Selectmen's Letter

1968

Dear Citizens of Ashland:

As we ponder over the last six years, we feel we would like to impart to you information regarding your Town, your water department and your electric department for these years. In 1962, the town voted upon our request, a budget of \$81,355.29 and again in 1968 you voted a budget of \$81,811.67. As you can see, there is minute difference in six years. The reason for this, to our credit or against, is that we have diligently tried to keep the tax rate from soaring. A rate of \$41.00 per thousand in 1962; in 1968, a rate of \$48.00 per thousand. This is wondrous indeed, when you stop to consider that prices have spiraled in this period. Nevertheless, the time for depleting the Town has come to an end and now we must face squarely the facts. If the Town is to grow and improve, monies must be spent . . . we no longer can hold to the wire and keep abreast with the times. Everyone accepts the educational cost rises, which in six years have gone from \$121,808.69 to \$187,944.44. Now . . . we must look to the growth of Ashland, with long range insight for the future. The Planning Board has a very fruitful report out that all should read. The facts are clearly stated and there are many excellent ideas produced for the improvement of our Town.

Let us state very clearly here that the Ashland Electric and Water Departments are self-supporting departments within the Town. No tax monies are raised for their support. They are very successful businesses and kept under rigid control by the office personnel. They maintain day to day controls on receipts and expenditures under a highly mechanized system. This system has been implemented since 1962. Rules and regulations have been set up and strictly regarded. The following figures will show the results for the years 1962 through 1968:

ELECTRIC DEPARTMENT

		Special Funds	Accounts Receivable
1962	Savings :	\$ 11,341.50	\$3,966.05
	Checking :	9,564.29	
		\$ 20,905.79	\$3,966.05
1968	Savings :	\$138,951.56	* \$1,447.72
	Checking :	27,621.17	
	Town Loan	9,000.00	
		\$175,572.73	\$1,447.72
			* (1 mo. only)
Six Years Cash Growth 1962-68 :			\$154,666.94
Assets added to Plant 1962-68 :			57,378.51
Depreciation growth 1962-68			39,019.33
Sales growth 1962-68 :		\$ 40,026.69	
	1962 :	\$ 79,803.39	
	1968 :	119,830.08	

This reflects an approximate 84% growth in six years. And, herein lies the problem facing us in 1969. We have out-grown our substation. Many of you have suffered the 'up and down' surge of electricity and reported the same to us. We have employed an engineer from Westinghouse to advise us, as to proper expansion. Therefore, the accumulated reserve will be expended in so far as required on this expansion, at no tax cost to you, the residents of Ashland.

ASHLAND WATER DEPARTMENT

		Special Funds	Accounts Receivable
1962	Savings:	\$ 1,773.90	\$3,020.00
	Checking:	12,903.69	
		\$ 14,677.59	\$3,020.00
1968	Savings:	\$ 33,011.31	23.92
	Checking:	7,242.55	
		\$ 40,253.86	\$ 23.92
Cash Growth 1962-68:			\$ 25,576.27
Assets add to Plant 1962-68			12,632.93
Depreciation growth 1962-68:			13,446.66
Sales growth:		\$ 6,156.89	
	1962	\$10,986.64	
	1968	17,143.53	

This reflects an approximate 27½% growth in the water department. If the Town was required by the department to pay for the hydrants as in other municipalities, a truer cash picture would be visible. However, we feel justly proud of our record and the facts entered here covering both the Electric and Water Departments.

All these things indicate a healthful growth and an upward trend for the Town of Ashland. Let us all join together and work towards continued progress.

Sewerage Construction Report

Contracts 67-1 and 67-2

By: John Napier, Res.
Engineer of M & E.

Ashland Water Pollution Control Project, which was approved by a referendum, voted March 12, 1968 consisting of two contracts totalling \$1,204,679.00 got underway when the contracts were awarded on July 15, 1968, to the low bidders. Robert P. Levesque, General Contractor of Hudson, N. H. was the low bidder for construction of the Water Pollution control plant located west of Interstate I-93 and north of Squam River. Seaward Construction Co. of Kittery, Me. and Portsmouth, N. H. was the successful bidder for the construction of the Interceptor and Main Sewers and other secondary sewers necessary to complete the collection system. Of the cost of the two contracts a considerable sum has been spent in the Ashland area, Grafton County and other New Hampshire localities. For example: Personnel . . . at the peak of work, seventy-two persons were employed by the Contractors of which forty-three were from Ashland area and all but six were New Hampshire residents. At this peak period, the weekly payroll amounted to \$11,000.00 per week. An estimated 92% was paid to New Hampshire residents. Construction materials of approx. \$107,000.00 were purchased in Grafton County. In addition, sub contracts totalling a little more than \$100,000.00 were awarded to four New Hampshire companies.

As of December 31, 1968, the total project was 70% completed, as follows:

Earth excavation	580,000 cu. yds.	
Concrete	800 cu. yds.	
Electrical work		\$25,000.00
Reinforced concrete pipe	2200 l.f.	
Cast iron pipe	10050 l.f.	
High strength vitrified clay pipe	7800 l.f.	
Manholes	64 completed	
Replaced black top pavement	2600 l.f.

