## ASHLAND TOWN REPORT 2008

---

### DEDICATION

Frank Murdock  
2/16/1928-10/27/2008

This year the Ashland Board of Selectmen is dedicating the town report to someone who left us too soon and is sorely missed.

We dedicate our town report posthumously to Frank Murdock and we honor his wife, Mary and their children and grandchildren with this dedication.

Frank was born in Dorchester, Mass. as the youngest of five children of Frank and Alice (Bennett) Murdock. He attended Boston area schools. He served 2 years in Korea in the Army. He worked as systems installer and electrician for New England Telephone for thirty years, then as an independent contractor. He moved with his wife and young children to Ashland in 1967, purchasing and operating Pine Acres Cottages. Frank was also a real estate broker, Justice of the Peace, Notary Public.

He was a life member of the American Legion Post 15, and was also a member of the Elks Lodge and VFW. Some of his many hobbies were dancing, classical music, antiques, books, tools, furniture refinishing.

He was married to his wife Mary for 52 years. His family includes Lisa, Steven, Eric Murdock of Ashland and Julie (Murdock) Lewis and her husband Warren of Holderness. He also had four grandchildren: Eric's daughters Charlotte and Maggie Murdock and Julie's children Isaac and Andrea Lewis. He loved family life and greatly enjoyed being a grandfather.

Frank served the town he loved, Ashland, in many capacities. He was on the planning board, the zoning board and was at one time the building inspector. More recently he served as electrical inspector for the past 10 years resigning just last fall due to his health.

He will long be remembered for his sense of humor and wit.

We now honor him and his family with this dedication.

Ashland Board of Selectmen

Leigh Sharps, chair • Beth Bartlett, vice-chair • Bobbi Hoerter • Jeanette I. Stewart • Bob Comeau

WE REMEMBER.....

I'd like the memory of me  
to be a happy one,  
I'd like to leave an afterglow  
of smiles when life is done,  
I'd like to leave an echo  
whispering softly down the ways,  
of happy times and laughing  
times and bright and sunny days.

I'd like the tears of those who  
grieve, to dry before the sun  
of happy memories that I leave when life is done.

**TOWN OF ASHLAND  
MINUTES OF THE DELIBERATIVE SESSION  
ASHLAND SCHOOL GYMNASIUM  
FEBRUARY 2, 2008**

Moderator Philip Preston opened the meeting at 1 PM as per the posted warrant for the year 2008.

Introductions of the head table were made as follows: Budget Committee Members Roberta Hoerter, Miriam Brown, Dennis Potter, Kendall B. Hughes, David Ruell; Town Clerk Patricia Tucker; Board of Selectmen Glenn R. Dion, Jeanette I. Stewart, Daniel P. Golden, L. Leigh Sharps, Beth Bartlett; Town Administrator Richard J. Alpers; Town Attorney Laura Spector.

On behalf of the Board of Selectmen, Patricia Tucker made the presentation of the Town Report Dedication to Lumina Straw.

**Article 1:**

To choose all of the following officers for the year ensuing:

(2)	Selectmen	3 Year Term
(1)	Town Trustee	3 Year Term
(1)	Library Trustee	3 Year Term
(1)	Electric Commissioner	3 Year Term
(1)	Electric Commissioner	1 Year Term
(1)	Town Clerk	3 Year Term
(1)	Town Treasurer	3 Year Term
(1)	Town Moderator	2 Year Term
(1)	Supervisor of the Checklist	6 Year Term
(2)	Budget Committee	3 Year Term
(2)	Budget Committee	2 Year Term
(1)	Budget Committee	1 Year Term
(1)	Water & Sewer Commissioner	3 Year Term

**Moderator Preston read the article and there being no discussion it was declared that the article would be printed on the official ballot as written in the posted warrant.**

**Article 2:**

Amendment #1 Are you in favor of the adoption of Amendment #1 as proposed by the Ashland Planning Board for Ashland Zoning Ordinance as follows: to amend 2.3a by adding “No driveway shall be located within fifteen (15) feet of the side or rear boundary”?

Amendment #2 Are you in favor of the adoption of Amendment #2 as proposed by the Ashland Planning Board for the Ashland Zoning Ordinance as follows: to amend 2.3b to require that setbacks for wells, septic tanks, leach fields and components comply with the New Hampshire Department of Environmental Services Code of Administrative Rules Chapter Env-Ws 1000?

Amendment #3 Are you in favor of the adoption of Amendment #3 as proposed by the Ashland Planning Board for the Ashland Zoning Ordinance as follows: to amend 2.4a to clarify that subdivisions with community water systems may benefit from reduced minimum lot size requirements?

Amendment #4 Are you in favor of Amendment #4 as proposed by the Ashland Planning Board for the Ashland Zoning Ordinance as follows: to adopt the following definition of Community Water System – “as defined in RSA 485:1-a”?

Amendment #5 Are you in favor of Amendment #5 as proposed by the Ashland Planning Board for the Ashland Zoning Ordinance as follows: to adopt the following definition of Municipal Water Supply – potable water supplied by town or municipality?

**Explanation of the proposed zoning changes found in this article was given by Anthony Randall. It was explained that this will be a separate ballot to be voted on March 11, 2008.**

**Article 3:**

To see if the town will vote to accept the reports of its boards, commissions, and officers for the year of 2007 subject to corrections of errors when and if found.

**Moderator Preston read the article and there being no discussion it was declared that the article would be printed on the official ballot as written in the posted warrant.**

**Article 4:**

Shall the Town of Ashland raise and appropriate as an operating budget not including appropriations by special warrant articles and other appropriations voted separately, the amount set forth on the budget posted with the warrant or as amended by vote of the first session, for the purposes set forth therein, totaling \$6,346,385? Should this article be defeated, the operating budget shall be \$6,216,099 which is the same as last year, with certain adjustments required by previous action of the Town of Ashland or by law; the governing body may hold one special meeting, in accordance with RSA 40:13 X and XVI to take up the issue of a revised operating budget only.

**Moderator Preston read this article. Thomas Peters moved to amend this article by replacing the number \$6,346,385 with \$6,001,698. The motion was seconded by Richard Pare. Following discussion of the amendment Moderator Preston called for a voice vote and he declared that inconclusive. Moderator Preston declared that the vote on the amendment would be by ballot. Following the vote the following counters were sworn in - Richard Ogden, Richard Pare, Ann Marie Reeve**

**and Harold Proulx. The results of the vote were that 95 voters cast a ballot and the tally was YES 59 NO 36. Moderator Preston declared the amendment to have passed and there being no further amendments the article would appear on the official ballot as amended.**

**Article 5:**

To see if the Town will vote to raise and appropriate the sum of twelve thousand dollars (\$12,000) to be deposited into the River Street Bridge Repair Capital Reserve Fund for the repair of the River Street Bridge over Squam River. The Board of Selectmen does recommend this article. The Budget Committee does recommend this article. (Majority Vote Required)

**Moderator Preston read the article and following discussion it was declared that the article would be printed on the official ballot as written in the posted warrant.**

**Article 6:**

To see if the Town will vote to raise and appropriate the sum of one hundred fifty-seven thousand dollars (\$157,000) to purchase a 2008 Highway Truck and Equipment and to authorize the withdrawal of fifty-nine thousand six hundred and fifty dollars (\$59,650) from the Highway Truck Capital Reserve Fund, with the balance of ninety-seven thousand three hundred and fifty dollars (\$97,350) to be raised by general taxation. The Board of Selectmen does recommend this article. The Budget Committee does recommend this article. (Majority Vote Required)

**Moderator Preston read the article and following discussion it was declared that the article would be printed on the official ballot as written in the posted warrant.**

**Article 7:**

To see if the Town will vote to create a Highway Sidewalk Plow Capital Reserve Fund and to raise and appropriate the sum of fifteen thousand dollars (\$15,000) to be deposited into that said account for the purpose of purchasing a new sidewalk plow in the future. The Board of Selectmen does recommend this article. The Budget Committee does recommend this article. (Majority Vote Required)

**Moderator Preston read the article. Mark Ober moved to amend the article to read: To see if the Town will vote to create a Highway Sidewalk Plow Capital Reserve Fund and to raise and appropriate the sum of thirty five thousand dollars (\$35,000) to be deposited into that said account for the purpose of purchasing a new sidewalk plow in the future. The motion was seconded by Douglas Ober. Following discussion Moderator Preston called for a voice vote which he found to be inconclusive. He called for a show of hands with the results being YES 48 NO 27. Moderator Preston declared that the article would appear on the official ballot at amended.**

**Article 8:**

To see if the Town of Ashland will vote to employ a full time paid fire chief at an annual salary of \$49,500 and to raise and appropriate \$42,000 to compensate that full time paid fire chief in 2008, instead of continuing to utilize the services of a part time volunteer fire chief. The Board of Selectmen does recommend this article. The Budget Committee does recommend this article. (Majority vote required)

**Moderator Preston read the article. A presentation was made by Brad Ober. Following discussion Moderator Preston declared that the article would appear on the official ballot as written in the posted warrant.**

**Article 9:**

To see if the Town will vote to increase the selectman's salaries from \$900 to \$1,500 per year per selectman and to increase the chairperson's salary from \$1,200 to \$1,800 per year for the chairman. The Board of Selectmen does recommend this article. The Budget Committee does recommend this article. (Majority Vote Required)

**Moderator Preston read the article and following discussion it was declared that the article would be printed on the official ballot as written in the posted warrant.**

**Article 10:**

To see if the Town will vote to adopt the rules and procedures of Municipal Budget Law RSA 32-5 v – a. (Majority Vote Required)

**Moderator Preston read the article. Glenn Dion made a motion to amend the article to read: To see if the town will vote to adopt the provisions of RSA 32:5, v-a to require that all votes by the budget committee and the board of selectmen relative to budget items or warrant articles shall be recorded votes and the numerical tally of any such vote shall be printed in the town warrant next to the affected warrant article. – Seconded by Daniel Golden. Following discussion Moderator Preston declared the amendment passed by voice vote. Moderator Preston declared that the article would appear on the official ballot as amended.**

**Article 11:**

**By Petition:** To see if the Town will vote to approve the following resolution to be forwarded to our State Representatives, our State Senator, and our Governor:

Resolved: We the citizens of Ashland, NH believe in a New Hampshire that is just and fair. The property tax has become unjust and unfair. State leaders who take a pledge for no new taxes

perpetuate higher and higher property taxes. We call on our State Representatives, our State Senator, and our Governor to reject the “Pledge”, have an open discussion covering all options, and adopt a revenue system that lowers property taxes.

**Moderator Preston read the article. He stepped down as moderator, Thomas Peters was asked to stand in so that Representative Preston could offer discussion on this article. Following discussion Mr. Peters declared that the article would appear on the official ballot as written in the posted warrant. Mr. Preston returned to the moderator position.**

**Article 12:**

**By Petition:** To see if the Town will vote to immediately discontinue the Board of Electric Commissioners and return the management, control, and direction of the municipal electric system to the authority of the Board of Selectman. (Majority Vote Required)

**Moderator Preston read the article. Following discussion Moderator Preston declared that the article would appear on the official ballot as written in the posted warrant.**

**Article 13:**

**By Petition:** I. Shall the government of the police department of the Town of Ashland be entrusted to a police commission?

