasurer, Tax Collector, Town Clerk, Road Agent, Library Treasurer, Clerk of the Municipal Court, Trustees of Trust Funds and the Water and Electric Departments. A separate report is made for the Water and Electric Departments.

FINANCIAL STATEMENTS

In order to present a comprehensive picture of the financial condition of the town during the last ten years and the changes which have occurred in this period, certain statements have been prepared from reports on file in this office and will be referred to in the comments which follow.

Indebtedness, Valuation and Taxes: (Exhibit D)

A slight decrease of approximately \$5,000.00 in the assessed valuation of property between January 31, 1935 and January 31, 1944, is noted. During the same

ten year period the local tax rate increased from \$2.84 per hundred, to \$3.15 per hundred, while the average tax rate for the whole state increased from \$2.86 to \$3.03. The Net Debt was reduced from \$77,677.84 to \$26,200.60, and the Bonded Debt from \$78,000.00 to \$42,000.00.

Bonded Indebtedness: (Exhibit B)

The outstanding bonded debt of the town, as of January 31, 1944, amounted to \$42,000.00. This represented the balance of an original issue of \$78,000.00, of refunding 3½% serial bonds. These bonds mature at the rate of \$4,000.00 a year, the final maturities occurring in 1954.

Revenues, Appropriations and Expenditures:

(Schedules A & B)

Actual revenues during the fiscal year ended January 31, 1944, exceeded estimated revenues by \$3,192.16. This was largely due to receipts of the Electric Light Department.

Appropriation overdrafts of \$5,248.36, were partly offset by unexpended balances of \$3,405.53, making a net overdraft of appropriations of \$1,842.83. The resulting Net Budget Surplus for the year was \$1,349.33.

AUDIT PROCEDURE

The accounts and records of all town officials charged with the custody of and the receipt or disbursement of public funds were examined and audited. Vouchers and cancelled checks were compared with supporting invoices and payrolls as well as entries in the books of record. Receipts were checked by source and totals of receipts and expenditures verified. Book balances were verified by comparison with reconciled bank balances made from statements obtained from depository banks.

ASSEMBLY BUILDING FUND

The Assembly Building Fund was increased during the year by \$5,000.00, which together with previous

appropriations and accrued interest brought the fund up to \$10,231.24, on deposit in the Meredith Village Savings Bank as of January 31, 1944. Subsequently the fund was invested in War Savings Bonds. These bonds, which are in the custody of the Trustees of Trust Funds, were examined.

TAX ACCOUNTS

The tax warrants for the levies of 1943 and 1942, were audited and balanced as of June 21, 1944, as indicated by summaries contained in Schedule E and F.

Tax sale accounts for the levies of 1940, 1941 and 1942, were examined, and the activity therein is set forth in Schedule G.

It is recommended that a complete list of poll taxes abated be made and certified by the Selectmen at the end of the fiscal year. This certified list should then be turned over to the tax collector to support the poll tax abatements as indicated by his records.

TOWN CLERK

Motor vehicle permits and dog licenses issued by the town clerk were examined. All funds received from these sources were properly accounted for either through remittances to the treasurer, dog license fees retained or cash on hand. (Schedules H & I)

MUNICIPAL COURT

The records of the Municipal Court were examined. Summarized statements of the receipts and expenditures of the Court are included in Schedules J and K.

PUBLIC LIBRARY

An examination of the accounts of the treasurer of the library was made. Receipts and expenditures were checked and bank balances verified. Schedules L and M present summarized statements of the library treasurer's accounts.

TOWN OFFICERS' SURETY BONDS

The surety bonds of the town officers were examined and found to be satisfactory as to form and amount. A list of officials, required by law to furnish surety bonds, the surety companies and amounts of bonds for the current year, are included in Schedule N.

TRUST FUNDS

Schedules O-1, O-2 and O-3

The securities and Savings Banks' books representing the invested principal and unexpended income of the various trust funds were examined and are outlined in Schedules O-1, O-2 and O-3.

