 - b. Since this was Beno Lamontagne's first meeting he was introduced to the other Economic Development Committee members.
 - c. Charlie Bozzello said that this committee has been approved to have a "minute taker" for our meetings. The town will work on getting a 2nd minute taker since frequently there are multiple meetings at the same time.
 - d. Charlie Bozzello said the Economic Development Committee has been approved for town emails which will be posted on the Ashland website.
 - e. Beno Lamontagne asked about the beach project. He has had discussions with the Department of Environmental Services and they are supportive of the project and should be brought in early. It is very important that this is a town project and not a commercial project to get the support of the state. When the town is ready, they should reach out to Adam Crepeau at the NH Department of Environmental Services.
 - f. The town will not be using any ARPA funds it requested to replace the bath house. The ARPA funds that the town did receive will be going to the Police radio project.
 - g. There is a public hearing on 1/27/24 to go over the new rates for the campground for the 2025 season.
 - h. There was general discussion on how and when the Economic Development Committee could apply for grants.