- II. If so, shall such police commissioners be chosen by:
- (a) Popular election at Town election; or
  - (b) Appointment of the governor with consent of the council?

**Moderator Preston read the article. Following discussion Moderator Preston declared that the article would appear on the official ballot as written in the posted warrant.**

**Article 14:**

**By Petition:** RSA 41:47 Election – To have the Town of Ashland vote to elect by ballot the police chief for a term of 2 years and rescind the current process of appointing a police chief by the selectmen?

**Moderator Preston read the article. Following discussion Moderator Preston declared that the article would appear on the official ballot as written in the posted warrant.**

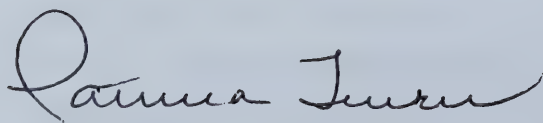

**Article 15:**

To transact any other business that may legally come before said meeting.

Announcements -

**ARTICLES**

- Article 1:** To see if the School District will vote to authorize the School Board to negotiate and execute such tuition contracts as the board may determine advisable for students inside or outside the Pemi-Baker Regional School District. The School Board recommends this article (Majority vote required.) YES 307  
NO 83
- Article 2:** To see if the School District will vote to establish a contingency fund in accordance with Revised Statutes Annotated 198: 4-b, such contingency fund to meet the cost of unanticipated expenses that may arise during the year and, further, to see if the District will raise and appropriate the sum of twenty-five thousand dollars (\$25,000) for such contingency fund. The School Board recommends this appropriation. (Majority vote required.) YES 224  
NO 165
- Article 3:** To see if the District will vote to approve the cost items included in a three-year collective bargaining agreement reached between the School Board and the Plymouth Cooperative Education Association, which calls for the following increases in salaries and benefits:
- | Year      | Estimated Increases |
|-----------|---------------------|
| 2008-2009 | \$188,247           |
| 2009-2010 | \$178,437           |
| 2010-2011 | \$214,088           |
- And further to raise and appropriate the sum of one hundred eighty-eight thousand two hundred forty-seven dollars (\$188,247) for the 2008-2009 fiscal year, such sum representing the additional costs attributable to the increase in salaries and benefits over those of the appropriation at current staffing levels paid in the prior fiscal year. The School Board recommends this Appropriation. (Majority vote required.) YES 176  
NO 230
- Article 4:** To see if the School District will vote to authorize and empower the school Board to borrow up to one hundred four thousand dollars (\$104,000) representing a portion of the State of New Hampshire's share of special education costs for the 2008-2009 school year, pursuant to RSA 198:20-d upon such terms and conditions as the School Board determines in the best interest of the District: said sum together with the costs of borrowing to be repaid by the State of New Hampshire pursuant to RSA 198:20-d ; or to take any action in relation thereto. The School Board recommends this appropriation. (Majority vote required.) YES 235  
NO 162
- Article 5:** To see if the Pemi-Baker Regional School District will vote to raise and appropriate as an operating budget, not including appropriations by special warrant articles and other appropriations voted separately, the amounts set forth on the budget posted with the warrant or as amended by vote of the first session (deliberative session) for the purposes set forth therein, totaling twelve-million five hundred forty-two thousand four hundred eighty-six dollars (\$12,542,486). The School Board recommends this article. (Majority vote required.)
- Should this article be defeated, the default budget shall be twelve million seven hundred ninety-nine thousand two hundred forty-six dollars (\$12,799,246), which is the same as last year, with certain adjustments required by previous action of the Pemi-Baker Regional School District; or by law or the governing body may hold one special meeting, in accordance with RSA 40:13, X and XVI, to take up the issue of a revised operating budget only. This sum excludes the sums in Warrant Articles 2 and 3. YES 290

# TOWN DEPARTMENT REPORTS

**ASHLAND BOARD OF SELECTMEN**

Submitted by Leigh Sharps, Beth Bartlett, Jeanette I. Stewart, Roberta Hoerter, Robert Comeau

To Our Fellow Residents,

This is the first report included in the town report from the Board of Selectmen for a few years.

We handled several issues and weather events in 2008 and have started several initiatives to help our residents and the town in general. We are hoping all our initiatives will stay active, even if we have new board members after our March 10 election. We need to keep moving ahead.

We went through two major weather events in 2008: one a flood and one an ice storm which brought our community together to help our fellow man. We did this with reduced department staffs and volunteers and we are proud of every one of them and thank them once again. We credit our highway department, electric department, police and fire departments with pulling us through these two events when we had to open a shelter. Our town received our power back in a matter of hours after the ice storm, rather than days, as was the case in most communities around the state. We also handled the August flood event with a reduced police staff and an interim administrator on board. Most of the selectmen stayed up all night to help out and keep the shelter running and making sure everyone who needed help received it. This went on for weeks later. Our infrastructure damage problems were minimal compared to some towns. However, we mourned the loss of a young girl at a local campground during the flood and thank all our town departments for their help during this tragic event.

Our department heads, employees, our interim administrator and current members of the board worked through a very tough budget year successfully. We are mindful of how we struggled last year as we worked through this year's proposed budget.

Our tax rate declined in 2008; we'd like to see it stay that way in these very difficult, economic times or go down even further. The state government and other towns are cutting staff, folks are losing jobs and homes and businesses are closing. Our taxpayers need to come first and we hope we can maintain all our services for our taxpayers through 2009.

This board has made many new initiatives this year such as looking for a way to share resources with neighboring towns. We held our first public forum with 5 towns participating and our second meeting will be on March 31. We are in the process of updating our Master Plan and our Emergency Management Plan. We are hoping to hook up with PSU's Environmental Department and Urban Resources Department in hopes to

tap into services like getting a free energy audit of all town-owned properties. Our chair is a member of the Lakes Region Planning Brownfield's Committee and if, hopefully, state funding is awarded to LRPC this spring we can identify some possible sites to clean up in town and the dream is to build a sandy beach park somewhere on the Pemi River where we own waterfront to put in a handicapped dock, a children's fishing pier, picnic tables and maybe a gazebo for summer concerts. A park somewhere on the Squam River is also possible. The Conservation Committee is also very active this year and is working to protect not only our rivers but also Little Squam Lake.

We went through a very busy national election day last November with absolutely no hitches. We hired Tim Cullenen as our new town administrator in October. We have seen our school Principal Bill Tirone, named as State Principal of the year in 2008 and Mr. Wolf as State History teacher of the year 2008; these following the 2007 State School of the year award.

We are also a finalist in the state for a regional dumping station, which we should hear about very soon. This could bring in significant monies to our town.

We appreciate all the volunteers and employees who hold our boards and commissions together and our own select board members who serve as liaisons and are on multiple committees. This effort will continue this year and we are hoping to add at least one more liaison this coming year to the school board.

Our new administrator is writing grants and planning events to draw visitors to town. The first Fine Arts Festival will be held this summer, a swap meet during Bike Week, and a cardboard boat regatta on the Fourth of July are all being finalized. We are hoping that our residents will warmly welcome visitors to our town during these events and participate as well to help make our town a "destination" rather than a drive-through.

Because of the economy and the state and nation going into a depression from our, our town has postponed several new building projects, which we hope can still come to fruition in the near future.

We thank all who have supported this board through the year of "active" meetings. We have come out on the other side well equipped to face 2009 and beyond.

Again, thanks to all of you.

## **TOWN ADMINISTRATOR' S REPORT**

Submitted by Timothy A. Cullenen – AICP, CMSM

It is my pleasure to submit this annual report to the residents of the Town of Ashland.

2008 was a year of transition for the Town of Ashland and for the office of the Town Administrator. Former Town Administrator Richard Alpers left in April and Finance Officer Jennifer Correia stepped into the role of Interim Administrator for a period of five months. Both of these individuals need to be acknowledged for their commitment and dedication to fulfilling the duties of the position.

I am proud of having been selected to assume the position of Town Administrator and began my work on October 6<sup>th</sup>, 2008. The months have gone by quickly and there has been a great deal to learn. I wish to thank the Board of Selectmen for their dedication to the Town and the time and effort that they devote to their elected positions. I also want to thank all of the Town employees who I have met, spent time with, and have helped me to better understand the nature of the operations of the Town. My first few weeks would not have gone as smoothly or efficiently without their cooperation.

One of my first activities has been to introduce myself to the residents and business owners within the Town. I have attempted to reach out to these individuals and will continue to do so. I strongly believe that good communication and collaboration between the Town, residents, and business community is integral to the ability of the Town to respond to needs and the to effectively provide services to the community.

Within the short period of time I have been here, we have been actively engaged in developing a budget for 2009. The focus of this process has been on maintaining the highest level of services for the community in the most cost effective manner. Each and every individual involved, from Selectmen to Town Department Heads to employees, are aware of the challenges facing us in the current economic conditions. We will continue to strive to be as efficient and productive as possible.

Other activities have included updating and adopting both a Town Personnel Policy (to be adopted in early 2009) and a Town Employee Safety Manual.

We have made great strides in updating the Town's Website in order to provide to current information to residents and visitors to the Town of Ashland. As part of this effort, we have developed the Ashland Info Blast, an electronic email delivery of the Town's activities and current undertakings. For residents not familiar with the Info Blast,

we urge you to sign up at the Town Hall so that you can begin receiving these important updates.

Working with the Board of Selectmen and Department Heads, we have developed an extensive list of activities and potential projects for the upcoming year. At the top of the list is the pursuit of economic development opportunities. We will be working to assist existing businesses and pursue the attraction of new ones. At the same time, the Planning Board will be facilitating the update of the Town's Master Plan, which will help to direct efforts for future development and enhance the quality of life enjoyed here in the town. On the lighter side, efforts are underway to conduct a few special events within the community. These events will bring visitors and attention to the Town and provide an opportunity for residents to get together.

There are many more opportunities waiting and the potential for great things to happen for the Town of Ashland in the upcoming years. I am excited about being part of the community and being able to help bring existing projects and future ideas to fruition. Healthy, vital communities are ones that create the future for themselves, not just accept what happens. Communities need a vision for the future and that vision originates with the citizens. I urge all of the residents and businesses in the Town to become active within the community. Choose to volunteer, become a member of a committee, or even decide to run for a public office. Be a part of the future of the Town of Ashland.

2009 will likely come to be known as the "Year of Transformation", not just for the Town of Ashland but for the entire world. Changes are likely to be seen in the economic, political, social, and cultural elements of the world in which we live. The Town of Ashland needs to be prepared to meet these changes and challenges and I believe we can do so.

On behalf of all of the employees of the Town of Ashland, I look forward to the next year as we dedicate all of our efforts to making the Town of Ashland even a greater place to live and work.