Schedule O-1 which represents the summary of all Trust Funds indicates at January 31, 1944:

Principal	\$44,674.69
Balance of Income	3,481.13
	<hr/>
Total Trust Funds	\$48,155.82

The schedule further indicates that the average interest return for the fiscal year ended January 31, 1944 was 3.96%.

Schedules O-2 and O-3 outline the trust fund known as the Scribner Memorial Fund left to the town by the late Emma H. Scribner of Ashland on or about December 1, 1937. In Schedule O-3, we have set forth the activity of this fund from the time it was received by the town to the date of December 1, 1943.

We were unable to check the vouchers representing the payments of \$937.00 due to the illness of one of the trustees.

GENERAL COMMENTS

Exemption from Federal and State Taxes:

Under the provisions of the 1942 Revenue Act, municipalities are exempted from the payment of excise taxes levied on purchases of certain commodities by the federal government. The exemption also ap-

plies to the transportation of property. A schedule indicating items specifically exempted is enclosed herewith.

When making purchases of materials or equipment, as indicated therein, the town should require that invoices show the gross price, the amount of the tax, and the net price to the municipality. Exemption certificates should be filed to avoid payment of the tax.

The town is also exempt from the payment of the State tax on gasoline used for other than highway purposes. An account of gasoline so used should be kept and application for rebate filed with the State Treasurer within 90 days of purchase. (Revised Laws—Chapter 120—Section 10)

Filing of Original Bills and Invoices:

Original bills and invoices should always be attached to the Selectmen's vouchers issued in payment thereof before the vouchers are placed on file. It is important that all vouchers be supported by original bills, invoices or payrolls. It is not necessary to have the original bill, or invoice receipted as the cancelled check furnishes a sufficient receipt.

Conclusion:

The accounts and records of all town officials were found in good condition and the accounting procedure, with the exceptions as noted, conformed to the standard procedure prescribed by this Division.

The provisions of Section 31, Chapter 211, of the Laws of 1939, require that this report or a summary of its essential features shall be published in the next annual town report. This letter of transmittal should be included in its entirety but the inclusion of Exhibits and Schedules is optional.

We extend our thanks to the officials of the Town of Ashland for the time and cooperation given during the course of our audit.

Yours very truly,

HAROLD G. FOWLER, Director,
Division of Municipal Accounting,
State Tax Commission.

Lawton B. Chandler, Auditor; Frank W. Morrill, Auditor; Harry G. Hager, Accountant; Ralph F. Seavey, Accountant.

**DIVISION OF MUNICIPAL ACCOUNTING
STATE TAX COMMISSION**

Concord, New Hampshire

September 5, 1944

Certificate of Audit

This is to certify that we have audited the accounts and records of the Town of Ashland for the fiscal year ended January 31, 1944 and period February 1st to May 31, 1944, and, subject to the exceptions noted in this report, found them to be in good order. In our opinion the Exhibits and Schedules included herewith set forth the financial condition of the town, together with the results of operations for the year ended January 31, 1944.

Respectfully submitted,

HAROLD G. FOWLER, Director,
Division of Municipal Accounting,
State Tax Commission.

Lawton B. Chandler, Auditor; Frank W. Morrill, Auditor; Harry G. Hager, Accountant; Ralph F. Seavey, Accountant.

R E P O R T

of an audit and examination

of the accounts

of the

TOWN OF ASHLAND

Electric and Water Departments

For the Fiscal Year Ended January 31, 1944

and the period

January 1 to June 1, 1944

made by the

DIVISION OF MUNICIPAL ACCOUNTING

State Tax Commission

June 6 - July 7, 1944

DIVISION OF MUNICIPAL ACCOUNTING
STATE TAX COMMISSION
Concord, New Hampshire

August 29, 1944.

