Town Warrant for 1956

State of New Hampshire

To the inhabitants of the Town of Ashland, in the County of Grafton in said State, qualified to vote in Town affairs:

You are hereby notified to meet at the High School Auditorium in said Ashland on Tuesday the 13th day of March next, at nine of the clock in the forenoon, to act upon the following subjects:

- 1 To choose all necessary officers for the year ensuing.
- 2 Shall the Provisions of Chapter 171A of the Revised Laws, relating to playing games of Beano be adopted in this Town? (According to State Law this Article will appear on the printed ballot.)
- 3 To see if the Town will approve and adopt the special recommendations of the Budget Committee and vote to raise and appropriate the various sums contained in the report and located in the Budget as follows:

Town Officers' Salaries	\$ 6,300.00
Town Officers' Expenses	4,025.00
Social Security & Retirement	750.00
Election & Registration	560.00
Municipal Court Expenses	400.00
Town Buildings & Property	1,750.00
Police Department	3,929.00
Fire Department	6,000.00
Civilian Defense	100.00
Care of Trees	450.00
Health Department	4,120.00
Dump	550.00
Vital Statistics	75.00
Town Maintenance	11,500.00
New Construction	5,000.00
Insurance	2,535.00
Sidewalk Construction	1,000.00
Street Resurfacing	2,000.00
Libraries	1,500.00

Old Age Assistance	6,000.00
Public Relief	1,000.00
Memorial Day and Care of Flag	300.00
Parks & Playgrounds	1,400.00
Water Department	3,795.00
Maintenance of Dam	600.00
Town Clock	75.00
Electric Department	38,632.00
Planning Board	100.00
Damages & Legal Epenses	150.00
Payment on Debt	8,990.00
County Tax	7,000.00
Capital Reserve Rund—	
Fire Department	500.00
Electric Department	500.00
Water Department	500.00
New Equipment	3,600.00
	<hr/>
	\$125,686.00

- 4 To see if the Town will authorize the Selectmen and the Town Treasurer to borrow a sum or sums not exceeding in the aggregate \$30,000.00 in anticipation of collection of taxes for the current municipal year and to issue in the name and on the credit of the Town, negotiable notes therefor, said notes to be repaid during the current municipal year from taxes collected during the current municipal year.
- 5 To see what action the Town will take relative to a "Fuel and Power Adjustment Cost" that is now being charged to the Town by the Public Service Company of New Hampshire.
- 6 To see if the Town will vote to raise and appropriate the sum of \$254.77 which is 1/100 of 1% of the assessed valuation of the Town, to the Lakes Region Association for the purpose of publicizing and promoting the natural advantages and resources of the Town, in cooperation with other Towns in the Lakes Region. (By petition)
(Not recommended by Budget Committee)

- 7 To see if the Town will vote to authorize the Selectmen to appoint an Inspector of Buildings who shall hold office for a term of one year as authorized by Chapter 56 of the New Hampshire Revised Statutes of 1955. (Recommended by Planning Board)
- 8 To transact any other business which may legally come before said meeting.

Given under our hands and seal the 24th day of February in the year of our Lord, nineteen hundred and fifty-six.

Town 53.00 per M.

Division of Municipal Accounting

State Tax Commission

Concord, New Hampshire

February 9, 1956

Board of Selectmen
Ashland, New Hampshire

Gentlemen:

Submitted herewith is the report of the annual examination and audit of the accounts of the Town of Ashland for the fiscal year ended December 31, 1955, which was made by this Division in accordance with the vote of the Town. Exhibits

Scope of Audit

Included in the examination and audit were the accounts and records of the Board of Selectmen, Treasurer, Tax Collector, Town Clerk, Trustees of Trust Funds, Water and Electric Light Departments, Municipal Court and Library. as hereafter listed are included as part of the report.

Financial Statements

Comparative Balance Sheets

December 31, 1954—December 31, 1955: (Exhibit A)

Comparative Balance Sheets as of December 31, 1954 and December 31, 1955, are presented in Exhibit A. As indicated therein the financial condition of the Town changed from a Surplus of \$1,711.29 to a Net Debt of \$18,018.86 during 1955.