**ASHLAND POLICE DEPARTMENT**

Submitted by Interim Chief Donald Marren

The Ashland Police Department has undergone very noticeable changes in 2008. The year started off with a full capacity of six officers and as of December 2008 we currently have only three full time officers and one part time officer.

The Ashland Police Department lost an employee due to budget reductions; Officer Paquette left to pursue his career at the Tilton Police Department; and Chief Chivell decided to retire after 20 years of police service. We wish Chief Chivell well in his retirement.

I am happy to announce that after an extensive process, we have hired Bruce Cote of New Hampton to be a full time officer beginning in January. He will be in training until his graduation from the police academy in July.

This year the Town has experienced a natural disaster that tested all departments and all of the Town of Ashland employees. The commitment of all of the employees and assisting agencies was indescribable and I can not thank them enough.

The officers of your department have served well beyond the call of duty to our community. The department strives to maintain services to our residents and other agencies. This has been a challenge with the lack of personnel this year. The services provided in past years cannot be maintained at current staffing levels. We continue to provide a level of services and public safety protection as best as possible under these conditions. It is my goal to assist the newly elected police chief in providing you with the best service possible.

The Ashland Police Department thanks all of our surrounding police, fire, emergency services and state agencies that have assisted us through the year and we will continue to assist them. I would like to thank the town hall office staff that assists me day to day regarding the ins and outs of the town government. Also, my thanks go to the Ashland Electric, Water and Sewer Departments and the Town Library for their help during the year.

In closing, I would like to personally thank Fire Chief Tom Stewart and the Ashland Fire Department for their professional assistance. Mark Ober and his crew at the Highway Department are always providing the Police Department with assistance and support in the worse of weather conditions.

Lastly, my thanks go to all the officers and civilian employees that have served this year at the Ashland Police Department under challenging circumstances.

## **PARKS AND RECREATION**

Submitted by Director James R. Gleich

Ashland Parks and Recreation has had another wonderful year. Working in conjunction with the Ashland Town Library, Ashland Parks and Recreation continued its efforts to offer free introductory computer classes every Tuesday. In addition, Ashland Parks & Recreation has been working closely with the Lakes Region Community Service Council (LRCSC) to help provide opportunities for Ashland town residents, as-well-as area community members working with LRCSC to participate in social and community based activities.

The Summer Day Camp Program continued to be one the areas busiest day camps in the area. The Summer Camp Program had 55 campers registered; seven of the students were sponsored through money raised by the "Ashland Camper Scholarship Program." In addition, Donovan Tree Experts and the Ashland Rebekahs assisted the summer program through their efforts of donations to help sponsor two of the summer camp field trips. Our Summer Camp Staff did an outstanding job with all of the children under the guidance of Diane Hill, Summer Camp Head Counselor. We are looking forward to another great camp season with the anticipation of many returning camp staff. I would like to thank all of the counselors and staff for all of their great work.

With help from a successful summer program, our After School Program has remained consistent with 23 students registered at the start of the school year. Some of these students are with us on a part-time status. In addition, Lisa Hill has returned as the "After School Program Assistant." Her dedication to the program and students clearly makes her a valuable part of the staff at Ashland Parks & Rec.

The Ashland Firemen's Association did an outstanding job with the ice rink during the winter months and with the creation of a new asphalt skating rink. This new rink, located behind the bandstand at the ball field, will help offer skating opportunities for everyone throughout the year; ice in the winter and a smooth riding surface during the warmer months. Our thanks go out to these fine members of the Ashland community.

Throughout the year many Ashland residents participated in numerous programs sponsored through Parks & Recreation. These activities included movie field trips, holiday parties, bowling, computer classes (co-sponsored by the Ashland Town Library), and more. Many of these programs will be repeated in 2009 due to their popularity. If you would like to see a particular program in Ashland, just let me know and I will try my best to bring it to life.

The campground and beach has had another great season. The Edward Doggett Campground was at full capacity again this past year. All 23 sites were filled and well used this past summer. We are looking forward to another packed summer at the campground.

The Ashland Beach season was sparked with the return of the swim raft after a season without it to the accolades of all of the patrons and children who use the beach.

The beach also opened with the addition of a wonderful wheelchair accessible ramp that was installed with the help of the Ashland Highway Department. Or thanks go out the Mark Ober and his crew for all of the wonderful assistance they have given throughout the year. The Ashland Beach is one of the only public beaches in New Hampshire that is completely accessible to all would be patrons.

The "Snack Shack" concession booth was a big hit again this past summer. I would like to take the opportunity to thank all of the lifeguards and beach staff for all of their long hours and dedication to the beach and the beach patrons.

Throughout 2008 many of our facilities have been involved in some type of renovation or refurbishment. All of these improvements have helped to increase the quality of our buildings but also the quality of our programming available to the community. Proposed improvements for 2009 are as follows:

- Continual repairs and upgrades to all facilities.
- Preventive maintenance with the removal and replacement of some older trees from the Edward N. Doggett campground.

I would like to thank Bill Tirone and the Ashland Elementary School for their continual support of the After School Program and for helping with the renovations to the athletic field. This past fall, with the assistance of Bill Tirone, the field area next to the bandstand was leveled to help supply more accessible parking for patrons who use the ballfield.

Many thanks need to go out to all the members of the community who had helped make these repairs and programs possible. Without all of your help, contributions of time, effort, and donations these repairs and upkeep would be impossible. My thanks to Mark Ober, all of the gentlemen at the Highway, Lee Nichols, Electric, Water & Sewer Department, Ashland Firemen's Association, and for all of the ladies in the Utilities Office for your assistance with the various project throughout the year. Last but not least, I would like to thank Tim, Patsy, Jen, and Pat for everything they have helped me with throughout the year. Your assistance really makes a difference.

Community involvement can come in many forms such as –

- Attend programs
- Volunteer some of your time to help an activity happen.
- Suggest or Teach a class of interest
- Chaperone a trip
- Sponsor a camper
- Become a counselor at the summer program
- Serve on the Parks & Recreation Committee.
- Be a concerned citizen and let us know if you notice something out of the ordinary.
- Think of us when you are cleaning out those attics, garages, playrooms, and basements. (Many thanks to the individuals who did this in 2006; your donations helps make many of our programs possible)
- Donate some time to help build something

These are just a few ways in which individuals can become a part of our Parks & Recreation program. The more people that get involved, the more the Ashland Community can grow. Help us bring even more diverse program to the Ashland community. Help us grow to meet the needs of our great community. Many thanks to everyone whom helped make the 2008-year possible. Let us all make 2009 an even better year.

**ASHLAND ELECTRIC DEPARTMENT**

Submitted by Commissioners Michael Evleth, Daniel Vaughn, Kendall L. Hughes  
Superintendent Lee V. Nichols

The year 2008 has drawn to a close with Ashland Electric Department continuing to prosper and improve services to our customers. This year two new Electric Commissioners took office – Mr. Daniel Vaughn and Mr. Michael Evleth. They will join Chairman of the Board Kendall L. Hughes in governing the Electric Department.

This year the Electric Department Commissioners and Superintendent have worked very hard to make sure the best possible rates for power were obtained for Ashland residents. The Town of Ashland continues to have one of the lowest rates for power in the Northeast and one of the lowest outage records. The low outage record is due mainly to the department's tree trimming efforts this year. The Electric Superintendent and Commissioners would like to thank Joe Vittum and Jeff Hladyk for their hard work and dedication. Also thank you to the office staff – Linda Pack, Kay Mudgett and Pat Fligg for their efforts to make sure all customer concerns and emergencies are dealt with swiftly and professionally.

---

**ASHLAND WATER AND SEWER DEPARTMENT**

Submitted by Commissioners Robert Boyle, Ernest Paquette, Andrew Dame

The following projects were completed in 2008:

- Electrical upgrade at the Wastewater Plant, new transformer, update wiring in pump room and lab, replaced breaker panel. Cost: \$9000.
- Water tower was cleaned and inspected. Cost: \$2995.00
- Upgrade chlorine system at the water plant. Cost: \$2519.14
- Upgrade and add backup pump for sodium hydroxide at water plant for PH control. Cost: \$6918.50

Improvements for 2009:

- Finish electrical upgrade at Wastewater Plant
- We are waiting for a decision on the Septage receiving station.
- A new Chevrolet Colorado pickup was purchased to save on gas and to read meters and out of town trips.
- A small tractor was purchased because of State Safety Regulations and speed up cleaning of hydrants in the winter.

### ASHLAND HIGHWAY DEPARTMENT

Submitted by Mark W. Ober, Road Agent

In 2008 we once again experienced more budget cuts which meant that construction projects and contracted road maintenance were not done.

The funds allotted to purchase a "pull street broom" were used to purchase a new sander replacing one that was damaged during the 2008 winter months.

Dan Defosses left the highway department to pursue a career change.

The department is hoping to be able to buy a new sidewalk plow which would replace the 22 year old one that we are currently using.

The town took delivery of our new highway dump truck in early October.

The members of the department continue to assist all town departments whenever they can.

Many thanks go to all the town departments for any assistance that they provided to us during the year.

### TRANSFER/RECYCLING CENTER

Submitted by Mark W. Ober

As with the economy in general, the recycling prices were out of site during the first three quarters of the year, and the bottom fell out during the last quarter.

The market will come back, perhaps not to the extent that we had previously experienced, but to some extent.

The department welcomed Dean Straw as a new employee at the Transfer Recycling Center

There are some facility patrons that are not doing their "recycling duties" because we hauled more than we did in 2007 which is a cost to the taxpayer.

**Remember** the more you recycle, the less we have to haul, which costs you, the taxpayers. **Recycling is mandatory.**

Household trash totaled 630.92 tons and construction debris totaled 251.31 tons.

Revenue generated from landfill fees and recycling fees totaled \$36,485.

**ASHLAND TOWN LIBRARY**

Submitted by Trustees Alice Staples, Lynn Davis, David Ruell

**Ashland Town Library “by the numbers” for 2008:**

**Patron visits: 10,329 • Programs offered: 106 • Items circulated: 13,808**

**Computer users: 2,085 • Volunteer hours: 41.25**

2008 was a year marked by major budget cuts for the Town of Ashland. The Library was no exception. Lacking the necessary resources to purchase materials, the library asked for donations, and was fortunate to get a good response. Library staff and trustees are grateful to our patrons in Ashland and beyond for their generosity. With very little resources, including budget, staff, and space, the hard-working staff continue to provide superior library services to the town of Ashland.

The library held 106 programs this year, for children and adults. These included computer classes, story hours, knitting groups, summer reading programs and more. These programs are very popular and well-attended.

The Ashland Town Library participated in town activities, hosting the Halloween parade and hosting Santa Claus for Christmas Night in Ashland. The Friends of the Library sponsored Meet the Candidates night in February and held their annual book/bake sale and silent auction on July 5<sup>th</sup>.