Board of Selectmen,
Ashland, New Hampshire

Gentlemen:

In accordance with the vote taken at the annual meeting of the Town of Ashland, an audit of the Electric Department and the Water Department has been made by the Division of Municipal Accounting of the State Tax Commission. We submit herewith our report consisting of Exhibits and Schedules as follows:

Electric Department:

Exhibits E - F - G and H
Schedules E-1 - E-2 and G-1

Water Department:

Exhibits I - J - K and L
Schedules I-1 - I-2 and K-1

SCOPE OF AUDIT

The audit and examination covered the period of twelve months ending January 31, 1944 and the period February 1st to June 1st of 1944. The examination consisted of:

(1) An inspection of certain Plant Fixed Assets and Inventories of both the Electric Department and the Water Department.

(2) An analysis of Current Assets of the Electric and Water Departments, particularly the Accounts Receivable.

(3) A detailed analysis of charges for Electricity by Districts together with an analysis of kilowatt

hours actually billed to customers during year ended January 31, 1944.

(4) An analysis of Amortization and Depreciation Charges and Reserves covering the period 1938 to January 31, 1944.

(5) An examination of the vouchers, cancelled checks and supporting data.

(6) A review of the accounting system, and an examination of the Income and Operating Accounts of both departments.

ELECTRIC DEPARTMENT

Exhibit E

Plant Assets

An analysis of this account indicates:

Total plant assets abandoned and not in use except on a rental basis	\$63,667.19	
Less: depreciation reserve	34,357.95	
	<hr/>	
Net book value		\$29,309.24
Total plant assets in use	\$43,102.26	
Less: depreciation reserves	32,704.23	
	<hr/>	
Net book value		\$10,398.03
		<hr/>
Total depreciated assets		\$39,707.27

Reserves for Depreciation

Reserves as set up appear to be more than adequate. In our opinion the rates of depreciation as applied to property in use are entirely too high and should be reduced.

For the purpose of showing the results of the applied rates used in accumulating the reserves, we have prepared Schedule E-1. It will be noted that in the case of "Customers' Meters" the account is fully de-

preciated, which is an indication of excessive depreciation charges.

The property account as it appears on the records has been depreciated 62.8%.

Current Assets and Inventory Assets

Cash

The cash balance of \$ 5,192.40, while it appears in the Balance Sheet, is part of the general Town cash in the hands of the Town Treasurer.

Accounts Receivable

We analyzed the accounts receivable in detail. At May 31, 1944, the analysis showed by districts of the Town as follows:

Mill Street	\$ 451.21
Main Street	324.00
Winter Street	810.18
Highland Street	498.37
Depot Street	512.16
River Street	389.35
	<hr/>
Total	\$ 2,985.27

The above represents the amounts due May 31, 1944, which in our opinion is too large.

Summary of charges to customers appears in Schedule G-1, upon which we comment later on in this report.

Inventories of Supplies

We inspected the supply inventory on hand and after applying conservative pricing have included the value in the Balance Sheet at \$2,203.64. The inventory consists of various items such as transformers, line materials, tools and equipment, wire, cross arms, rods, oil, etc.

Liabilities

Bonds Outstanding

We have included \$34,000.00 of bonds outstanding as the proportion applicable to this department.

Non-Corporate Proprietorship (Municipal Investment)

The balance at January 31, 1944, shows as \$16,441.25 as outlined in Exhibit F. After giving effect to a number of adjusting entries as outlined in Exhibit H.

Statement of Operations - Year Ended January 31, 1944 (Exhibit G)

Net Profits for the year in the Electric Department amounted to \$ 8,984.12, before deducting \$ 3,211.03, the provision for amortization and depreciation and \$ 2,000.00 bond principal payment.

The above represents the results for the year ended January 31, 1944, before the rates were changed by vote of the Town in 1944. Undoubtedly the net profits will be decidedly lower in the next fiscal period. The results of the change in rates cannot be determined until several months' billings have been made and compared with the information as contained in Schedule G-1 for each month.