Analysis of Change in Financial Condition: (Exhibit B)

An analysis of the change in financial condition of the Town during the year is made in Exhibit B, with the factors which caused the change indicated therein. These were as follows:

Decreases in Surplus (Increases in Net Debt)

Net Budget Deficit	\$ 4,507.93	
Long Term Notes Issued	17,300.00	
1954 Cash Surplus Used to Reduce		
1955 Tax Rate	1,500.00	
Decrease in Accounts Receivable	722.09	
Decrease in Town Clerk's Cash on Hand	.13	
	<hr/>	
		\$24,030.15

Increases in Surplus (Decreases in Net Debt)

Bonds Paid	2,000.00
Long Term Notes Paid	2,300.00
	<hr/>
	\$ 4,300.00
	<hr/>
Change in Financial Condition	\$19,730.15

Comparative Statements of Appropriations and Expenditures
Estimated and Actual Revenues: (Exhibits C & D)

Comparative statements of appropriations and expenditures, estimated and actual revenues for the fiscal year ended December 31, 1955, are presented in Exhibits C and D. As indicated by the budget summary (Exhibit D), a net overdraft of appropriation of \$6,863.40, less a net revenue surplus of \$2,355.47, resulted in a net budget deficit of \$4,507.93.

Summary of Receipts and Expenditures: (Exhibit E)

A summary of receipts and expenditures for the fiscal year ended December 31, 1955, made up in accordance with the uniform classification of accounts, is included in Exhibit E. Proof of the Treasurer's balance as of December 31, 1955, is indicated in Exhibit F.

Audit Procedure

The accounts and records of all town officials charged with the custody, receipt and disbursement of public funds were examined and audited. Vouchers and cancelled checks were compared with supporting invoices and payrolls as well as entries in the books of record. Receipts were checked by source insofar as possible and totals of receipts and expenditures verified. Book balances were verified by comparison with reconciled bank balances made from statements obtained from depository banks.

General Comments

Appropriation Overdrafts—Application of Municipal Budget Law:

Exhibit C Indicates:

Overdrafts of Appropriations	\$9,804.04
Unexpended Balances of Appropriations	2,940.64
	<hr/>
Net Overdraft of Appropriations	\$6,863.40

It is noted that on September 9, 1955, the request of the Board of Selectmen and Budget Committee for authorization to expend \$3,600.00 in excess of budgetary appropriations, for the purchase of a new highway truck, was granted by the Tax Commission in accordance with the provisions of the Municipal Budget Law. It is noted, however, that the net overdraft of appropriations of \$6,863.40, exceeded the authorized expenditure of \$3,600.00 by \$3,263.40.

The largest overdraft amounting to \$2,857.31 occurred in the water and electric department account.

Current Surplus:

The current surplus (excess of total assets over current liabilities) decreased by from \$24,311.29 to \$17,581.14 during 1955, as shown by the following statement:

	December 31, 1954	December 31, 1955
Total Assets	\$91,882.76	\$74,963.23
Current Liabilities	67,571.47	57,382.09
	<hr/>	<hr/>
Current Surplus	\$24,311.29	\$17,581.14

Conclusion:

The provisions of Chapter 184 of the Laws of 1955, require that this report or the summary of findings and recommendations (letter of transmittal) shall be published in the next annual report of the Town.

We extend our thanks to the officials of the Town of Ashland for their assistance during the course of the audit.

Yours very truly,

HAROLD G. FOWLER, Director

Division of Municipal Accounting
State Tax Commission

Alan R. Matthews, Auditor
Hugh J. Cassidy, Accountant

Concord, New Hampshire

February 9, 1956

Certificate of Audit

This is to certify that we have examined and audited the accounts and records of the the Town of Ashland for the fiscal year ended December 31, 1955. In our opinion the Exhibits included herewith reflect the true financial condition of the Town of Ashland on December 31, 1955, and the results of operations for the fiscal year ended on that date.

Respectfully submitted,

HAROLD G. FOWLER, Director

Division of Municipal Accounting
State Tax Commission

Alan R. Matthews, Auditor

Hugh J. Cassidy, Accountant

Public Health Nursing Report

Nursing Care and Treatment

303 Cases

Much time was spent on welfare work, public health and investigation, all of which was free to the public.

Interviews were held with Mrs. Barton, State Board of Health Nurse regarding pre-school cardiac and prenatal cases; with welfare workers on aid to dependent children, old age and child welfare cases; with State and County workers on health and moral problems; with Carroll County welfare workers on health problems concerning children in our schools; and with Miss Mattson, State Board of Health in Concord, and visits made with her regarding pre-school problems.

Visits were made to epileptics and follow-up on their treatments; to homes for supervision on care of children; and, also, to transients who come to Town and presented health or moral problems. All complaints received were investigated, and especially rumors of communicable diseases.

Children in boarding homes and foster homes were visited and boarding homes checked and arrangements made for the placing of children in these various homes.

Clothing and toys were given to needy at Christmas, and clothing collected throughout the year for needy children. Also purchased warm clothing for needy and went with them to have them fitted to boots.