The library computers for public access continue to be used very heavily, 2,085 users throughout the year. The computers were acquired with a grant from the Gates Foundation in 2002, and have served the community well, but are starting to show their age. The library has instituted a special fund so that these computers will be able to be replaced when needed.

The library automated catalog will need to be replaced, probably in 2009. This system functions as the library catalog and also keeps track of our patrons and the books they borrow.

Library hours were increased by one hour per week to meet the needs of the patrons and to simplify the schedule. Friday hours were increased, from 10am – 1pm to 10am -2pm, the same as Saturday hours.

The trustees have formed a Space Needs Committee. Members of the community have volunteered to work with the trustees to study the existing library space and resources, and research possible solutions to the overcrowded conditions.

The Friends of the Library are always looking for new members. Contact the Ashland Town Library if you are interested in joining the Friends in their support of the library. The success of the library depends on all the volunteers that donate time, energy and funds throughout the year, and they are greatly appreciated for all their hard work. This year, the Friends groups donated close to \$1,000 in books, dvds and a free pass to The Fells, historic estate and gardens.

The Board of Trustees of Ashland Town Library would like to especially thank the very hard-working library staff, Sara Weinberg, Terry Fouts, Noreen Crawford and Lisa Rollins. All of the above mentioned accomplishments are due to their commitment to bring the best possible service and information resources to the citizens of Ashland.

**ASHLAND FIRE AND RESCUE DEPARTMENT**

Submitted by Chief Thomas Stewart

The year ended with 113 fire calls, 28 station coverage's, 218 medical calls, and 77 motor vehicle accidents for a total of 436 calls for service for our department. All the men on the department including myself are finding it harder and harder to find the time to do the job that is needed in the department. Again I ask you the towns' people to vote YES on the position of a full time fire chief. This year Deputy Ober and Captain Heath wrote a FEMA Grant for a vehicle exhaust system for the fire station, which we did receive. The exhaust system will take the exhaust from the trucks and vent it all outside, making the air quality inside the station better. The FEMA Grant is for \$40,375 and the taxpayer's portion is another 5%. We also are in need of upgrading the electric at the station, from a single phase to a three-phase system. When we get the three-phase we can also hook up the extractor (high speed washer) that the association bought from L.W. Packard Laundry when they went out of business. This will allow us to wash our bunker gear, which in turn will make it last longer.

The weather was a big factor this year! Our department was able to get a crew together to go to Barnstead and help with the cutting of trees to open up the roads after being hit with a tornado. All the men that went had to take their own personal vacation time from their regular jobs in order to assist in helping Barnstead.

In August, Ashland and the surrounding towns were affected by flash floods. Six inches of rain fell within a one hour time frame resulting in numerous calls for assistance. Deputy Ober arrived on the scene at Ames Brook and discovered that a vehicle had washed into the river; he immediately called for the Swift Water Rescue Team. Tragically, this event did result in the loss of a child's life. Without Deputy Ober's expertise in this situation a greater loss of life may have occurred. During this flooding we also had major flood damage to a home on the corner of Depot Street and Carr Avenue. All the men from our town and surrounding areas did a great job that night.

In December the State suffered from a bad ice storm causing power outages from the bottom of the state all the way up here. Ashland was without power for nine hours while other parts of the state were without power for weeks. Ashland was asked to get a crew together to help out another town in the southern part of the state; however we were unable to find available men to go help out. The men in the department are all employed full time at other businesses and they help on the fire department as a volunteer on their free time. With the department being employed full time else where it is very hard finding available men to cover for any calls through out the day on any given day. The average fire man has been on the department at least 20 years.

I would like to thank everyone for supporting our department, and mostly all my men for sacrificing their time away from their families.

**ASHLAND LAND USE BOARDS**

Submitted by Ashland Planning Board and Zoning Board

The **Ashland Planning Board** was established in 1950. In March 1988 the voters adopted RSA 673:6 which established the composition of the board to be seven full voting members [one Board of Selectmen representative and 6 appointed] and three [appointed] alternate members. The members of the current board are Michael Evleth, Robert Boyle, Kendall B. Hughes, Selectman Robert Comeau, Sandra Coleman, Gordon McCormack Jr. and alternate Anthony Randall. Don Latulippe finished his term on the board and we thank him for his years of service.

At present the board is not filled to capacity, which means that the town is in need of volunteers to complete the membership. The Planning Board meets twice a month, the regularly scheduled meeting at which cases are heard is the first Wednesday of the month. We also hold a work session, generally the last Wednesday of the month.

In addition to hearing site plan and subdivision reviews, a main emphasis of the Board is keeping the Master Plan up to date. This has fallen behind in recent years and the goal of the present board, with the help of funds from the taxpayers is to complete the updating of the master plan within the next two years. The preparation of the master plan is the duty of the Planning Board. Master Plans are defined in State Law (NH RSA 674:2) as both a reference and policy document. The purpose of the master plan is to set down as clearly and practically as possible the best and most appropriate future development of the area under the jurisdiction of the planning board, to aid the board in designing ordinances that result in preserving and enhancing the unique quality of life and culture of New Hampshire, and to guide the board in the performance of its other duties in a manner that achieves the principles of smart growth, sound planning and wise resource protection.

At times during the next year you, the citizens, will be asked to participate in forums and surveys, which will be of utmost assistance as the board works with the Lakes Region Planning Commission to complete this project. We thank you in advance for your participation.

This year the Board completed the following:

- Amended the Subdivision Regulations by adding definitions for "Community Water System" and Municipal Water System"
- Approved a boundary line adjustment for lot 015-003-022 and 023
- Approved a site plan for lot 012-003-013 and 012-003-015
- Signed a voluntary merger for 012-003-015 and 012-003-013

- Approved a 2 lot subdivision of lot 018-004-039
- Approved site plan for 016-002-006
- Held public hearing for changes to the zoning ordinance to be voted on in March 2009

The function of the **Zoning Board of Adjustment** is to hear cases requesting variances or special exceptions. Generally, the cases have already gone before the Planning Board and have been denied for a specific reason. The Zoning Board hears the case and if certain criteria are met can grant a variance or special exception.

In 2008 the Zoning Board acted on the following:

- Granted variance for 013-004-005
- Granted variance for 012-002-004
- Granted variance for 022-001-020
- Granted variance for 011-006-003
- Denied variance for 016-002-006
- Reheard and granted variance for 016-002-006

The Zoning Board of Adjustment was established in 1985, made up of five members and not more than three alternate members. The Board meets as needed during the year. Currently we are not at full capacity, if you are interested give the town office a call.

The members of the current board are Elaine Allard, Michelle Fistek, Robert Boyle, Eric Baker and Don Latulippe.

**TOWN WELFARE  
EMERGENCY ASSISTANCE**

Submitted by Robert Hicks

Town welfare dollars for 2008 has trended upward due mainly as a direct result of a slowing economy, area employment is scarce and the certification process used to approve recipients for state benefits, such as Social Security, Disability, Medicare, food stamps and other programs moves slowly.

Our citizens never enjoy asking for help; most make tremendous efforts to re-establish their situations and reimburse the town when able.

\$50,589.00 was the total amount paid in vouchers for emergency assistance.  
\$32,284.00 for housing costs.  
\$9,612.00 Electric utility costs.  
\$6,880.00 for Heating fuel.  
Plus food, medication, and utilities.

As welfare director I see first hand the concerns of some of our citizens for basic needs. We try to help with information on housing, jobs, and directing clients to the proper agency to provide long term needs. Our community of two thousand, with our churches, food pantry, fire and police departments reach out to those in need as much as they are able to. Many of our private citizens are anonymous donators for fuel and Christmas.

This is a very rewarding job, knowing that there are folks outside this department that are willing to share with those less fortunate.

**ASHLAND BUILDING INSPECTOR AND CODE ENFORCEMENT**

Submitted by Robert B. Hicks

Maintaining good, safe buildings, and code compliance is what we all want for Ashland. We have a good team with Butch Smith our electrical inspector and Dale Gray our plumbing inspector, both quality men, and knowledgeable in their trade.

Applications for permits can also be obtained during regular Town Office hours, five days a week, 8 AM to 4 PM. Arrangement can be made for on site meetings. Inspections are made with a reasonable appointed time.

2008 has been an active year for Ashland Building, 116 permits have been issued since January 1<sup>st</sup>:

- 60 Building permits
- 18 Electrical
- 19 Plumbing & Heating
- 2 Driveway
- 7 Sign
- 10 Demolition

6 new houses – 2 commercial buildings – 7 residential garages - 5 new residential units. Total Permits 116

We use the 2006 International Building Code, Residential Building code along with our Ashland Building and Zoning Regulations. We will be upgrading to the 2009 International Codes in March.

Many other dedicated people on the Zoning Board of Adjustment and the Ashland Planning Board are valuable assets to this department.

Our goal is to provide help for Ashland residents with their building needs and to administer the regulations as fair and promptly as possible.

Good building planning helps our town provide safe housing and the right kind of new business opportunities for our community.

**ASHLAND HISTORICAL SOCIETY**

Submitted by David Ruell, President

The long effort to preserve the old Ashland Elementary School reached a milestone this summer, when the property was finally deeded to Tri-Cap Community Action Program, which plans to renovate the building for use by Headstart and other community service programs. TCCAP built a paved walk for students along the old high school fence, as required by its agreement with the school district. The upper story windows have been boarded up to better secure the building. The need now is for more funds to complete the renovation. The Historical Society intends to help with that fundraising. We still continue the "sale" of bricks, window panes and windows in the old school as part of that effort. See our brochures or the Society's website, [www.ashlandnh.org](http://www.ashlandnh.org), if you wish to participate in that sale, in your own name or in the name of someone you wish to honor or remember. We look forward to seeing the old school, a historic Ashland landmark, restored to an active role in the life of the community.

Fundraising for our museums and projects is always a major effort for the society. Denise Cross, assisted by her family and friends, prepared a delicious Barbecue Dinner at the Legion Hall in August, although unfortunately, a thunderstorm dampened the attendance. Better weather helped the turnout at the Dinner in a Bowl in October, which was cooked by members and friends of the Society. New bowls were made by a local potter and the schoolchildren. Both dinners benefited the general fund, while the annual Veterans Weekend Turkey Dinner Train Ride benefited the Railroad Station.

Volunteers made some improvements at the Whipple House, including the repair and painting of the upstairs hallway ceiling, the painting of the front cornice and many windows, and repairs to sinks and a toilet. The Whipple House Museum schedule was changed to Wednesday and Friday afternoons, dropping the Saturday hours. The summer exhibits included the wool making process at the L.W. Packard mill, and a newly acquired collection of clothing from the late 19<sup>th</sup> century. In conjunction with the main exhibit, a Wool Day, with demonstrations of crafts, such as spinning and dyeing and knitting, was held in July on the Whipple House lawn.

The Railroad Station Museum was the site of much activity in the summer and fall as the grounds were used as a staging area for equipment and materials for the repair of the tracks and roadbed, mostly to the south of the station, that were damaged in the flash flood in August. The track work did lead to the discovery of some railroad artifacts which the state is donating to the museum.