SUMMARY OF FINDINGS AND RECOMMENDATIONS

February 10, 1969

Board of Selectmen
Ashland, New Hampshire

Gentlemen:

Submitted herewith is the report of the annual examination and audit of the accounts of the Town of Ashland for the fiscal year ended December 31, 1968, which was made by this Division in accordance with the vote of the Town. Exhibits as hereafter listed are included as part of the report.

One of the enclosed audits must be given the Town Clerk as part of the permanent records.

SCOPE OF AUDIT

Included in the examination and audit were the accounts and records of the Board of Selectmen, Treasurer, Tax Collector, Town Clerk, Trustees of Trust Funds, Water and Electric Departments, District Court, Library, Scribner Memorial Fund, District Nursing Association, Beach-Booster Association and Sewerage Project Account.

FINANCIAL STATEMENTS

Comparative Balance Sheets:

December 31, 1967 - December 31, 1968:

(Exhibit A-1)

Comparative Balance Sheets as of December 31, 1967 and December 31, 1968, are presented in Exhibit A-1. As indicated therein, the financial condition of the town changed from a surplus of \$35,262.09 at December 31, 1967, to a net debt of \$1,067,334.40 at December 31, 1968.

Analysis of Change in Financial Condition:

(Exhibit A-2)

An analysis of the change in financial condition of the Town during the year is made in Exhibit A-2, with the factors which caused the change indicated therein.

**Comparative Statements of Appropriations and Expenditures
- Estimated and Actual Revenues:**

(Exhibit A-3 & A-4)

Comparative statements of appropriations and expenditures, estimated and actual revenues for the fiscal year ended December 31, 1968, are presented in Exhibits A-3 and A-4. As indicated by the budget summary (Exhibit A-4), a net unexpended balance of appropriations of \$7,504.45, plus a revenue surplus of \$1,884.69, resulted in a net budget surplus of \$9,389.14.

Summary Statement of Receipts and Expenditures:

(Exhibit B-1)

A summary statement of receipts and expenditures for the fiscal year ended December 31, 1968, made up in accordance with the uniform classification of accounts, is included in Exhibit B-1. Proof of the Treasurer's balance as of December 31, 1968, is indicated in Exhibit B-2.

Water & Electric Departments:

(Exhibits H-1, H-2, H-3, H-4, H-5 & H-6)

Statements showing the financial condition of the Water and Electric Departments as of December 31, 1968, and the financial activity in these Departments during the year, are presented in Exhibits H-1, H-2, H-3, H-4, H-5, & H-6.

Sewerage Project Account:

(Exhibit E)

A statement of the Sewerage Project Account is presented in Exhibit E.

Statement of Long Term Indebtedness:

(Exhibit L)

A statement of outstanding long term indebtedness of the Town as of December 31, 1968, showing annual debt service requirements, is contained in Exhibit L.

Other Departmental & Agency Accounts:

(Exhibits I-2, I-3, J & K)

Statement of the activities in the accounts of the Scribner Memorial Trust Fund Principal and Income Accounts, District Nursing Association and Ashland Beach-Booster Association, are presented in the above Exhibits.

AUDIT PROCEDURE

The accounts and records of all town officials charged with the custody, receipt and disbursement of public funds were examined and audited. Vouchers and cancelled checks were compared with supporting invoices and payrolls as well as entries in the books of record. Receipts were checked by source insofar as possible and totals of receipts and expenditures verified. Book balances were verified by comparison with reconciled bank balances made from statements submitted by depository banks. Verification of uncollected taxes was made by mailing notices to delinquent taxpayers as indicated by the Collector's records. The amounts of uncollected and unredeemed taxes as indicated in this report are therefore subject to any changes which may be necessitated by the return of verification notices.

GENERAL COMMENTS

Current Surplus:

The current surplus (excess of total assets over current liabilities) decreased by \$1,606.49 from \$43,272.09 to \$41,665.60 in 1968 as shown herewith:

	December 31, 1967	December 31, 1968
Total Assets	\$352,515.19	\$666,284.74
Current Liabilities	309,243.10	624,619.14
Current Surplus	<u>\$ 43,272.09</u>	<u>\$ 41,665.60</u>

Conclusion:

The provisions of Chapter 184, of the Laws of 1955, require that this report or the summary of findings and recommendations (letter of transmittal) shall be published in the next annual report of the Town.

We extend our thanks to the officials of the Town of Ashland for their assistance during the course of the audit.

Yours very truly,

O. MAURICE OLESON, Director

Division of Municipal Accounting

As 1968 closes, the time is at hand for a report from your Library Trustees, which they herewith present. We asked our Librarian, Miss Frances Platt, how long she had served in that capacity, and her reply is worthy of repetition: "On February 27, 1945 I went in the Library for one week, and it is the longest week I have ever seen."

The recent addition of a capable assistant, Mrs Ida Brown, making it possible for the Library to be open additional hours, has proven to be a worthwhile step forward.