Conferences were held with doctors for information on care of patients and giving treatments, and eye doctors for eye glasses. Also, attended the work shop for nurses on heart epilepsy, and the Civil Defense Workshop at Concord for the treatment of burns and giving of blood or plasma. Also visited the State School and Daniel Webster Home for Children on a lecture tour.

Polio and X-Ray clinics were held for the public. 45 children received polio shots and the entire high school, including teachers, received chest X-rays.

Respectfully submitted,

HELEN M. FISHER, R. N.

Progress Report of the Development of the Ashland Beach

Since the purchase last spring of the "MacMillan property" on Little Squam Lake for a town beach and park, much progress has been made in the development of the area.

Immediately after the town meeting authorizing the purchase, the Ashland Beach Development Association was organized to develop the site, add necessary facilities, and raise funds for these purposes and for the operation of the beach. By-laws were adopted, officers elected, committees appointed, and the support of local organizations enlisted.

The accomplishments of the first year of activity might be outlined briefly as follows:

Grading of the Shore Line: Many loads of fine sand were hauled to the site for grading and filling about 200 feet of the shore line. The retaining rocks along the water's edge were kept in place to prevent erosion of the mainland, and a gradually sloping bottom was developed through filling with sand. This work will be continued during the coming year. As many shade trees as possible were kept.

Clearing of the Field: The field bordered by the remaining shore line was cleared and mowed. Nine picnic tables donated by various organizations were placed in this area. A fence separating the property from its neighbor was erected.

Buildings: The house on the property was converted for use as a living quarters for the life-guard, as a temporary dressing room for bathers, and as a concession stand for light refreshments. The kitchen was remodeled slightly and several pieces of equipment for cooking and refrigeration were installed.

The garage was used as a storage space and as a temporary dressing room. It is planned to move it to another location to be used for storage, thereby enlarging the area near the waterfront.

Parking Area: The large field across Leavitt Hill Road from the beach proper was cleared of brush and trees, bulldozed and graded for a parking lot.

Picnic Area The wooded area above the parking lot has had an initial clearing, preparatory to the making of picnic cells, including fireplaces and tables.

Bath House: The most extensive project undertaken this year was the erection of a concrete-block bath house. The dimensions of the building are 16 by 48 feet; it will con-

Scenes of Activities Last Summer At the Ashland Beach

tain dressing rooms, lavatories, toilet facilities, and showers. The plans for the coming year include the completion of the building and its equipment.

Miscellaneous: A wide variety of lesser, but important, projects were completed. A 20 by 20-foot canvas-covered float was constructed. A culvert was installed to divert surface waters from the sections near the road. A tower was built for the life-guard's use. Signs were made and erected; the hazardous picket fence was removed; refuse containers were installed; the sewage situation was improved; and many items, too numerous to mention, were provided.

Life-guard Service: During the summer months, life-guard service was provided seven days a week during the day time hours.

Funds: Through fund-raising efforts of the Association itself and of its sponsoring organizations, as well as through the gifts of resident and non-resident friends interested in the project, all of the improvements and additions mentioned above have been financed without benefit of tax funds.

Volunteers and Services: Not to be overlooked is the vast number of hours given by volunteers in many ways: direct labor on the grounds and buildings; work on fund-raising projects; planning and consulting with experts; record-keeping, correspondence and reporting; and innumerable other functions. Many businesses aided by donating services and materials.

Use of the Area: The beach and surrounding park were in almost constant use during the summer months, providing a safe place for swimmers and an excellent opportunity for recreation for people of all ages.

The Future: A more complete program of swimming instruction is being studied. The bath house will be completed and in use for the coming season. The picnic areas will be improved, as well as the parking lot. Many suggestions for further development of the area are being considered. There is a great deal more to be done and funds and help will still be needed. If they are forthcoming in the future as they have been in the past, dreams will become realities and Ashland's Beach will become one of the finest in the region.

Be A Good Citizen—Cooperate

Smoking and debris burning caused more than 50 percent of the forest fires occurring in the state of New Hampshire in 1955—235 fires out of a total of 463 originated from these two sources. Lighted smoking material and matches thrown from moving vehicles along the highway or dropped by fishermen, hunters, hikers, berry and flower pickers accounted for 26% ; debris burning in the wrong place or at the wrong time by those who failed to heed all pleas for safety or refused to recognize the logical, sensible rules and regulations set up under legislative authority governing the use of fire in or near woodlands accounted for more than 24 percent. This is inexcusable.