General Comments on Electric Department

(1) Fixed Capital and Reserves

In accordance with the regulations for Municipal Electric Systems, set forth by the New Hampshire Public Service Commission, effective as of January 1, 1936, Chapter 153 of the Laws of 1935, it is necessary for the Town to provide **adequate** accounting records and maintain them for the purpose of reporting to this Commission. We found that very little has been done in this respect since January 31, 1938 and necessitated the adjustments found in Exhibit H.

(2) Accounting System

The accounting system as originally set up by Certified Public Accountants can be successfully used by adding the following:

Journal

For the purpose of recording depreciation, adjusting entries, etc., not entered in cash records.

Cash Receipts and Payments Book

It would be advisable to maintain a small cash book for the purpose of recording cash receipts and payments of this department. At present the general ledger does not reflect and record cash receipts which appear in the Selectmen's records.

Vouchers

We were unable to verify all vouchers due to the lack of proper filing of vouchers which should be attached to the Selectmen's original orders.

(3) Accounts Receivable Collections

There appears to be considerable laxity in the collection of accounts due the Town for electricity, and this should be corrected as soon as possible, either by having the present superintendent use more time for this purpose or appointing someone to perform this special task.

Verification notices have been mailed to approximately 180 customers.

(4) Kilowatt Hours Purchased and Sold

Analysis of billings to customers for the period ended January 31, 1944, indicates (Schedule G-1) that the Town billed 384,684 kilowatt hours to its customers. During the same period the Town purchased approximately 620,375 kilowatt hours, which indicates that the difference of 235,691 kilowatt hours was utilized by the Town for such units as schools, town building, lighting, etc.

All departments of the Town should be metered monthly and charged for energy so used. By doing this a constant check on kilowatt hours used by the Town and its customers may be maintained.

The amount of 235,691 kilowatt hours assumed by the Town appears to be excessive compared with other Towns. Some allowance should be made, however, for loss in transmission and possible slow meters.

The average cost per kilowatt hour purchased was \$0.0129, while the average selling price per kilowatt hour was \$0.053 for year ended January 31, 1944.

WATER DEPARTMENT

Exhibit I

Plant Assets

Analysis of this Account Indicates:

Total fixed assets	\$51,468.94
Less: depreciation reserve	26,735.35
	\$24,733.59

Additions to plant assets during the year amounted to \$ 7,219.76 of which \$ 6,897.23 was added to Water Supply Structures representing payments made by the Town on the construction of the water dam.

Depreciation Reserves

Depreciation reserves appear to be adequate and consist of the following:

	Cost	Reserve	%
			<i>Depreciated</i>
*Water supply structures	\$ 7,206.85	\$ 47.07	1
Water supply equipment	6,047.14	2,256.61	37
Mains	29,953.66	17,727.77	59
Services	4,282.81	3,467.81	81
Hydrants	2,484.94	2,391.72	96
Meters	397.59	319.97	81

Other distribution equipment	244.86	244.86	Fully Depreciated
General equipment	279.54	279.54	Fully Depreciated
Totals		<u>\$50,897.39</u>	<u>\$26,735.35</u>

* No depreciatcion on additions, year ended January 31, 1944. The property account as it appears on the records has been depreciated 52.5%.

Current Assets and Inventory Assets

Analysis of Accounts Receivable due the Town indicates that on January 31, 1944, the balances due amounted to \$ 2,510.86. Further analysis, to include activity in the accounts for payments made to E. W. Sanborn, Superintendent, and the Town Treasurer to date of May 31, 1944, show as follows:

Balance, January 31, 1944		\$ 2,510.86
Additional charges		13.00
		<u>\$ 2,523.86</u>
Credits by cash	\$ 656.73	
Credit by rebate	6.50	
	<u> </u>	\$ 663.23
Balance outstanding, May 31, 1944		<u>\$ 1,860.63</u>

Composition of the Above is as Follows:

Accounts billed recently	\$ 13.00
Accounts billed in 1943	775.13
Accounts billed prior to 1943	1,072.50
Total	<u>\$ 1,860.63</u>

The above indicates considerable laxity in the collection of water rents and should be remedied as soon as possible.