While as a Library we do not observe National Library Week (sufficient local interest therein not having been indicated) we did this last year substitute instead "Art Week," thanks to the combined efforts of Mrs. David Stoddart (who had charge of the Art class in school, and Mrs. Raymond Small, Trustee). The results proved very constructive bringing to light much unsuspected talent and generating a great deal of local interest. Mrs. Stoddart, we regret, is no longer with us, but we expect the project will be continued with another exhibit this year.

Eighteen years have passed since our Library was last decorated. As this report is being written, due to the cooperation of the Scribner Trustees, it is now "in the process" and when completed will have fresh paint, new paper and new draperies.

Last summer we tried an experiment. Thinking it would be helpful to ascertain how our Library was regarded by our summer visitors, we provided a register and asked for their comments pro and con. We feel you will be interested in the results, giving the visitors' point of view, and herewith present three from Vancouver, B. C. Canada, Randolph, Mass. and Green Bay, Wis.

- a. "A very lovely Library and very well equipped. We certainly appreciate being able to use it."
- b. "This Library is a major feature of the recreational assets of Ashland."
- c. "So much hospitality in one Library could not be easily duplicated."

To our two Librarians above mentioned, to Mrs. Peg Minton for her meticulous care of our Library and contents and to the Scribner Trustees, James Hinds, Hiram Gingras, Francis Brook, Lawson Glidden and Alfred Puccetti for their generous co-operation so willingly given, our sincere thanks and appreciation.

Your Public Health Nurse attends meetings, workshops and takes courses to keep up-dated in the progress of medicine and care of persons in order to better serve you, the people.

Much of the work load is within the school system, when the nurse is kept more than busy and should be there full time.

A great many services are done throughout the year that would be too space consuming to enumerate. Your nurse works with local, state and neighboring physicians, clinics, hospitals, welfare workers, public health nurses, police, social workers, truant officers, etc.

Anyone wishing the services of the Public Health Nurse may call 968-3331 between the hours of 8:30 a.m. and 2.30 p.m.

Professional services are rendered under physicians orders.

The health department has equipment to lend the tax payers of Ashland, such as beds, crutches, wheel chairs, walkers, bedpans, etc.

At this time I wish to thank all those with whom I have worked throughout the year for the welfare of all.

This year we have had a number of new articles which have been added to our list of surplus foods. They are: evaporated milk, canned peas, tomato juice, canned beans, scrambled eggs, corn syrup and canned chicken.

I also have been notified that many more articles are to be added such as: canned pork, canned turkey, corn syrup, prune juice and apricot nectar.

The new sheet that just became effective, Dec. 23, 1968, will allow more of certain articles like flour, dried eggs and dry beans.

Thank you very much.

Report of the Ashland Municipal Court

1968

From January first to May seventeenth, 1968, 49 cases were entered in the Ashland Municipal Court. Of these, 38 were criminal cases, ten were small claim actions and one was a landlord and tenant action. There were no juvenile cases.

The court returned to the town of Ashland \$737.20 in fines and fees.

On May 17th the Ashland Municipal Court was abolished and became a part of the Plymouth District Court system. As I have explained before, this was in accordance with an act of the legislature of 1963 which set up the District Court System and limited the tenure of Municipal Courts to the retirement age of its judges. So into the Limbo of change has passed another American grass roots institution.

I will not dilate on this change except to state that in this era where economic pressure and struggle for the ideal are responsible for modern improvements and outstanding achievements in all spheres of human endeavor, they are also responsible for the unrelenting discard of old systems and time worn traditions. So time marches on and with it marches change and the answer is a-blowing in the wind, willy-nilly.

In this my final report, let me state that I believe the average person is unaware of the responsibility of a judge and especially one whose court is in a small town. Few people realize that he works in a difficult field and for small remuneration. He will be criticized regardless of his decisions. I myself didn't realize until I became a judge what unselfish contributions my predecessors, the late Judge Thomas Pryor and Special Justice, Mrs. Margaret P. Whitcomb made for the betterment of the State Judicial System. The records of the court showed me their long hours of devotion to their work. I shall always be grateful for their wise counsel. I shall always be grateful to the voters of Ashland who voted to continue the court until my retirement. It was the greatest honor ever paid me. I appreciate the fine cooperation given me by Selectmen Norman C. Weden, Carl E. Crowley and Edward N. Doggett and also by their office staff, Mrs. Beverly LaBrique and Mrs. Laetitia Ash.

During my tenure as judge there were three Chiefs of Police, Daniel P. Golden, Raymond L. Knowlton and Deane C. Bavis. The town was fortunate to have had such fine police

officers. They were a credit to the court. In 1964 the court was transferred to the second floor in the fire station building. I thank Fire Chief Homer N. Young and members of the Ashland Fire Department for the courtesy extended me in its relocation.

I appreciate the cooperation of probation officers, Theodore Marston, Karl Steady and Mrs. Mary Peckett and of welfare officers, John McCooey and Mrs. Welsh. I am especially grateful to Dr. Glenn W. Bricker for his deep concern in cases involving neglected children in the juvenile court. I also wish to thank former County Attorney William J. Deachman, Sheriff Herbert W. Ash and Deputy Sheriff Stuart H. Currier for their cooperation and support. Their court room experience was invaluable to me.