Everything possible is being done officially to remedy the situation. Since 1909 there has been a statute on our law books which requires everyone to secure written permission from the local forest fire warden before starting a fire in or near woodlands or where fire can be communicated to woodlands, unless the ground is covered with snow. A never ending program of educational work is being carried on by your local warden and state officials to inform the general public both of the value and necessity of securing the required permit for such burning. Much progress has been made, but there are still many who fail or refuse to cooperate. The value of our permit system was definitely proven in this district during the 1955 calendar year. District local wardens issued 959 permits for debris burning fires. That's a lot of permits. The records show only 2 permit fires got out of control. This proves several things—while wardens were liberal in the issuance of fire permits, accommodating every applicant so far as possible, they were cautious, following closely directives outlining overall policy governing the issuance of burning permits and thoroughly instructing permit users. The latter too, fully appreciating their responsibility in using their permits, governed themselves accordingly. Results? Much burning done legally and safe.

But what of the smokers? Despite all efforts of those officially charged with the responsibility of preventing fires, too many were careless or thoughtless in disposing of smoking materials and matches. Why? It is difficult to say. Autos are now equipped with ash trays. Why not use them. The crushing out of a cigar and the complete extinguishment of matches before being discarded is an easy chore.

If the costly habits of the careless and indifferent smoker and debris burner could be overcome, more than half of our

annual forest fires would be eliminated. WILL YOU do YOUR share to bring this about?

Remember

1. Get a written permit from your local warden before starting your debris burning or camp fire. The law requires it.
2. Make certain they are dead out before leaving them.
3. Become a safe smoker by extinguishing smoking material and matches before discarding them.

S. Goodhue

Town Manager's Report

Accepting the position as Town Manager in June was not, perhaps, the most advantageous time of year to step into the local picture. There were a number of obstacles which were inherited that had to be confronted and worked out to a satisfactory conclusion. However, at the end of the year I can say that the Board of Selectmen and I, with the co-operation of the Town employees, have been able to rectify many of the problems and look for the year 1956 to be one of progress. Your Selectmen and other Town Officials have attempted to show you the operation of your local government for the year 1955 and hope that you found it to be an interesting report.

Town Maintenance

Considerable work was accomplished this past summer by emphasis being placed on the construction and maintenance of hard surfaced roads rather than dumping gravel on the hills and roads year after year. The usual maintenance work was carried on with culvert replacements, brush cutting, sweeping, grading of roads and other maintenance work. Asphalt was used with such favorable results that its further use for 1956 seems well assured. It is very good practice to surface treat grades with asphalt. It prevents the surface water and heavy rains from washing away the gravel, as well as alleviating the problem of mud during the spring.

Work was begun on Thompson Street this past fall by reconstructing proper drainage at various points. This work should be continued this coming year to get benefit from what has already been accomplished. During the summer, trees, boulders, and other obstacles were removed from the side of our roads to minimize the danger to our snow equipment in the winter, as well as to assure us of better drainage in the spring. With the limited miles of highways to maintain in the Town, they should be in very good condition at the conclusion of this coming year.

As of June 1, 1955 the Highway Department had expended \$9,511.89. This left only a balance of approximately \$5,790.00 for the remaining seven months' work to be accomplished. We were able to complete our work, as well as show an unexpended balance for the year.

Sidewalk Construction

There has been no definite sidewalk construction carried on for the last few years and our sidewalks, in some cases, are in very poor condition. We have carried forward from 1955 appropriation the money not used and with an additional

\$1,000.00 we plan to repair definite sections in Town. This should be done each year until all sidewalks are in good condition.

Welfare

Welfare is chiefly influenced by employment conditions over which we have no control. Considerable expense was encountered this year in the boarding of children in foster homes. This expense has been curtailed for the coming year. Old Age Assistance cases are on the increase and are handled chiefly through the State Department of Welfare. Continued contact with our welfare cases, as well as thorough investigations will enable us to keep our expenditures at a minimum.

Electric Department

The Electric Department this past year has had no major line construction. Mr. Elmer Marsh resigned in June and Mr. Floyd Mills, Jr. was appointed to fill the vacancy on a part time basis. Mr. Mills is not only employed by the Electric Department but does all necessary repair work for all other departments.

As of June 1, 1955 the Electric Department had expended \$17,416.73. Several reasons can be given for the excessive spending during that period. A 1954 Public Service Company of New Hampshire bill that should have been paid in 1954, was held over and paid in February, 1955, which made the increase in payments of \$1,864.03. Labor costs for the first five months of 1955 were much higher than labor costs for the balance of the year. At the beginning of June, 1955 the Town had a balance of \$11,158.27. This amount approximately represented the requirements to pay our monthly current charges.

A definite saving was made in reading of meters. This activity was taken over by Mr. Charlie Flanders in conjunction with his other duties and this particular function will make a saving of \$600.00 during the year.