We have mailed verification notices to approximately 80 customers.

Cash

Cash in hands of Town Treasurer amounted to \$ 2,510.28. On January 31, 1944, there was an additional \$63.22 in the hands of E. W. Sanborn, Superintendent, which was turned over to the Town Treasurer in final settlement on March 24, 1944. (Schedule K-1)

Inventories of Materials and Supplies

No actual record of inventory on hand is recorded in the records as of January 31, 1944. The present figure is estimated. Items should be inventoried once a year and recorded in the general ledger.

Current Liabilities

No current liabilities are recorded as at January 31, 1944.

Municipal Investment

The balance at January 31, 1944 show \$29,945.95 as outlined in Exhibit J., after giving effect to a number of adjusting entries as outlined in Exhibit L.

Statement of Operations

Year Ended January 31, 1944

Net Profits for the year amounted to \$ 2,896.03 after excluding capital payments for mains, items paid by the Town for construction on the Jackson Pond Dam, and depreciation.

General Comments on Water Department

Fixed Capital and Reserves

(1) We make the same general comment for this department as is set forth under the same title of General Comments on Electric Department under (1) Fixed Capital and Reserves.

Accounting System

We advise the revision of the present form of cash receipts book. This form does not provide for suffi-

cient information. A suggested outline as follows might be considered adequate, either as a columnar form or card record.

Column Titles or Card Record

- (1) Balance due
- (2) January 1 to July 1
- (3) July 1 to January 1
- (4) Total
- (5) Cash Received
- (6) Balance Due

Vacancies should be noted where no charge is entered.

We advise the use of a Journal for recording transactions other than cash.

In the future we advise that invoices and other vouchers be filed along with the Selectmen's orders, as we were unable to examine invoices and payrolls representing payments made by the Water Department. We recommend that invoices be approved by the Superintendent and subsequently paid by the Selectmen upon order to the Treasurer.

Conclusion

Publication of Report

The provisions of Section 31, Chapter 211, Laws of 1939, require that this report or a summary of its essential features shall be published in the next annual town report. This letter of transmittal should be included in its entirety, but the inclusion of the Exhibits and Schedules is optional.

We extend our thanks to the officials and employees for the time and cooperation given during the course of our audit.

Respectfully submitted,

HAROLD G. FOWLER, Director,
Division of Municipal Accounting,
State Tax Commission.

Lawton B. Chandler, Auditor; Frank W. Morrill, Auditor; Harry G. Hager, Accountant; Ralph F. Seavey, Accountant.

**DIVISION OF MUNICIPAL ACCOUNTING
STATE TAX COMMISSION**

Concord, New Hampshire

August 29, 1944

Certificate of Audit

This is to certify that we have audited the accounts and records of the Electric and Water Departments of the Town of Ashland for the year ended January 31, 1944, and the period February 1st to June 1st, 1944. Although we have not made a detailed examination of all the transactions recorded, the Exhibits and Schedules in this report, in our opinion, present fairly the condition of the departments.

Very truly yours,

HAROLD G. FOWLER, Director,
Division of Municipal Accounting,
State Tax Commission.

Lawton B. Chandler, Auditor; Frank W. Morrill, Auditor; Harry G. Hager, Accountant; Ralph F. Seavey, Accountant.

REPORT OF SUPERINTENDENT OF SCHOOLS

In days like these, it is necessary for education, like industry and other phases of civilization, to do more than mark time or just keep going at a traditional rate. We must work fast, or be accused of providing opportunities that are "too little and too late". The great difficulty lies in perceiving the proper direction in which to move, and in avoiding steps which represent wasted motion or costly mistakes.

Better health of school children is one aim of unquestioned worth. Our school lunch program, providing nutritious noon meals at low cost, is proving its value in better attendance and more effective learning. By taking advantage of Federal funds, the cost to pupils and community is kept at a minimum. The emphasis on physical education, which is now a required part of the high school curriculum, is another valuable feature of our present program. This work should also be emphasized in the elementary grades.