At this time I wish to pay special tribute to the State Police, "The Troopers" as they are called and especially those of Troop F. These intrepid guardians of the law and public safety are deserving of the admiration and respect of every citizen. Although often criticized and much underpaid they give their best for the safety of the public. I wish to give special mention to Troopers Thomas D. Winn, Raymond E. Bailey, Clifford H. Eastman Jr., Cpl. Gene Meier, Daniel P. Golden, Henry Bird and Charles Gridley. These are men of exceptional ability and are a credit to any court. I will remember them especially for their fine court room manners.

I am deeply grateful to the court reporters, Mrs. Aria Roberts and Mrs. Rosamund Orr for their fine coverage of court cases and their fine writeups concerning same. And I also wish to thank Commissioner of Safety Robert W. Rhodes for his excellent cooperation and support. He was behind me 100% and was true to his word. I will never forget "Bob Rhodes."

And last but by no means least I am grateful to former governor Wesley Powell who appointed me as special justice and later as full justice and to Rae S. Laraba, executive secretary of the administrative committee of District and Municipal Courts for his wise counsel.

Following the resignation of Deane C. Bavis as chief of police the selectmen appointed Ernest A. Paquette as chief. Chief Paquette was a police officer at Plymouth for five years and also a special officer here. I will state without reservation that Chief Paquette has ability and experience and is a fine police officer. In appointing him Chief the selectmen have made a wise choice.

In conclusion, I will state that we are living in a dangerous age. This nation and the world in general is in the grip of moral decay. Mob rule has temporarily taken over and

gained control. There is little respect for law and order. A mockery is made of virtue and it is called old fashioned. Even some members of the clergy say that "God is Dead." The criminal cries "Police Brutality" when he is arrested. He demands court appointed attorneys. He stands on the 5th Amendment. He appeals to the highest courts. The Supreme Court has made many rulings in his favor. Our streets are not safe to walk on even in daylight. But the tide is beginning to turn. The public is finally aroused. And we will fight crime with every legal weapon at our command. Therefore, the courts are the last frontier. They must stand behind the law enforcement officers or we face anarchy. These are trying times for our freedom is at stake. So, in conclusion I find the following lines most appropriate,

No man escapes when freedom fails
The best men rot in filthy jails
And those who cried Appease! Appease!
Are hanged by those they tried to please

Gratefully

Ashland Board of Selectmen

Gentlemen:

It was not until after the guests had departed at the testimonial given me - when I opened the envelope presented me by Selectman Crowley - that I found a check in the amount of five hundred dollars which represented my salary for the full year. It is all for the best, perhaps, that I didn't open it before because I know that I would have broken down. So, I can't begin to tell you even now how much I appreciate your kind thought.

I wish also to thank you for the proclamation presented me by Selectman Weden. It was a fine gesture on your part and I shall treasure it for the rest of my life. It will always serve to remind me of your full support and cooperation during the years when I served as justice of the Ashland Municipal Court.

Gratefully yours,

HIRAM F. GINGRAS

Justice

Report of the Police Department

As of August 23, 1968, I assumed the duties as Chief of Police in Ashland; my appointment being made by the Selectmen.

Since I have acquired the position as Chief, I have made an office in the Fire Station. This has been a great help as it is difficult to do business in one's home. I have started a filing system and I am keeping a record of everything.

Our court has now gone into Plymouth District Court, so that all cases must be taken to Plymouth. This is somewhat of a problem because it takes me out of town on Friday nights.

A lot of equipment is needed to bring our Department up to date. With the help of the people and my Auxiliary Police, I hope to provide more and better protection for the Town of Ashland.

Respectfully submitted,

Ernest A. Paquette,
Chief of Police

Auxiliary Police Report

1968

This year I am putting in the hours that the Auxiliary Police have put in for the year of 1968 as total hours. We are now in the process of setting up a new system of records for personnel and supply records.

The total hours are as follows:

Working Man Hours	827
Auxiliary Police Meetings	238
Police Training Classroom	97
Pistol Shooting	211
	<hr/>
Grand Total	1,373

The working man hours are:

Memorial Day, July 4th, Ashland Bicentennial, accidents, Halloween, Basketball games, dances, fire calls, aid calls, calls from Chief of Police for assistance.

We of the Auxiliary Police wish Dean Bavis "Good Luck" in his new job.

We want to thank you Dean for your help and your time that you put in with the Auxiliary Police.

The Auxiliary Police also wish to welcome Ashland's new Police Chief, Ernest Paquette. We know that you will take over where Dean left off with the Auxiliary Police.

The Auxiliary Police wish to say "thank you" to Mr. George Ober for his donation of money to the Auxiliary Police.

As some of you people may have noticed, the Auxiliary Police now have new two tone blue shirts and a brand new arm patch which has the town of Ashland seal on it.

We of the Auxiliary Police hope to be able to serve the town of Ashland even better in 1969 than we did in 1968.