A strict accounting is being kept at the beginning of 1956 of all departments that do not pay for current used in Town buildings and other governmental agencies. This has greatly reduced the earned profits of the Electric Department in the past. School buildings, Library, Town Garage, Skating Rink, Fire Station, Booster Club building, Beach Property, Recreation Area and Street Lights are operations that are being metered and read monthly in order to give us a correct accounting of current used. We are not trying to say that such services should be paid for through taxation, but I do feel that such expenditures should be brought to light so that the taxpayer and other people living in the community should

realize the financial load the Electric Department is carrying, and has been carrying for many years. There have been three increases in electrical rates from the Public Service Company of New Hampshire to the Town of Ashland since 1949. The Electric Department has absorbed these increases and has not passed them on to the consumer. But, the time is coming, in the very near future, when an adjustment will have to be made. As we all know, prices on electrical supplies and materials have steadily increased for the past six years. At the present time they are still increasing. In order for your department to operate efficiently they have to have supplies and materials. Also, the public is demanding more services at this time, such as street lighting and new electric construction. Of course, on your electrical construction, revenue is increased, but it does not enter the picture in any great amounts within the first or second year, but takes a period of time before such construction begins to pay for the initial cost.

Many steps have been taken to improve the operation of this department. A record is being kept of street lighting efficiency and all steps necessary to improve the efficiency of the entire department system.

The following will give you a brief resume of what the governmental divisions of the Town consume in electrical energy per year:

School—

High School	25,262 k.w.h.	662.34
Grammar School	9,092 k.w.h.	257.94
Auditorium	12,724 k.w.h.	341.14
School Shop	3,207 k.w.h.	108.18
Boiler Room	1,474 k.w.h.	64.39
		1,423.99
Town Garage	3,600 k.w.h.*	196.60*
Fire Station	1,816 k.w.h.	76.03
Library	1,800 k.w.h.*	75.60*
Street Lights	23,500 k.w.h.**	235.00**
Beach Property	525 k.w.h.	22.32

*approx.

**per month approx.

Water Department

The usual maintenance work was done by the Water Department this past year. We encountered no serious damages to our mains or water supply. The only repair made to our mains was a break on North Main Street early in the winter months. This break was repaired by the use of an emergency clamp.

At the present time the Town has 366 services. This past year three new services were added and nineteen old services were replaced with copper tubing. We expect renewed activity in the replacement of old services this coming year.

We anticipate the cleaning of the reservoir this coming year, as well as some thought given to increasing our source of supply. There is no immediate danger of a shortage in our supply, but steps are going to be taken this coming year to investigate the possibilities of increasing our supply.

The dam and dam site is to be cleaned up this year to make a presentable appearance to the entrance of our Town. Recommendation by the State Water Resources Board regarding this have been received and will be followed through.

One of the principal purposes of the Town Manager Plan is to remove as many as possible of the restrictions imposed on Municipal Administration by replacing them with up-to-date business methods. The Board of Selectmen and the Town Manager have to work out their administrative relationship according to tested principles of sound organization with the primary purpose of making the Town government a more democratic and effective institution for furthering the welfare and happiness of the community. To do this we will need your continued support, cooperation and encouragement.

Respectfully submitted,

ROBERT W. RHODES,

Town Manager

**Report of Action Taken at the
School District Meeting of the Town of
Ashland, N. H.
March 3, 1955**

The meeting opened at 8 o'clock in the Ashland Auditorium on March 3rd, 1955, with the following results under the articles of the foregoing Warrant duly attested by the members of the School Board, with certification as to posting on the 14th day of February 1955 at the postoffice and the place of meeting, made by S. Francis Duffy before Clifford E. Gingras, Justice of the Peace:

- Article 1. Richard B. Merrill was declared elected as Moderator, for coming year.
- Article 2. Lillian M. Young was declared elected as Clerk for ensuing year.

- Article 9. Voted to raise and appropriate the sum of \$101,-164.84 for the support of schools, etc.
- Article 10. After review of discussions on cooperative schools as offered by Mr. Raymond Harris of the School Board, the following motion was made by Mr. Harris, seconded, put and carried: "I move

that a committee of nine be appointed, as follows:

Two members chosen by the School Board, two by the board of selectmen, two by the budget committee, and three by the moderator; and that this committee be asked to bring in a report at the next regular or special meeting of the district, the report to deal with the following items:

- 1) Our expected enrollment and present plans for future classroom space;
- 2) The program of a cooperative high school as compared with our present program;
- 3) Legal and financial aspects of the cooperative district, including the possibility of state and/or federal aid;
- 4) Any other information or recommendations that may be helpful to the voters in deciding for or against the union-wide high school.

Then a motion to adjourn carried.