Our course in mechanic arts, which consists almost entirely of woodworking, is handicapped by lack of space. In order to provide a suitable place for this type of instruction, the school board has made a tentative agreement to purchase from Walter Brown for \$1,700.00, a building quite near the school which seems to be well adapted to this purpose. This transaction, if approved by vote of the district, will make possible the installation and use of metal working machinery, which is already being made available for schools as surplus equipment not needed for the war effort.

Along with our plans for an improved curriculum, better accommodations, and modern equipment, we must bear in mind that much of the time we must carry on "business as usual" in our classrooms. The strain and worry of war, which affects almost every family, should have some antidote as far as our children are concerned; and they should be entitled to nor-

mal play, normal growth, and a fundamentally sound background of character and knowledge.

This means, first, that the schools must provide opportunity for children to serve and to develop responsibility. Many such activities are carried on today. A "Bundle Day" last October provided, from the six districts of this supervisory union, nearly a ton of used clothing for needy children here and abroad. The milkweed pod collection, providing floss intended for sailors' life jackets, netted over \$90.00 worth at 20 cents a bag, all schools in the union doing their share. Many pupils from time to time write letters to service men, buy war stamps and bonds, and do their share in many other ways.

In the second place, the schools must keep up the standards of basic education. Soldiers need to read and write accurately or they will misinterpret orders. The multiplication table is more necessary than ever, as mathematics is the basis of so many military calculations. In this real sense, "business as usual", meaning stress on the old-fashioned fundamentals, is vitally important.

As a third point, the school and home together should strive to keep the emotional stress of war from spoiling the childhood of our boys and girls. The children cannot help being conscious of the presence of anxiety in their home or on the part of the teacher. But laughter, play, rest, and freedom from fear are as necessary for normal growth as are study, work, and responsibility.

Finally, it has been said that the foreign policy of a nation is made in the nursery. A child who is taught, at the age of four, not to pick on a younger or weaker playmate, is less apt to favor imperialistic domination by his government when he is forty. Just as we are learning now to wage war, we must learn—beginning now—to wage peace. Our children as well as adults need to be interested in and informed about

world affairs. Only by intelligent effort shall war be eliminated from the earth, the sea, and the air.

Respectfully submitted,

ALMON W. BUSHNELL,

Superintendent of Schools.

HEADMASTER'S REPORT

During the present school year there have been a number of changes in the high school teaching staff. The new members are Miss Mildred Stephens, commercial subjects; Miss Mildred Colby, home economics; Miss Marguerite O'Neil, English and history; Joseph Nolan, physical education, mathematics, and history; George Tewksbury, shop; Miss Carolyn Gove, music.

Mrs. Alice K. Simons, who has taught in the Ashland High School for twenty-five years resigned from the faculty in December. Mrs. Simons has been untiring and unselfish in working for the interests of the students, both in the classroom and in extra-curricular activities. Her strength of character, her many thoughtful acts of kindness, her patience and understanding, and her fine example of wholesome living have left an indelible imprint on those who have studied under her direction, and her fine influence has been enshrined in their hearts to be a living monument of her integrity and her sincerity.

World Problems, a course that deals with modern political, economic and social problems, has been made available to seniors this year. Human Behavior, a course in basic psychology, is a new course that may be elected by juniors or seniors. Theoretical economics has been replaced by a practical course with emphasis on the application of economic theory to concrete cases.

The popularity and value of the shop course has focused attention on its needs. In the last half of the school year, the work in this department will be enhanced by the addition of shop mathematics and blue print reading. A study of the needs of the shop has resulted in the laying out of a program for its expansion. The plan provides for the gradual introduction of machine shop practice, automobile mechanics, electric welding, and sheet metal work.

To the members of the school board, the superintendent of schools and all others who, through their interest and cooperation, have assisted and encouraged me in my work, I am deeply grateful.

Respectfully submitted,

JOHN P. McCARTHY,

Headmaster.