Respectfully submitted,

Norman L. Prescott,
Auxiliary Police secretary

Report of Civil Defense Director — 1968

During this past year Auxiliary Police training has been quite active. Classes were held during the winter months and pistol training and practice have been going on for practically the whole year. The Plymouth Police range has been used during the winter and one of the sand pits for the good weather in warm weather. The Auxiliary Police will be shooting as a team this winter at the Plymouth National Guard Armory. The shooting will be Postal Matches in the New England Police Revolver League. These matches will be shot in January and March.

This past year I have had the Civil Defense Police-Radio on at my house for 24 hours a day. Several times it has proved its worth when there were accidents in parts of Town that the Town Police Chief's radio couldn't get through to Plymouth. In several other cases it has been proven quite useful, also. I have talked to Bristol several times, two-way and have relayed for them to Plymouth. That means we have good coverage from Bristol thru to Plymouth in case of emergency. Franklin can be read quite well, but as yet I have not tried to talk with them.

The membership of the Auxiliary Police unit has just about held its own. If anyone is interested in joining, they should contact the Chief of Police or myself and we will carry on from there. I would like to see the unit up to the planned manpower.

This year we had our number on the Fire Alarm system assigned to us. This number will be used to call out the Auxiliary Police when needed in case of an emergency. The room at the fire station has been nearly completed and has been in use for most of the year. All of the Police equipment is stored there.

In the coming six months I am planning to go over, and up-date the Town Civil Defense Plan. It will be brought up to date on all units as to heads and manpower of each unit. This will then be sent to Concord for their records. With this done I will be in touch with the unit heads to see what they would like to line up for classes or any other type of up-dating that may be needed for the different units.

I would like to thank the Town of Ashland, Plymouth Police Department, Plymouth National Guard members, and any others involved in helping our cause in the past year.

Respectfully submitted,
Thomas M. McNamara,
Civil Defense Director

Report of the Planning Board

Ashland, New Hampshire

The Ashland Planning Board was created by the municipality. The Board consists of seven members, including one Selectman as ex-officio member. The members are appointed by the Selectmen. Term of each appointed member shall be five years in the case of a seven-member Planning Board. The replacement of the expiration of a membership shall be by appointment of one new member each year, members serve without compensation. The term of the Chairman shall be one year, with eligibility for re-election.

The town Planning Board shall hold at least one regular meeting every three months, and shall keep a public record of its resolutions, transactions, findings, and determinations.

The planning board shall have power to promote public interest in and understanding of the master plan and of the official map of the municipality and to that end may publish and distribute copies of the master plan, or of the official map, or of any report and may employ such other means of publicity and education as it may seem advisable. The planning board shall have authority to make such investigations, maps, and reports, and recommendations in connection therewith, relating to the planning and development of the municipality, as seem desirable to it. The planning board may, from time to time, report and recommend to the appropriate public officials and public agencies programs for the development of the municipality, for the erection of public structures and improvements and for the financing thereof. It shall be a part of the planning board's duties to consult and advise with public officials and agencies, public utility companies, civic, educational, professional, research, and other organizations, and to make recommendations relating to the development of the municipality.

The Ashland Planning Board, after a period of two years work, has received from the consultant firm of Atwood and Blackwell of Boston, Massachusetts, 40 copies of the Ashland Urban Planning Study Report and maps covering future land use, major land use, topography, public and semi-public land use, land capability, population, and base maps of the township and urban area. Copies of these maps and reports are available at the town office and public library for the general use and information of the public. The report is a findings of existing conditions in Ashland, a study of the community's economy — past, present, and future; a guide for orderly

community growth and community improvements with suggestions of financing improvements and tax changes.

The Planning Board now has a proposed zoning ordinance worked out with the consultant firm and recommends to the community that the ordinance be accepted. Zoning is the regulation of the use of land and buildings according to districts, better known, perhaps, as zones. The purpose for which zoning is enacted is two-fold; it is enacted to effectuate a portion of the comprehensive plan of a community, and it is enacted to preserve property values.

It is too much to expect land owners to voluntarily follow a land use plan when there is no guarantee that others will do the same. A zoning ordinance is, of course, only a guide in that it establishes a framework within which a landowner can operate to his best personal advantage.

A good zoning ordinance, drafted on the basis of a sound future land use plan can do much in a community to insure that poor features of town structures will not be allowed to develop and that elements of the town will be properly located in relation to each other.

Zoning ordinances conserve property values by helping to eliminate certain poor building practices, that is building practices not as they relate to the structure itself but rather to its location on the lot, and the size of the lot itself. These poor practices are such things as crowding the property lines, providing inadequate setback and yards, and utilizing small lots in areas where private water and sewerage must be provided. Practices such as these depress the value of the entire neighborhood which in turn depresses property that is being soundly used and developed.

Ashland needs a good but simple zoning ordinance to protect property owners from what is happening not only outside Ashland but next door to each of us. Trailers scattered about the landscape, junk autos and auto yards, poorly constructed buildings, and buildings left in delapidation, sewerage and water problems on small lot sizes, new streets developed too narrow and then turned over for town maintenance. These are but a few of the problems that may be prevented by proper zoning regulations.