LILLIAN M. YOUNG

Clerk of Ashland School District

State of New Hampshire
School District Warrant

To the Inhabitants of the School district in the town of Ashland qualified to vote in district affairs:

You are hereby notified to meet at the high school gymnasium in said district on the 9th day of March 1956, at 8 o'clock in the evening, to act upon the following subjects:

1. To choose a Moderator for the coming year.
2. To choose a Clerk for the ensuing year.
3. To choose two Members of the School Board for the ensuing three years.
4. To choose a Treasurer for the ensuing year.
5. To determine and appoint the salaries of the School Board and Truant Officer, and fix the compensation of any other officers or agent of the district.
6. To hear the reports of Agents, Auditors, Committees, or Officers chosen, and pass any vote relateing thereto.
7. To choose Agents, Auditors and Committees in relation to any subject embraced in this warrant.
8. To see what sum of money the district will raise and appropriate for the support of schools, for the salaries of school district officials and agents, and for the payment of statutory obligations of the district, and to authorize the application against said appropriation of such sums as are estimated to be received from the state foundation aid fund together with other income; the school board to certify to the selectmen the balance between the estimated revenue and the appropriation, which balance is to be raised by taxes by the town.

9. To see if the District will authorize the School Board to make application for and to receive, in the name of the District, such advances, grants-in-aid, or other funds for educational purposes as may now or hereafter be forthcoming from the U. S. Government and/or State Agencies.
10. To see if the District will authorize the Moderator to appoint a committee consisting of a representative of the Selectmen, P.T.A., Budget Committee, and three members chosen at large to work with the School Board in making a study of the school building needs, and report at a future meeting, bringing in such plans and recommendations as may seem desirable.
11. To transact any other business that may legally come before the meeting.

Given under our hands at said Ashland this 17th day of February, 1956.

DIVISION OF MUNICIPAL ACCOUNTING

State Tax Commission

Concord, New Hampshire

August 18, 1955

The School Board
Ashland School District
Ashland, New Hampshire

Gentlemen:

Submitted herewith is the report of the annual examination and audit of the accounts of the Ashland School District for the fiscal year ended June 30, 1955, which was made by this Division in accordance with the vote of the District. Exhibits as hereafter listed are included as part of the report.

SCOPE OF AUDIT

Included in the examination and audit were the accounts and records of the School Board and the School District Treasurer.

FINANCIAL STATEMENTS

Comparative Balance Sheets: (Exhibit A)

Comparative Balance Sheets as of June 30, 1954 and June 30, 1955, are presented in Exhibit A. As indicated therein, the Net Debt increased by \$16,869.17 during the fiscal year ended June 30, 1955.

Analysis of Change in Financial Condition: (Exhibit B)

An analysis of the change in financial condition of the School District during the fiscal year is made in Exhibit B, with the factors which caused the change indicated therein. Comparative Statements of Appropriations and Expenditures

Estimated and Actual Revenues: (Exhibits C & D)

Comparative statements of appropriations and expenditures, estimated and actual revenues for the fiscal year ended June 30, 1955, are presented in Exhibits C and D. As indicated by the Budget Summary (Exhibit D), a net revenue surplus of \$4,673.45, plus a net unexpended balance of appropriations of \$411.38, resulted in a net budget surplus of \$5,084.83.

Summary of Receipts and Expenditures: (Exhibit E)

A summary of receipts and expenditures for the fiscal year ended June 30, 1955, made up in accordance with the uniform classification of accounts, is included in Exhibit E. Proof of the Treasurer's balance as of June 30, 1955, is indicated in Exhibit F.

Statement of Bonded Debt: (Exhibit I)

A statement of the bonded indebtedness of the School District as of June 30, 1955, showing annual debt service requirements, is contained in Exhibit I.

Statement of School District Appropriation Account:
(Exhibit J)

A statement of the School District appropriation account is included in Exhibit J.

Conclusion:

The provisions of Chapter 184 of the Laws of 1955, require that this report or a summary of its essential features shall be published in the next annual report of the school district.

We extend our thanks to the officials of the Ashland School District for their assistance during the course of the audit.

Yours very truly,

Harold G. Fowler, Director
Div. of Municipal Accounting
State Tax Commission

Alan R. Matthews, Auditor

Robert W. Flanders, Accountant

DIVISION OF MUNICIPAL ACCOUNTING

State Tax Commission

Concord, New Hampshire

August 18, 1955

Certificate of Audit

This is to certify that we have examined and audited the accounts and records of the Ashland School District for the fiscal year ended June 30, 1955, and found them to be in good order.

In our opinion the Exhibits included herewith reflect the true financial condition of the School District as of June 30, 1955, together with the results of operations for the fiscal year ended on that date.