The Pauline E. Glidden Toy Museum was improved by the repair of the front door threshold and the installation of a railing at the main entrance. A new planter/sign was set out on the Main Street sidewalk. Four special events were held on summer Saturdays, fashion show by Wholly Tara, a circus performance by Jim Gleich, the annual Young Ladies Tea, and a doll Show depicting the history of dolls through the ages. The Toy Museum also dropped Saturdays from its scheduled open days.

We continued our outside exhibits of historic photographs, enlarged and laminated for display. The Utility Office hosted four exhibits on the Booster Clubhouse, the Ashland Knitting Company, the old school building, and Highland Street. The Booster Clubhouse photos were also displayed at the Veterans Day concert to raise money for the kitchen renovations at the Clubhouse, while the old school photos were shown at Christmas Night in Ashland. Enlarged historic photos from our collection were displayed at the Ashland School to illustrate this year's interdisciplinary theme of Communication. Many historic photos have also been added to the Historic Society's website.

The Society sponsored six free programs on state and local history. They included talks on Indian archaeology in New Hampshire, the Laconia State School, and the railroads of the Lakes Regions, and a living history performance on Sarah Josepha Hale. Alex Ray spoke on his reuse of historic buildings in Ashland and other New Hampshire towns. A program was presented on the history of the Booster Clubhouse to make the building's 60<sup>th</sup> anniversary.

Our collection and archives continue to grow. One long-term project has been to copy news items from the local newspapers. We now have files of the items about Holderness from 1848, when the Laconia newspapers began, through 1868, when Ashland separated, and items about Ashland from 1868 through 1911.

The Ashland Historical Society could not continue its museum operations and its programs and projects without the help of many who have donated their time, effort and money. We thank them all for their contributions.

**ASHLAND HISTORIC COMMISSION**

Submitted by Robert Hicks, Claire Hicks, Beth Bartlett

Ashland's historic cemeteries were cleaned and trimmed during the year.

Ashland's oldest cemetery, The Church Hill Cemetery established in 1771 was for years an isolated burial ground located off Route 175. Here you will find the burial sites of one of the first three selectmen, Charles Cox and his wife Mary along with Captain Joseph Shepard, who fought in the Revolutionary war, and his wife Esther. There are seventeen graves, most with just a fieldstone to mark their resting-place.

A new road (Blue Sky Drive) off Route 175 now makes this historical cemetery accessible. Property owner Don Latulippe has offered to improve the fence and landscape leading to the cemetery.

The following is a complete list of Ashland's abandoned cemeteries; all are located on private property.

The Church Hill Cemetery located on Blue Sky Drive.  
Ruben Whitten Cemetery off Highland Street  
Hicks Hill Cemetery off Hicks Hill Road  
The Mooney Cemetery off Thompson Street  
Owl Brook Cemetery off Owl Brook Road.  
Baker Cemetery off Harold Avery Road  
Howe-Clark Cemetery off Leavitt Hill Road

**ASHLAND FOURTH OF JULY REPORT**

Submitted by Patricia Heinz, Chairman

The Grand Marshall for this year was Alex Ray. He wanted no fan fare so he rode his bicycle. Alex was honored for all the hard work and dedication to the Fourth of July Celebration. We use his equipment, his chefs and we use his vendors to supply some of the food for the event. We also use some of the *Common Man Restaurant*. Again thank you Alex.

The town budget committee cut out their donation for the Fourth, as we didn't use the 2008 town donation. There are about five active members of the Fourth of July committee and we raised \$18,937.08 and our expenditures were \$16,636.86. The expenditures will go up this year because of the amount of people who attended in 2008. The only tax money that is used is for fire and police coverage.

Again, the Fourth of July Committee needs people to be able to continue the Celebration. We usually meet the second Tuesday of the month at the Common Man.

I would like to thank the following people for their dedication, who have made the past celebrations so successful – Electric Department, Highway Department, Police Department, Fire Department, Water Department, Selectperson Jeanette I. Stewart, Alex Ray, Jason Lyons, Mary Ruell, Caroline Gosse, Nancy Cross, Phyllis Reitsma, Jim Gleich, Glenn Dion, Wilma Garland, Patricia Holland, Connie Ross, Danny Uhlman, Lynn Uhlman and family, and Doug Woodbury.

**ASHLAND MEMORIAL PARK REPORT**

Submitted by Chairman Marion Merrill, Mary Ruell, Ernest Hutter, Philip Preston

The general decline in value of investments in the country was becoming clear as early as the fall of 2007 when the Park Trustees and the Town Trustees agreed to withdraw earnings to insure minimum maintenance for 2008. Because of the high cost of improvements (e.g., stairways and paving as much as \$45,000), the only improvement made this year was the planting of two shrubs along the boundary line.

We want to acknowledge the cooperation of Town departments as needed, as well as the assistance of Bradley Wolff and Eighth graders, who spent time last spring cleaning the park, especially along the river edge.

We trust that 2009 will be much kinder.

### CONSERVATION COMMISSION

Submitted by Renee Liebert, Chairman, Terry Myshrall, Mark Schultz, Stacy Luke, John Lennon

2008 was an educational year for the Conservation Commission. As each of us is brand new to the Commission, we spent a good deal of time learning about our responsibilities, as well as discussing potential conservation projects within the Town.

In November, we attended the New Hampshire Association of Conservation Commissions Annual Meeting. Each Commissioner attended different workshops. Some of the topics include wetlands, shore land protection, night time lighting, reading engineering plans, as well as an introduction to being a Conservation Commissioner. The consensus was that this was a very helpful meeting and we are planning to attend again in 2009.

Some of the projects we are currently working on include posting the two scenic roads within the Town, developing an informational brochure for landowners interested in conserving their property, and developing a natural resources inventory for the Town. A natural resources inventory is basically a database of all the natural resources within the Town including wildlife, wetlands, forest, lakes, rivers, trails, etc. Information provided by citizens of Ashland, as well as maps and data from area conservation organizations will be helpful in this endeavor.

This spring, we are planning to sponsor a Town-wide clean-up day and we are also researching the possibility of holding a farmers market this summer.

We are always interested in hearing from the citizens of Ashland. We want to know what is important to you when it comes to conservation. Please feel free to email us at [conservation@ashland.nh.gov](mailto:conservation@ashland.nh.gov), or please come to one of our meetings. We meet the first Wednesday of the month at 6:30 p.m. at the Ashland Town Hall. We hope to see you there!

**PEMI-BAKER HOME HEALTH AND HOSPICE  
2008 ANNUAL REPORT**

Pemi-Baker Home Health and Hospice strives to provide the citizens of Ashland with a multitude of services and programs. Key initiatives during 2008 have been.....

- ❖ Implementing a Hospice Bereavement Program. This program continues with the families after the patient passes away.
- ❖ Performing a total of 1,761 visits for 62 patients in Ashland.
- ❖ Hosting two flu clinics in October at our facility for all community residents.
- ❖ Holding the annual Hospice Memorial service on September 23, 2008 at 3:00 PM at The Starr King Unitarian Universalist Fellowship Church on Fairgrounds Road in Plymouth'
- ❖ Monthly Foot Care Clinics at the Plymouth Regional Senior Center for local community members for the purpose of grooming toenails and recommendations to physicians if necessary.
- ❖ Monthly Blood Pressure Clinics at the Plymouth Regional Senior Center for local community members to help promote healthy living.
- ❖ Community outreach programs included a two part series on Firm Footing and Fall Risk screening to further assist community members in achieving optimal health.

We appreciate and thank you for your ongoing loyal support of our services and our staff.

Respectfully Submitted,

Scott Meyer, MSW, Ph.D., Interim Executive Director

**RAYMOND S. BURTON, EXECUTIVE COUNCILOR**

As I start my 31<sup>st</sup> and 32<sup>nd</sup> years of service to this large Northern Council District, I am hopeful and excited for new opportunities for rural America. With a new administration in Washington, new economic programs are in the future. Our role at the state, county and local level is to have justified applications that will be used to stimulate job retention and creation. County and regional economic development councils coupled with community action agencies will be putting these new initiatives to work.

The NH congressional Delegation – Senator Judd Gregg, Senator Jeanne Shaheen, Congressman Paul Hodes and Congresswoman Carol Shea Porter joining other Northeastern states of Maine, Vermont, New York and other New England Congressman can cause new resources to become available. I urge that we, at the state, county and local levels of government, step up with our concerns and let them know our needs.

2009 will start another year of the 10-year NH Highway Transportation Planning process working through the Regional Planning Commissions. Transportation Enhancement and Congestion Mitigation Air quality grants are back in play. Contact William Watson at NH DOT for details at 271-3344 or [bwatson@dot.state.nh.us](mailto:bwatson@dot.state.nh.us).

The 2009 session of the NH House and Senate will be a trying time with proposed cutbacks and how to still provide and meet constitutional and statutory needs. Be watchful of proposed legislation passing costs to county and local levels of government. Stay close to your local state senator and house members.

The Governor and Council are always looking for volunteers to serve on the dozens of boards and commissions. If you are interested please send your resume to Governor John Lynch, State House, 107 North Main Street, Concord, NH 03301 attention Jennifer Kuzma, Director of Appointments/Liasion or at 603-271-2121. A complete list is available at the NH Secretary of State website at [www.sos.nh.gov/redbook/index.htm](http://www.sos.nh.gov/redbook/index.htm).

My office has available information items; NH Constitutions, tourist maps, consumer handbooks etc. I send, via email, a Monday morning schedule. Send me your email address to be added to the list if you like at [rburton@nh.gov](mailto:rburton@nh.gov).

Please contact my office anytime I can be of assistance to you.

338 River Road – Bath, NH 03740 – 603-747-3662

## LAKES REGION PLANNING COMMISSION

The Lakes Region continues to grow and evolve. Homes and businesses have expanded along major roadways, and many of our communities have experienced dramatic changes. The Lakes Region Planning Commission (LRPC) is an organization established to provide area communities and region with the capability to respond to and shape the pressures of change in a purposeful way. With a service area covering over 1,200 square miles in Belknap, Carroll, Grafton and Merrimack Counties, the LRPC provides a wide range of planning services to member municipalities. The Commission offers direct and support services including technical assistance, geographic information systems, transportation planning, land use, environmental planning, hazard planning and economic development. Local, state, and federal resources primarily fund the LRPC. We also maintain a regular dialogue with state agencies as a resource for the entire Lakes Region. Our overall goal is to provide support, knowledge, and leadership to the governments, businesses, and citizens of the Lakes Region.

Some of the focus areas and services provided on behalf of the town of Ashland and region in the past fiscal year:

### LOCAL

- ❖ Completed a detailed inventory of local roads.
- ❖ Met with officials to review zoning maps and gather zoning updates to determine the effect of the Comprehensive Shoreline Protection Act.
- ❖ Prepared a display map of natural resources and updated the town zoning map.
- ❖ Distributed many copies of the NH Planning and Land Use Regulation books to member planning boards at considerable savings.
- ❖ Organized and hosted three public Municipal Law Lectures, in cooperation with the NH Local Government Center, where practicing attorneys provide a legal perspective on local planning, zoning, and other municipal issues.