Tree Planting Committee

(Sponsorship of Ashland Chamber of Commerce)

On April 16, 1968 a two week publication was made in the Ashland Citizen notifying landowners of Ashland that now was the time to order trees for the May planting, continuing the program started last year. Committee members Abner Waldo and E. Cutting Hughes again volunteering to supervise the plantings.

Orders were taken for 23 trees, 3 evergreens, 3 rhododendrons and 6 juniper bushes. The plantings were made on a rainy, rainy, May 28, 1968 by Monahan's of 214 Winter St., Laconia, N. H. Last years plantings were checked and several trees were replaced by new ones. Feedings were made the first of July.

One of the maples planted on Main Street on the so-called Deane lot was given in memory of former Ashland residents, Mr. and Mrs. George Bettis, by their daughters Marion B. Reed of White River Junction; Helen B. Person of Plymouth; and Margaret B. Kimball of Contoocook. Our gratitude to them for helping us beautify our Main Street in such a fine gesture.

To date, this committee has planted a total of 131 tree units. This has been made possible by the eager cooperation of this committee and the townspeople.

Report of Forest Fire Warden and District Chief

People cause fires. Our records show that the number of fires increase in an area as the population increases and our state is growing tremendously. This means that we all must be aware of fire causes and do our best to prevent their occurrence.

When we are very young the lighted matches are an adventure, burnt fingers and a dropped match is another fire. A little older we like to have a woodland cookout, or go out by ourselves for a smoke but fire and forests get together for another statistic. We adults like to clean up in the spring, burn the old debris and the dead grass, result - escaped fires and much personal expense.

With new homes and summer cottages located in woodlands and with abandoned fields and forests crowding the back yards of our village streets, it is necessary that everyone be aware all through the fire season, which comes with the disappearance of the snow, of the need to be careful with outdoor fires and fire sources.

The following action will help:

1. To teach our children the danger of lighted matches.
2. To **never** discard lighted smoking material from a car or while walking through fields or woods.
3. To safely dispose of rubbish preferably at the town dump. If you must burn—
 - a. You need a written permit from the town fire warden for all debris burning except when the ground is covered with snow. Cooking fires in outdoor fireplaces or in charcoal brasiers in your own back yard is permitted on notification of the warden.
 - b. The warden is forbidden by regulation to allow burning of household rubbish on grass by householders between 9:00 A.M. and 5:00 P.M.
 - c. Have equipment on hand to control the fire **before** you light the match.
4. Promptly report any fire out of control to your fire warden or fire department.

Help to keep our town out of the fire occurrence column and save your tax dollars for useful purposes.

Forest fire record for 1968:

	Number of fires	Woodland Acres Burned
State	593	349
District	52	281½

Report of the Ashland Centennial Committee

I wish at this time to thank the town's people and all others for their cooperation and participation in our Centennial last July 20th - 27th. It certainly was a huge success by any rule, and for the most part the weather was marvelous.

We had thirty-two sub-committees. To the chairmen and their workers, a big thank you for work so marvelously done.

March 14, 1967 at Town Meeting it was voted to appropriate the sum of \$400.00 for the initial preparation for the Centennial. The Planning Board gave \$100.00 toward the celebration. Outside of this \$500.00 we have raised the monies from the Centennial Plates, Coins, Booklets, Horse Show, Centennial Stock, Centennial Buttons, Food and Centennial Ball.

The two major activities in a celebration like this that have no profit are the Parade and Fireworks. The parade was \$1,658.34, fireworks \$1,285.75 of which the Centennial put in \$500.00, \$539.00 from the Bert Hughes boys and \$246.75 from Atlas.

We received \$100.00 from the Squam Lakes Association and as of February 7th we have well over \$1,000.00 in the Meredith Trust.

This was not a money making affair. We only wanted a never to be forgotten Centennial and with monies to cover expenses.

We are going to sell the Centennial Plates, Coins, Booklets, Stock, Buttons and Programs this summer and with what we take in this summer and the \$1,000.00 plus we hope to acquire a beautiful memorial to our service men past and present.

I sincerely thank all for making our Centennial so successful.

Mary E. Hughes
Chairman, Centennial Committee

ARTICLE 4. A motion was made, duly seconded, and so voted that the District authorize the School Board to make application for and to accept, on behalf of the District, any or all grants of offers for education purposes which may now or hereafter be forthcoming from the State of New Hampshire and/or United States.

ARTICLE 5. A motion was made and seconded that the District accept the provision of Public Law 89-10, designed to improve educational opportunities, with particular reference to children of low income families, and to appropriate such funds as may be available to the District under said Federal Act for such particular projects as may be determined by the School Board. Further to authorize the School Board to make application for such funds and to expend the same for such projects as it may determine. A discussion followed this motion. The question was moved, and voted in the affirmative.