Respectfully yours,

Harold G. Fowler, Director
Div. of Municipal Accounting
State Tax Commission

Alan R. Matthews, Auditor

Robert W. Flanders, Accountant

Report of the Superintendent of Schools

To the School Board and Citizens of Ashland:

I present herein my first annual report as Superintendent of Supervisory Union #2. I am very favorably impressed with the program that is being offered to the boys and girls of Ashland. There is a forward-looking and thoroughly professional corps of teachers and principals that are well aware of the individual needs and differences of the boys and girls.

There is very good school spirit and I feel the attitude and spirit of the pupils reflect the wholesome situation that exists both in the schools and community. The citizens of Ashland are to be complimented for being so forward-looking in making possible the educational program that is available at Ashland High School and I am hoping that as the years progress we can carry on this forward march.

The Ashland P.T.A. is to be complimented for the worthwhile program they are carrying on, and through their work they are bringing the home and school much closer together.

Guidance

Dr. Charles B. Regan, graduate of Boston University, is director of the guidance program in the Union. Dr. Regan has had a great deal of experience in his field and is well qualified to give assistance in individual counseling and group work. He has spent considerable time working with teachers and bringing individual pupil records up to date. A course in Principles of Guidance for teachers was started in October. This course met for fifteen three-hour sessions at Meredith high school and was under the extension program of the State Teachers College at Plymouth, N. H.

Art Workshop

The workshop this past fall was in the field of art. Sessions were held after school hours at the Holderness Central School. This course was under the supervision of Dr. Alice Baumgarner, Director, Arts Education, of the State Department of Education, and was taught by Mrs. Wilma Bradbury, Art Consultant for Binney and Smith Company.

The teachers were given instruction in many of the media used in the field of art and as I have visited the schools

I have seen many of the ideas obtained, displayed in the classrooms, especially at Thanksgiving and Christmas time.

I would like to suggest at this time that we give some thought to the idea of having an art supervisor on a Union basis to assist our teachers.

Music

Mr. F. Glenn Cummings, a graduate of Illinois Teachers College, with a major in the field of music education, is supervisor of music in the towns of Ashland, Holderness and Sandwich.

Mr. Cummings has had two years of experience playing and composing music in one of the U. S. Army bands.

Health

Miss Annette Eveleth, R.N., Director of School Health Services for the State Department of Education, met with the teachers in the Union at Moultonboro Central School and discussed the new Health Guide for teaching and administering the health program in the schools.

Reporting to Parents

Several meetings have been held with the principals this year in developing plans for a more uniform system of reporting pupils' progress to parents. It is gratifying to see how well the teacher-parent conference part is working out.

Financial

The Union Budget for 1956-57 school year is apportioned among the five districts on the basis of the 1954-55 Average Daily Membership and the 1954 Equalized Valuation as follows:

District	Percentage	Supt's Sal.	Travel & office exp.	Sec. Guidance Director
Ashland	20.53%	\$ 923.85	\$1,417.33	\$ 633.44
Inter-Lakes Meredith Center Harbor	40.86%	1,838.70	2,820.81	1,320.40
Holderness	12.58%	566.10	787.35	
Moultonboro	16.03%	721.35	1,106.64	518.01
Sandwich	10.00%	450.00	690.37	323.15
Totals		\$4,500.00	\$6,822.50	\$2,825.00

The Superintendent's salary this year is \$6,500 of which \$4,000 is collected from the five districts and the balance of \$2,500 is paid by the State.

The guidance director's salary this year is \$4,500 of which \$2,000 is paid by the State from a Federal appropriation, \$200 by the Quimby School Board of Trustees and \$2,300 is collected from four districts.

Conclusion

I am indebted to Mr. Almon W. Bushnell, my predecessor, for the hours that he spent in helping me to become familiar with the work of the Supervisory Union.

The members of the staff and principals of both the elementary and high school have been most cordial, cooperative and helpful. It has been a pleasure being one of their co-workers, counselling and discussing some of the many problems.

To the members of the School Board, I am particularly grateful for your friendly cooperation, advice and support. I feel you have given our problems a great deal of thought and I am pleased that your decisions have not been made in haste. You have been very democratic in your actions. I feel where there is democracy in action on the higher level, it cannot help but function on down the line.

Respectfully submitted,

MARTIN E. HEFFERNAN

Superintendent of Schools

Principal's Report

The following is the annual report of the principals of the Ashland schools.

Plant

The central heating system for the elementary and high schools has proven very satisfactory. The heat is evenly distributed throughout all rooms of both buildings and during the severe cold spell in December the rooms were maintained at a healthy room temperature.