### LAND USE

- ❖ Responded daily to requests from local communities for land use, transportation, environmental, and other information and guidance.
- ❖ Prepared master plans, capital improvement programs, zoning ordinances, subdivision regulations, and related services for several communities.
- ❖ Maintained circuit rider planning services for municipalities interested in assistance with development proposals.
- ❖ Developed a website of electronic documents to facilitate the outreach/education component of the *Innovative Land Use Guide* project, completed by the nine regional planning commissions and the NH Department of Environmental Services.

### TRANSPORTATION

- ❖ Developed an update of the top regional transportation priorities, in cooperation with area communities, and submitted them to the NHDOT for review and consideration.
- ❖ Convened several meetings of the LRPC Transportation Advisory Committee (TAC) to enhance local involvement in transportation planning and project development.
- ❖ Conducted over 160 traffic counts around the region and prepared and updated several local road inventories, on a town-by-town basis, that will be used by the DOT and the municipalities.
- ❖ Presented testimony to the Governor's Advisory Commission on Intermodal Transportation to retain all Lakes Region projects in the state's Ten Year Plan.

### HOUSING

- ❖ Completed and distributed the 2008 Development Activity in the Lakes Region report on Lakes Region residential and commercial development trends. Prepared and distributed a new development survey for 2008-2009.
- ❖ Staff became qualified by the NH Housing Finance Authority to help communities implement the new Workforce Housing Law.

### ECONOMIC DEVELOPMENT

- ❖ Awarded \$50,000 from the U.S. Economic Development Administration to prepare a Comprehensive Economic Development Strategy (CEDS) for the Lakes Region. An approved CEDS will provide communities with access to EDA funding for infrastructure and economic development projects.
- ❖ Continue to work with area economic development groups including Belknap County Economic Development Council, Grafton County Economic Development Council, Franklin Business and Industrial Development Corporation, and the Wentworth Economic Development Council.

### NATURAL RESOURCES

- ❖ Planned and coordinated the 22nd annual household hazardous waste collection in the Lakes Region with 1,500 households from 23 communities participating at 8 collection sites. An estimated 19,000 total gallons of waste were collected, containerized, and transported to EPA approved end-of-life locations.
- ❖ Continue to provide assistance to the Pemigewasset Local River Advisory Committee.
- ❖ Participated in a number of meetings related to: source water protection, proper disposal of pharmaceuticals and personal care products, low impact development benefits to ground water, and how to implement ground water protection ordinances with municipalities.
- ❖ Continue to represent the region at meetings of the Lakes Region Household Hazardous Product Facility to explore the ways and means the facility may encourage other communities to participate.
- ❖ Created a series of web pages to provide an overview of various energy topics including: solar, geothermal, biomass, wind, and hydro-power.
- ❖ Hosted a training session for Volunteer River Assessment Program (VRAP) water quality monitors.
- ❖ Received funding assistance from the NH Department of Environmental Services to conduct the first phase of the Lakes Winnepesaukee Watershed Management Plan. Project partners include Lake Winnepesaukee Watershed Association, the University of New Hampshire, Plymouth State University, and the North Country Resource Conservation and Development Area Council.

### NATURAL HAZARDS

- ❖ Secured funding from the NH Department of Homeland Security and Emergency Management (HSEM) to prepare all hazard management plans for Lakes Region communities.
- ❖ Attended training to prepare local emergency operation plans (LEOP).

### REGIONAL CONCERNS

- ❖ Completed an overhaul of the LRPC website, [www.lakesrpc.org](http://www.lakesrpc.org), added many new features to facilitate access to on-line images for each municipality, recent publications, latest news, etc.
- ❖ Convened six Commission meetings that featured a diverse range of topics: NH Rail Transit Authority, the Downeaster, NH Rail Service, and Next Steps; Viewshed Management and Steep Slope Protection in the Lakes Region; Incentives for Housing, Smart Growth, and Conservation; Transportation Plans/Projects; Comprehensive Shoreland Protection Act: Its Future and Current Status.
- ❖ Reviewed project proposals through the NH Intergovernmental Review Agreement having a combined investment total greater than \$55 million in the Lakes Region.

**PEMIGEWASSET RIVER LOCAL ADVISORY COMMITTEE**

Submitted by Max Stamp, PRLAC Chairman

PRLAC is one of 15 Local Advisory Committees working on designated rivers around the state. Our focus continues to be water quality in the Pemigewasset River. Bi-weekly monitoring from April to mid September continues to provide a strong (now 6 years) base of water quality data. This data is used to satisfy the state's reporting requirements to the US Environmental Protection Agency under the Clean Water Act. Although currently limited to 8 sites – Thornton through Bristol – our data should provide a signal for early signs of potential impairment. Spikes of E coli runoff pollution have been noted after significant rain events. A critical step in mitigating this runoff problem is the revised Comprehensive Shoreland Protection Act (RSA 483B) which protects the Pemi as of 7/1/08. CSPA includes improved buffer management and more attention to the potential impact of impervious surfaces resulting from development in the 250' protected shoreland area. PRLAC is now asked to review and comment on all such development applications.

For the first time in our history, PRLAC has been forced to ask Pemi corridor towns for a financial assistance in keeping our basic monitoring activity up and running. Historically we have been funded by NH's Department of Environmental Services through the Lakes Region Planning Commission (LRPC). The state is no longer a reliable source of basic funding so we are asking each Pemi town to commit \$200 annually to our program.

Emphasis in 2009 will be on a) expanding water quality monitoring (*E coli*) if lab test costs can be funded, b) milfoil control, c) review of shoreland development permit applications and certain other applications with water quality implications (8 projects reviewed in 2008), d) following up on LRPC's Co-Occurrence Mapping and Analysis project, identifying aquatic resource conservation opportunities that might attract state funds accumulating under the state's Aquatic Resource Mitigation Fund (currently \$80,000 available for the Pemi watershed).

We have representatives from all towns from Thornton through Bristol except for Ashland and Bridgewater. In October, the efforts of PRLAC and other Local Advisory Committees were recognized with the Volunteer NH! Champions Award. We meet the last Tuesday of most months on the campus of PSU. Call Max Stamp 744-8223 for details if you are interested in attending.

**Pemi-Baker Solid Waste District 2008 Annual Report**

Submitted by Robert J. Berti, Chairman

The Pemi-Baker Solid Waste District met five (5) times during 2008. This past year District programs provided residents access for proper disposal of their household hazardous wastes (HHW), paint, fluorescent light bulbs, antifreeze and rechargeable batteries.

The District held two one-day HHW collections in 2008 (Lisbon and Plymouth). 204 vehicles serving an estimated 490 residents took part in the "program". This was an increase of 24 vehicles from 2007. There were also towns that brought waste that had been dropped off at their transfer stations since the last collections held in the fall of '07.

The total cost for the one-day collection program was \$28,680, which was a 27% increase from 2007. Income to offset this expenditure was received from participating non-District towns (\$2,875) and the NHDES HHW grant program (\$7,300), resulting in a net cost of \$18,505. The cost increase for the 2008 program can be attributed to three factors; (1) An increase in the amount of non-processable paints collected, (2) an increase in the amount of pesticides collected, and (3) a significant increase in the charges associated with the Materials Recovery Fee (MRF) – see table 5. The MRF correlates with the price of diesel fuel. Due to high diesel prices at the time of the collections, the District was assessed a fee rate of 17.5%. The rise in the amount of money the District has paid in MRFs in recent years is a concern. As part of a coordinated program with North Country Council (NCC), the District will be looking at proposals from a number of HHW contractors to determine if there are more cost effective means to manage the one-day collection program in 2009.

An estimated 37,100 pounds of material was collected in this year's program, approximately 7% more than in 2007. The cost per pound was \$.77.

In 2009, residents from District communities will be able to participate in at least two one-day collections. NCC is hoping to secure a third location as well. The exact dates and locations have not been set at this time, but the collections will be held sometime in late summer or early fall. In conjunction with the one-day collection program, many towns collected paint, used-oil, fluorescent light bulbs, antifreeze and rechargeable batteries at their municipal facilities. These programs typically provide less expensive recycling options while offering residents more opportunities to properly dispose of their hazardous materials. Residents should contact their local recycling center or town office to see what programs are available in their community.

The District dealt with legislative issues as well. HB 1429, which would have impacted landfill operations in New Hampshire, posed serious concerns to the District. As drafted, HB 1429 had the potential to decrease landfill capacity in the State, decreasing competition, which could lead to higher disposal and transportation costs. The District sent a letter to the Senate Energy, Environment and Economic Development Committee in opposition to HB 1429 and some members testified in opposition as well. The bill reemerged from committee hearings as HB 1471, a directive to the Department of Environmental Services to prepare a plan and proposal for legislative action in the 2009 legislative session addressing a number of items relating to solid waste management.

2009 will likely be a challenging year for many municipal recycling programs as they deal with budget issues and the recent slump in the prices paid for recyclables. However, the District is very fortunate to have a knowledgeable and innovative group of facility operators and committee representatives. If your town has questions, issues, or concerns you would like to address please be sure to use the resources you have at your availability. Citizens interested in participating in the development of the District's programs are also welcomed to attend the District meetings. Information regarding the place and time of the meetings is available at all municipal offices or at NCC.

**\*SOURCE - LGC PROPERTY SCHEDULE**

**TOWN CLERK AND TAX COLLECTOR REPORT**

Submitted by Patricia Tucker

Getting new plates and doing renewals became a one stop operation in Ashland this year. Pat and I are pleased to be able to offer this service to the residents.

The clerk's office is open Monday through Friday, located at the town hall and is a very busy place. We are responsible for the keeping of town records, minutes of meetings of the various commissions and boards are kept by the clerk. This year the voters of Ashland had the opportunity to cast their ballot four times. We had the Presidential Primary, our local elections and voting on the budget and various warrant articles, the State Primary and the General Election. Over one thousand ballots were cast for the general election, as we exercised our right to vote for the next president of the United States. This was a very busy day and with the help of election officials and the cooperation of the voters it was a great day. Residents can register to vote at the town clerk's office with proof of residency and identification.

The clerk's office issues dog licenses (the law in the State of New Hampshire). Licenses are renewable each year by April 30. 2009 tags became available in January. There are fines that are assessed if a dog owner does not comply with the law.

This office can issue marriage licenses, certified birth, death, divorce and marriage certificates (with some exceptions).