ARTICLE 6. The motion was made, duly seconded, and so voted that the district authorize the appointment of a School Study Committee consisting of at least three members to work with the School Board in making a study of the present school facilities, and to make recommendations for improvements and construction of new facilities at a Special School District meeting.

ARTICLE 7. To transact any other business that may legally come before the meeting.

A motion was made, duly seconded, and so voted that the Moderator appoint at least three members for this above mentioned School Study Committee, to work with the School Board.

A discussion period was held on ARTICLE 3 of the 1967 School Meeting, with the School Board answering questions on the introduction of this new course.

The Moderator declared the meeting adjourned at 10:29 p. m.

SUMMARY OF FINDINGS AND RECOMMENDATIONS

August 12, 1968

The School Board
Ashland School District
Ashland, New Hampshire

Gentlemen:

Submitted herewith is the report of the annual examination and audit of the accounts of the Ashland School District for the fiscal year ended June 30, 1968, which was made by this Division in accordance with the vote of the District. Exhibits as hereafter listed are included as part of the report.

SCOPE OF AUDIT

Included in the examination and audit were the accounts and records of the School Board and the School District Treasurer.

FINANCIAL STATEMENTS

Comparative Balance Sheets: (Exhibit A)

Comparative balance sheets as of June 30, 1967 and June 30, 1968, are presented in Exhibit A. As indicated therein, the Net Debt decreased by \$3,541.32 during the fiscal year ended June 30, 1968.

Analysis of Change in Financial Condition: (Exhibit B)

An analysis of the change in financial condition of the School District during the fiscal year is made in Exhibit B, with the factors which caused the change indicated therein.

Comparative Statements of Appropriations and Expenditures - Estimated and Actual Revenues (Exhibits C & D)

Comparative statements of appropriations and expenditures, estimated and actual revenues for the fiscal year ended June 30, 1968, are presented in Exhibits C and D. As indicated by the Budget Summary (Exhibit D), a revenue surplus of \$489.01, plus a net unexpended balance of appropriations of \$2,595.55, resulted in a net budget surplus of \$3,084.56.

Classified Statement of Receipts and Expenditures:

(Exhibit E)

A classified statement of receipts and expenditures for the fiscal year ended June 30, 1968, made up in accordance with the uniform classification of accounts, is included in Exhibit E. Proof of the Treasurer's balance as of June 30, 1968, is indicated in Exhibit F.

Statement of School Lunch Account: (Exhibit G)

A statement of the Ashland School Lunch account is presented in Exhibit G.

Statement of Student Activity Accounts: (Exhibit H)

A statement of the Student Activity account is included in Exhibit H.

Statement of School Tax Account: (Exhibit I)

A statement of the School Tax account with the Town of Ashland is presented in Exhibit I. As indicated therein, as of June 30, 1968, the School District had received from the Town the total of the 1967-68 School Tax in the amount of \$178,649.50.

Statement of Bonded Debt: (Exhibit J)

A statement of the outstanding bonded indebtedness of the School District as of June 30, 1968, showing annual debt service requirements, is contained in Exhibit J.

GENERAL COMMENTS

Current Surplus:

The current surplus (excess of total assets over current liabilities) decreased by \$1,458.68, from \$4,543.24 to \$3,084.56, during the fiscal year ended June 30, 1968, as shown here-with:

	June 30, 1967	June 30, 1968

Report of Superintendent of Schools

To the School Board and Citizens of Ashland:

I hereby submit my fourteenth annual report as Superintendent of the Ashland School District.

Staff

When schools opened in September of 1968 there were the following staff changes:

Ashland High

Mr. Robert A. Beem, a graduate of West Virginia Wesleyan College and who has done graduate study at the University of Massachusetts, replaced Mr. James Watson as mathematics teacher in grades seven and eight.

Miss Kathleen Crawford, a graduate of the University of New Hampshire and a former teacher in Lebanon, N. H., replaced Mr. Donald Miller as teacher of English in grades seven, eight and nine.

Mrs. Vina S. Hughes, a graduate of Mount Holyoke College and who has a Master's Degree from Clark University, replaced Mr. Raymond Becker as teacher of Social Studies in grades seven, eight and nine. Mrs. Hughes was a former member of the staff at Plymouth Normal School, now Plymouth State College, and she also taught in the Junior High School at Litchfield, Connecticut.

Mr. Roland Labrie, a graduate of the University of New Hampshire, replaced Mrs. Katherine Deachman as English teacher in grades nine and ten, and librarian.

Miss Helen Read, a graduate of Chatham College and who has done graduate work at the University of Pittsburgh, replaced Mr. Bertram Macdonald as teacher of Chemistry, Physics and General Science.

Mrs. Rachel Hopkins, a graduate of the University of Connecticut and who has done graduate study at George Peabody College, replaced Mrs. Patricia Stoddard as teacher of art in grades one through twelve.

Mr. Ferderick G. Hyder, a graduate of Boston University and with a Master's Degree from Springfield College in Guidance and Psychological Services, was employed as Guidance Director, grades one through twelve.