The elementary classrooms were given a fresh coat of paint during the past summer which has helped to brighten the antiquated interior. New equipment and plumbing were installed in the basement of the same building.

All fire-escape doors have been fitted with locks to meet the State Fire Marshall's specifications.

The space on the first floor which was formerly used as the principal's office was thoroughly cleaned, painted and converted into a health room for the two schools.

In the high school building flourescent lighting was installed in the cafeteria and one classroom. This leaves but five rooms to be completed to meet the State Board of Health specifications.

The cafeteria was remodeled, enlarged, and painted so that now we have a seating capacity of about one hundred and fifty.

The high school building now has been completely outfitted with new curtains. The gymnasium floor received a thorough cleaning with machinery loaned to the school district by the Masury-Young Company and a new non-slip wax was added to the floor surface. This wax is made especially for asphalt tile basketball courts. The concrete floors have been treated with a sealer.

Curriculum

In the elementary school the reporting system was revised to bring it in closer harmony with other schools in the Union and State.

The revision and bringing up-to-date of textbooks have been completed. The fifth grade now housed in the high school has now reached a maximum enrollment for the size of the room. Any increase in enrollment in this grade will create a serious problem of finding a room of sufficient size to take care of the class. Within the next two years another room must be obtained as the present elementary room in the high school will not be large enough to house any other grade.

A film strip library has been started for both the elementary and the high school. These filmstrips are correlated with the subject matter taught in the individual subjects and bring out and supplement many of the details that are presented in textbooks. Plans for sending the seventh grade of the Union to camp were set aside this year due to the extreme number of children in that grade. Alternate plans are being set up for a different type of outdoor education for the coming year.

A new notice to parents to replace the old warning system has been introduced. This is being sent out the 5th week of every marking period to parents of pupils in danger of failing a subject. This together with the new guidance direction will bring about a better understanding of the pupil, the home, and the school.

Soccer was introduced in Ashland high school as a varsity sport for the first time this past fall. This now fills out the athletic program for the fall season and gives a major sport for the three seasons of the school year.

A new health program has been established which incorporates the program set forth for public schools by the State Department of Health. This program has been mimeographed and sent home to all parents and also published in the local paper.

In conjunction with this, polio shots have been administered to pupils up to and including fourteen-year-old students. This was done with parents' permission.

The dental clinic is being continued again this year for children who reside only in the town of Ashland. We are also fortunate in having the services of Lawrence Rockwood, M. D., as our school physician.

We were sorry to lose the services of George Cote who has been the school bus driver for the past twenty-three consecutive years. The school district of Ashland was very fortunate to have the services of Mr. Cote who, during the twenty-three years, was involved in no school bus accidents, for which he received commendation from the State Motor Vehicle Department on his retirement. In his place we were pleased to secure the services of Clarence Jordan who has exhibited every care and diligence in the performance of his bus duties.

Recommendations for Future

The State Board of Health has recommended that the drinking fountains in both schools and the classroom lighting in five classrooms of the high schools be brought up to standard.

Due to the fact that the stair treads in the high school have been worn three-quarters through the thickness, and many spots of the hall floor are in bad condition, it is recommended that the treads be replaced and the hall floors resurfaced.

Because the furniture in both buildings has served nobly for many years and is in need of repair, it is recommended that new desk and chair units be installed in their place.

It is recommended that gymnastic equipment be purchased at regular intervals so that a standard physical education program may be maintained.

It is recommended that some thought be given in the future to the elementary building. This building, built in 1875, has served the town of Ashland well. As stated above, within the next two years added classrooms for the elementary grades must be sought. The continual outlay of money for repair and replacements and upkeep for this building seems to be money thrown away.

The Town of Ashland was incorporated July 1st, 1868, and assumed at the same time 2/3 of the Town debt of the Town of Holderness. The first Town Meeting was held July 25, 1868, with the following men serving as Selectmen: Benjamin B. Worthen, W. P. Drake and Jeremiah Calley.

The first library in the Town was in the house of Thomas P. Cheney in 1862.

The altitude of the Town is 560 ft. above sea level.

The population of the Town in 1950 was 1599.

RED NETWORK

In case of Fire

Dial Woodland 8-7711

1. Report kind of fire.
2. Report location of fire.
3. Give your name and telephone number.

To the Fire Department Operator
who answers your call:

SPEAK SLOWLY AND DISTINCTLY

To call First Aid Squad

Dial WOODLAND 8-7711

If no answer, Dial WOODLAND 8-4432

When ringing a fire alarm box—be sure to stay at box location to direct Fire Department to fire location.

Signal 12 at one minute intervals blown three times indicates water to be shut off within 30 minutes.

Signal 2 at one minute intervals blown three times indicates water is back on again.