<u>2008 Revenue</u>	
Motor Vehicle Registrations	\$295,043.33
Dog Licenses	\$ 1,852.50
Certified Copies	\$ 714.00
Misc. Income	\$ 1,069.00

As tax collector, if the Board of Selectmen gives me a warrant (list of taxes due) I must collect. The warrants could be for property tax, timber tax, excavation tax, or land use change tax. Interest and penalties are assessed for those who do not comply with the laws regarding the payment of tax bills. Tax liens (which the Town of Ashland holds) are placed on unpaid previous years taxes. As collector, I usually perfect the liens in May. The duties of the tax collector are listed in the RSA's (laws of the State of New Hampshire). Taxpayers can make payments to the town in any amount, at any time during the year.

This year I completed my certification class as both Town Clerk and Tax Collector. I thank all those who come to the counter, as I enjoy serving each and every one of you.

To the Commissioners  
Ashland, New Hampshire

INDEPENDENT AUDITORS' REPORT

We have audited the accompanying financial statements of the Water, Sewer and Electric Department Proprietary Funds of the Town of Ashland, New Hampshire, as of and for the year ended December 31, 2008, as listed in the table of contents. These financial statements are the responsibility of the Town of Ashland, New Hampshire Proprietary Funds' management. Our responsibility is to express an opinion on these fund financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. These standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

As discussed in the notes to financial statements, the financial statements present only the Water, Sewer and Electric Department Enterprise Funds, and do not purport to, and do not, present fairly the financial position of the Town of Ashland, New Hampshire, as of December 31, 2008, and the changes in its financial position and cash flows, where applicable, for the year then ended in conformity with accounting principles generally accepted in the United States of America.

The Water, Sewer and Electric Department Enterprise Funds of the Town of Ashland, New Hampshire, has not presented management discussion and analysis that accounting principles generally accepted in the United States has determined is necessary to supplement, although not required to be part of, the basic financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the Water, Sewer and Electric Department Proprietary Funds of the Town of Ashland, New Hampshire, as of December 31, 2008, and the changes in financial position and cash flows thereof for the year then ended in conformity with accounting principles generally accepted in the United States of America.

Our audit was performed for the purpose of forming an opinion on the basic financial statements taken as a whole. The accompanying combining financial statements listed in the table of contents are presented for purposes of additional analysis and are not a required part of the enterprise fund financial statements. Such information has been subjected to the auditing procedures applied in the audit of the enterprise fund financial statements and, in our opinion, is fairly presented, in all material respects in relation to the financial statements taken as a whole.

**2009**

TOWN  
WARRANT  
AND  
BUDGET

**TOWN OF ASHLAND  
STATE OF NEW HAMPSHIRE  
WARRANT – YEAR 2009**

To the Inhabitants of the Town of Ashland, in the County of Grafton in said State, qualified to vote in Town Affairs:

You are hereby notified to meet at the Ashland School Gymnasium, 27 Highland Street in said Town on Saturday, February 7, 2009 at 1:00 PM for the Deliberative Session, to discuss or amend the following articles. Vote by official ballot on all warrant articles will take place on March 10, 2009 at the Ashland School Gymnasium, 27 Highland Street. **Polls will be open from 9:00 AM and will close no earlier than 7:00 PM.**

**Article 1:**

To choose all of the following officers for the year ensuing:

- (1) Selectman for three year term
- (1) Selectman for one year term
- (1) Police Chief for two-year term
- (1) Town Trustee of the Trust Funds for three-year term
- (1) Library Trustee for three-year term
- (1) Electric Commissioner for three-year term
- (1) Water and Sewer Commissioner for three year term
- (2) Budget Committee member for three-year term
- (1) Budget Committee member for two year term
- (1) Budget Committee member for one year term

**Article 2: Zoning**

Amendment #1: Are you in favor of the adoption of Amendment No. 1 as proposed by the planning board for the town zoning ordinance as follows: Amend Article 2.3d to permit back lots (so-called flag or hammerhead lots) that have access to a public road by a private right of way that is at least 50 feet wide?

Amendment #2: Are you in favor of the adoption of Amendment No. 2 as proposed by the planning board for the town zoning ordinance as follows: Amend Article 2.3e to replace the prior density requirements for the commercial and village residential zones having town sewer and water with requirements of at least 5,000 square feet of land area per dwelling unit with a maximum of 4 bedrooms, 3,750 square feet per dwelling unit with a maximum of 3 bedrooms, and 2,500 square feet per dwelling unit with 1 or 2 bedrooms? This amendment would further provide that the minimum square footages described above would apply only to the first 3 dwelling units on a lot. Each additional dwelling unit of up to 4 bedrooms would require a minimum of 5,000 square feet of land area, with an additional 1,250 square feet required for each additional bedroom above 4.

Amendment #3: Are you in favor of the adoption of Amendment No. 3 as proposed by the planning board for the town zoning ordinance as follows: Add Article 2.4d to prohibit lots without town sewer from using slopes greater than 25%, areas of exposed ledge, wetlands, fill materials, and areas unsuitable for septic placement in determining countable area for minimum lot size?

**Article #3:**

Shall the Town of Ashland raise and appropriate as an operating budget not including appropriations by special warrant articles and other appropriations voted separately, the amount set forth on the budget posted with the warrant or as amended by vote of the first session, for the purposes set forth therein, totaling \$6,363,405. Should this article be defeated, the default budget shall be \$6,138,379 which is the same as last year, with certain adjustments required by previous action of the Town of Ashland or by law; or the governing body may hold one special meeting, in accordance with RSA 40:13 X and XVI to take up the issue of a revised operating budget only.

**Article #4:**

To see if the Town will vote to raise and appropriate the sum of four-hundred nineteen thousand three-hundred forty nine dollars (\$419,349) for the construction, any costs related to construction and easement, engineering, and other costs related to securing State and Federal permits, for the replacement of the River Street Bridge. Of that amount, 80% (approximately \$335,479) shall be reimbursed to the Town as Bridge Aid from the State of NH. Further, to authorize the withdrawal of the balance of \$72,000 from the River Street Bridge Capital Reserve Fund established in 2004 for that purpose. The **balance of eleven thousand eight hundred and seventy dollars (\$11,870) is to be raised from taxation.** The board of selectmen voted 5-0 to recommend this article. The budget committee voted 8-0 to recommend this article. (Majority Vote Required)

**Article #5**

To see if the Town will vote to discontinue the River Street Bridge Capital Reserve Fund created in 2004 should River Street Bridge Reconstruction – Article #4 pass. Said funds, with accumulated interest to date of withdrawal, are to be transferred to the municipality's general fund. The board of selectmen voted 5-0 to recommend this article. The budget committee voted 8-0 to recommend this article. (Majority Vote Required)

**Article #6**

To see if the Town will vote to change the purpose of the existing Employee Disability Payment Fund to an Employee Compensated Benefit Fund and to appoint the Selectmen as agents to expend funds from said Fund. The board of selectmen voted 5-0 to recommend this article. The budget committee voted 5-1-2 to recommend this article. (2/3 majority Vote required).

**Article #7**

To see if the Town will vote to raise and appropriate the sum of one hundred thousand dollars (\$100,000) to reconstruct a portion of Sanborn Road. This will be a non-lapsing appropriation per RSA 32:7, VI and will not lapse until the construction is completed or by December 31, 2011 whichever occurs first. The board of selectmen voted 4-0 not to recommend this article. The budget committee voted 5-3 to recommend this article. (Majority Vote Required)

#### **Article #8**

To see if the Town will vote to raise and appropriate the sum of thirty-five thousand dollars (\$35,000) to provide funding for repair and reconstruction of the roof of the Squam River Covered Bridge. This will be a non-lapsing appropriation per RSA 32:7, VI and will not lapse until the construction is completed or by December 31, 2011 whichever occurs first. The board of selectmen voted 3-1 to recommend this article. The budget committee voted 5-2-1 to recommend this article. (Majority Vote Required)

#### **Article #9**

To see if the Town will vote to raise and appropriate the sum of nineteen thousand dollars (\$19,000) to purchase a replacement engine for the Town Highway Department grader. The board of selectmen voted 3-1 not to recommend this article. The budget committee vote 7-0-1 to recommend this article. (Majority Vote Required)

#### **Article #10**

To see if the Town will vote to raise and appropriate the sum of one-hundred twenty-four thousand dollars (\$124,000) to purchase a sidewalk plow and to fund this appropriation by authorizing the withdrawal of thirty-five thousand (\$35,000) from the Highway Sidewalk Plow Capital Reserve Fund. The balance of eighty-nine thousand dollars (\$89,000) is to be raised from taxation. This will be a non-lapsing appropriation per RSA 32:7, VI and will not lapse until the plow is purchased or by December 31, 2011 whichever occurs first. The board of selectmen voted 4-0 not to recommend this article. The budget committee voted 5-3 to recommend this article (Majority Vote Required).

#### **Article #11**

To see if the Town will vote to discontinue the Highway Sidewalk Plow Capital Reserve Fund should Sidewalk Plow – Article #10 pass. Said funds, with accumulated interest to date of withdrawal, are to be transferred to the municipality's general fund. The board of selectmen voted 5-0 to recommend this article. The budget committee voted 5-3 to recommend this article. (Majority Vote Required).

#### **Article #12**

To see if the Town will vote to create a Police Department Vehicle Capital Reserve Fund under the provisions of RSA 35:1 for the purpose of purchasing a police vehicle in the future, to raise and appropriate the sum of five thousand dollars (\$5,000) to be deposited into that fund and to appoint the Selectmen as agents to expend funds from said Fund. The amount of the appropriation is to be raised from taxation. The board of selectmen voted 4-0 not to recommend this article. The budget committee voted 5-2-1 not to recommend this article (Majority Vote Required).

#### **Article #13**

To see if the Town will vote to raise and appropriate the sum of forty-six thousand dollars (\$46,000) for the purchase, installation, and other ancillary expenses relating to installation of an air exchange/exhaust for the Town Fire Department. Of that amount, forty thousand three-hundred and seventy-five dollars (\$40,375) shall be received from Department of Homeland Security – FEMA grant with the balance of five thousand-six hundred twenty-five dollars (\$5,625)

to be raised from taxation. This will be a non-lapsing appropriation per RSA 32:7, VI and will not lapse until the installation is completed or by December 31, 2011 whichever occurs first. The board of selectmen does recommend this article. The board of selectmen voted 5-0 to recommend this article. The budget committee voted 8-0 to recommend this article (Majority Vote Required).