Elementary School

Mrs. Roberta R. Leopold, a graduate of American International College and a former teacher of grade four in Coventry, Connecticut, was employed to teach a combination of grade three - four because of the large enrollment in these two grades. This arrangement replaced Mrs. Estella Boyd as remedial teacher, grades three through six.

Mrs. Mary Nordstrom, a graduate of Middlebury College, a teacher of music in Rumney, Thornton and Holderness Boys School, was employed as teacher of music on one day a week basis in grades one through six.

Salary Schedule

The School Board has increased the starting salary from \$5000 to \$5700 for the school year 1969-70. The increases are \$200 per year to \$7500 for the tenth year. This schedule is more in line with other districts in the State, with a majority having adopted a base of \$6000 to \$9000.

Costs

The proposed budget for 1969-70 shows an increase of \$31,655.62. The property assessment for 1968-69 was \$187,944.44 and an increase of \$11,294.94 over this previous year. The District received \$40,964.95 from Foundation Aid, \$1,546.02 toward Building Aid, \$2,593.50 from Sweepstakes and these amounts are used to reduce the tax assessment.

The cost per pupil as computed by the State Department of Education excluding transportation and capital outlay for the school year 1967-68 was as follows: Grades one to six \$347.46, grades seven - eight \$536.84 and grades nine - twelve \$703.73. The state average cost was as follows: Grades one - six \$440.00, grades seven - eight \$549.00 and grades nine - twelve \$637.00.

School Study Committee

The School Study Committee that was authorized at the last Annual Meeting has reviewed the program of studies, facilities and different arrangements to meet the needs based on the curriculum and enrollment. The committee will present a report at the Annual Meeting on March 12.

Conclusion

I wish to extend to the Members of the School Board my sincere appreciation for their devotion to their task of formulating and carrying out their policy making responsibilities with foresight and conviction of what is best for the children, staff and citizens of Ashland.

I also wish to take this opportunity to express the appreciation of the staff for the fine cooperation of the Town Officials, Highway Department, Fire Department and Police Department.

The staff is to be congratulated for their devotion to their duties and responsibilities. They have done a great deal toward providing a classroom atmosphere for quality education.

The School Bus Drivers, Lunch Program Personnel, and Custodial Staff are to be commended for their sense of responsibility for being such an integral part of the overall program.

As a result of the combined efforts and support of the various organizations and individuals in the Town we are better able to meet the needs and provide a quality education for the future citizens of Ashland.

Principal's Annual Report

ELEMENTARY SCHOOL

Ashland Elementary School continues to function as a well organized unit based on well founded practices in content areas. Elementary enrollment is now 207 pupils.

In addition to the basic courses offered, a course in art was added to all Grades 1-6. This art course meets once a week. Mrs. Hopkins, the art teacher, has done an excellent job under very trying conditions of minimum material and deficiency of space. These art lessons are carried on in the regular class room, by the art teacher. It is hoped that by increasing the scope of this program art can be offered more than one day per week per grade.

A course that parallels the art course is the addition of music on the basis of one day a week to each grade. The music supervisor, Mrs. Nordstrom, like the art supervisor, comes to each home room, Grades 1-6 for one period per day. Music carried on by the regular grade teacher is now supplemented and coordinated by the elementary music supervisor. For the first time the services of a supervisor in art and music are offered to Grades 1-6.

In addition we have this year added the services of a qualified Guidance Director. Services such as giving of the Wisk tests, inventory tests, U. N. H. testing service and individual counseling has been possible in the elementary grades due to the work of the Guidance Director, and not by some outside services as in the past.

Our basic and most urgent need is room. The elementary facilities do not meet the needs of the community and will not until additional units are constructed. The physical facilities of our plant are sub-standard and will remain a hindrance to top quality education in Ashland until they are corrected by the addition of new units.

HIGH SCHOOL

The school year started off with 5 new full time and 1 new part time member on the faculty, an 8 period day, 3 new

subject offerings and approximately 200 pupils in grades 7-12.

Due to much hard work, patient research and tireless effort the Curriculum Committee came up with a basic curriculum that gave new courses in Math and Biology which meet the state's recommended course of study for our approved high school. The School Board, teachers and myself wish to express our thanks and appreciation to this fine committee for their work in behalf of the school and the community.

An art course at the Junior High level was added as a required subject and was established as an elective in Grades 9-12. Much fine work has been accomplished by Mrs. Hopkins and her students in this course this year.

Guidance on a full time basis was established for the first time in the history of the school. Work in Group Guidance, Testing, Occupational Guidance, including inventory testing, is now an accomplished part of the guidance program—not just the placement of graduates as in the past.

Again I wish to emphasize that lack of room and sub-standard class rooms are detrimental to the progress of Ashland High School, when it is realized that the present schedule utilizes 92% of all existing facilities and we still must use such places as the Gym, Shop, Cafeteria as Study Halls. The need of new class room units is self evident.

Ashland High School is now classified as a provisional approved status school. We have the course of study, the faculty, the students, all we lack is class room space so Ashland High School can once again assume its rightful place among the approved high schools in New Hampshire.

Respectfully submitted,

JESSIE L. BARTLETT,

Principal

Ashland School District