**Article #14**

**Submitted by petition:** Shall the Town of Ashland employ a full time paid fire chief and raise and appropriate \$25,000.00 to compensate that full time paid fire chief in 2009, instead of continuing to utilize the services of a part time on-call fire chief. The board of selectmen voted 3-1 not to recommend this article. The budget committee voted 6-0-2 to recommend this article (Majority vote required)

**Article #15**

**Submitted by petition:** Shall the Town of Ashland authorize the Commissioners of the Town Electric Department to transfer, sell, convey, dispose, or assign all of the real and personal property and rights constituting the Squam Lake Dam hydroelectric generating facility, located at the outlet of Little Squam Lake, including a Lease Agreement between the Town Electric Department and the State of New Hampshire dated May 27, 1981, with terms and conditions to be determined by the Commissioners of the Town Electric Department. (Majority vote required)

**Article #16**

**Submitted by petition:** To see if the Town will vote to raise and appropriate the sum of thirty thousand dollars (\$30,000) to come from general taxation to purchase two electric generators, one to be installed at the Town Garage and the other to be installed at the Town Fire Department. The board of selectmen voted 4-0 not to recommend this article. The budget committee voted 7-1 to recommend this article (Majority vote required)

**Article #17**

**Submitted by petition:** If funding for Grafton County Senior Citizens Council, Inc's services for Ashland residents is not approved through the regular Town Budget process, we request that \$5,000 be allocated to Grafton County Senior Citizens Council, Inc. for services for Ashland Residents in 2009. These services include congregate meals, home delivered meals, transportation, outreach support, ServiceLink support, and more. In 2008 Grafton County Senior Citizens Council, Inc. provided services to 117 Ashland residents and the cost of providing these services was \$66,922.86. The board of selectmen voted 2-2 to recommend this article. The budget committee voted 6-2 to recommend this article (Majority vote required)

**Article #18**

To see if the town will vote to accept the reports of its boards, commissions, and officers for the year 2008 subject to corrections of errors when and if found.

**Article #19**

Are you in favor of amending Article 6 of the Town of Ashland Building Regulations to utilize the 2009 International Residential Codes?

**Article #20**

Are you in favor of amending Article 6 of the Town of Ashland Building Regulations to utilize the 2009 International Building Codes?

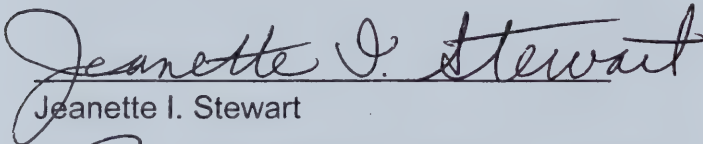

**Article #21**

To transact any other business that may legally come before said meeting.

**Article #3:**

Shall the Town of Ashland raise and appropriate as an operating budget not including appropriations by special warrant articles and other appropriations voted separately, the amount set forth on the budget posted with the warrant or as amended by vote of the first session, for the purposes set forth therein, totaling \$6,363,405. Should this article be defeated, the default budget shall be \$6,138,379 which is the same as last year, with certain adjustments required by previous action of the Town of Ashland or by law; or the governing body may hold one special meeting, in accordance with RSA 40:13 X and XVI to take up the issue of a revised operating budget only.

**Article #4:**

To see if the Town will vote to raise and appropriate the sum of four-hundred nineteen thousand three-hundred forty nine dollars (\$419,349) for the construction, any costs related to construction and easement, engineering, and other costs related to securing State and Federal permits, for the replacement of the River Street Bridge. Of that amount, 80% (approximately \$335,479) shall be reimbursed to the Town as Bridge Aid from the State of NH. Further, to authorize the withdrawal of the balance of \$72,000 from the River Street Bridge Capital Reserve Fund established in 2004 for that purpose. The **balance of eleven thousand eight hundred and seventy dollars (\$11,870) is to be raised from taxation.** The board of selectmen voted 5-0 to recommend this article. The budget committee voted 8-0 to recommend this article. (Majority Vote Required)

**Article #5**

To see if the Town will vote to discontinue the River Street Bridge Capital Reserve Fund created in 2004 should River Street Bridge Reconstruction – Article #4 pass. Said funds, with accumulated interest to date of withdrawal, are to be transferred to the municipality's general fund. The board of selectmen voted 5-0 to recommend this article. The budget committee voted 8-0 to recommend this article. (Majority Vote Required)

**Article #6**

To see if the Town will vote to change the purpose of the existing Employee Disability Payment Fund to an Employee Compensated Benefit Fund and to appoint the Selectmen as agents to expend funds from said Fund. The board of selectmen voted 5-0 to recommend this article. The budget committee voted 5-1-2 to recommend this article. (2/3 majority Vote required).

**Article #7**

To see if the Town will vote to raise and appropriate the sum of one hundred thousand dollars (\$100,000) to reconstruct a portion of Sanborn Road. This will be a non-lapsing appropriation per RSA 32:7, VI and will not lapse until the construction is completed or by December 31, 2011 whichever occurs first. The board of selectmen voted 4-0 not to recommend this article. The budget committee voted 5-3 to recommend this article. (Majority Vote Required)

**Article #8**

To see if the Town will vote to raise and appropriate the sum of thirty-five thousand dollars (\$35,000) to provide funding for repair and reconstruction of the roof of the Squam River Covered Bridge. This will be a non-lapsing appropriation per RSA 32:7, VI and will not lapse until the construction is completed or by December 31, 2011 whichever occurs first. The board of selectmen voted 3-1 to recommend this article. The budget committee voted 5-2-1 to recommend this article. (Majority Vote Required)

**Article #9**

To see if the Town will vote to raise and appropriate the sum not to exceed seven thousand dollars (\$7000) to purchase a replacement engine for the Town Highway Department grader. The board of selectmen voted 4-1 to recommend this article. The budget committee vote 6-0 to recommend this article. (Majority Vote Required)

**Article #10**

To see if the Town will vote to raise and appropriate the sum of one-hundred twenty-four thousand dollars (\$124,000) to purchase a sidewalk plow and to fund this appropriation by authorizing the withdrawal of thirty-five thousand (\$35,000) from the Highway Sidewalk Plow Capital Reserve Fund. The balance of eighty-nine thousand dollars (\$89,000) is to be raised from taxation. This will be a non-lapsing appropriation per RSA 32:7, VI and will not lapse until the plow is purchased or by December 31, 2011 whichever occurs first. The board of selectmen

voted 4-0 not to recommend this article. The budget committee voted 5-3 to recommend this article (Majority Vote Required).

**Article #11**

To see if the Town will vote to discontinue the Highway Sidewalk Plow Capital Reserve Fund should Sidewalk Plow – Article #10 pass. Said funds, with accumulated interest to date of withdrawal, are to be transferred to the municipality's general fund. The board of selectmen voted 5-0 to recommend this article. The budget committee voted 5-3 to recommend this article. (Majority Vote Required).

**Article #12**

To see if the Town will vote to create a Police Department Vehicle Capital Reserve Fund under the provisions of RSA 35:1 for the purpose of purchasing a police vehicle in the future, to raise and appropriate the sum of five thousand dollars (\$5,000) to be deposited into that fund and to appoint the Selectmen as agents to expend funds from said Fund. The amount of the appropriation is to be raised from taxation. The board of selectmen voted 4-0 not to recommend this article. The budget committee voted 5-2-1 not to recommend this article (Majority Vote Required).

**Article #13**

To see if the Town will vote to raise and appropriate the sum of forty-six thousand dollars (\$46,000) for the purchase, installation, and other ancillary expenses relating to installation of an air exchange/exhaust for the Town Fire Department. Of that amount, forty thousand three-hundred and seventy-five dollars (\$40,375) shall be received from Department of Homeland Security – FEMA grant with the **balance of five thousand-six hundred twenty-five dollars (\$5,625) to be raised from taxation**. This will be a non-lapsing appropriation per RSA 32:7, VI and will not lapse until the installation is completed or by December 31, 2011 whichever occurs first. The board of selectmen does recommend this article. The board of selectmen voted 5-0 to recommend this article. The budget committee voted 8-0 to recommend this article (Majority Vote Required).

**Article #14**

**Submitted by petition:** Shall the Town of Ashland employ a full time paid fire chief and raise and appropriate \$25,000.00 to compensate that full time paid fire chief in 2009, instead of continuing to utilize the services of a part time on-call fire chief. The board of selectmen voted 3-1 not to recommend this article. The budget committee voted 6-0-2 to recommend this article (Majority vote required)

**Article #15**

**Submitted by petition:** Shall the Town of Ashland authorize the Town to transfer, sell, convey, dispose, or assign all of the real and personal property and rights constituting the Squam Lake Dam hydroelectric generating facility, located at the outlet of Little Squam Lake, including a Lease Agreement between the Town Electric Department and the State of New Hampshire dated May 27, 1981, with terms and conditions to be determined by the Commissioners of the Town Electric Department.

**Article #16**

**Submitted by petition:** To see if the Town will vote to raise and appropriate the sum of thirty thousand dollars (\$30,000) to come from general taxation to purchase two electric generators, one to be installed at the Town Garage and the other to be installed at the Town Fire Department.

The board of selectmen voted 4-0 not to recommend this article. The budget committee voted 7-1 to recommend this article (Majority vote required)

**Article #17**

**Submitted by petition:** If funding for Grafton County Senior Citizens Council, Inc's services for Ashland residents is not approved through the regular Town Budget process, we request that \$5,000 be raised and appropriated for Grafton County Senior Citizens Council, Inc. for services for Ashland Residents in 2009. These services include congregate meals, home delivered meals, transportation, outreach support, ServiceLink support, and more. In 2008 Grafton County Senior Citizens Council, Inc. provided services to 117 Ashland residents and the cost of providing these services was \$66,922.86. The board of selectmen voted 2-2 to recommend this article. The budget committee voted 4-2 to recommend this article (Majority vote required)

**Article #18**

To see if the town will vote to accept the reports of its boards, commissions, and officers for the year 2008 subject to corrections of errors when and if found.

**Article #19**

Are you in favor of amending Article 6 of the Town of Ashland Building Regulations to utilize the 2009 International Residential Codes?

**Article #20**

Are you in favor of amending Article 6 of the Town of Ashland Building Regulations to utilize the 2009 International Building Codes?

**ZONING QUESTION BALLOT**  
**MARCH 10, 2009**

**Article 2: Zoning**

Amendment #1: Are you in favor of the adoption of Amendment No. 1 as proposed by the planning board for the town zoning ordinance as follows: Amend Article 2.3d to permit back lots (so-called flag or hammerhead lots) that have access to a public road by a private right of way that is at least 50 feet wide?

Amendment #2: Are you in favor of the adoption of Amendment No. 2 as proposed by the planning board for the town zoning ordinance as follows: Amend Article 2.3e to replace the prior density requirements for the commercial and village residential zones having town sewer and water with requirements of at least 5,000 square feet of land area per dwelling unit with a maximum of 4 bedrooms, 3,750 square feet per dwelling unit with a maximum of 3 bedrooms, and 2,500 square feet per dwelling unit with 1 or 2 bedrooms? This amendment would further provide that the minimum square footages described above would apply only to the first 3 dwelling units on a lot. Each additional dwelling unit of up to 4 bedrooms would require a minimum of 5,000 square feet of land area, with an additional 1,250 square feet required for each additional bedroom above 4.

Amendment #3: Are you in favor of the adoption of Amendment No. 3 as proposed by the planning board for the town zoning ordinance as follows: Add Article 2.4d to prohibit lots without town sewer from using slopes greater than 25%, areas of exposed ledge, wetlands, fill materials, and areas unsuitable for septic placement in determining countable area for minimum lot size?
